RESOLUTION ON THE BOARD'S REPORT ON WARDS' AND ATTACHED ESTATES IN THE LOWER PROVINCES FOR THE YEAR 1899-1900.

REVENUE DEPARTMENT—LAND REVENUE.

Calcutta, the 27th November 1900.

RESOLUTION—No. 3571L.R.

READ—

Report of the Board of Revenue on Wards' and Attached Estates in the Lower Provinces for the year 1899-1900.

THE total number of estates of all descriptions under the management of the Board during the year 1899-1900 was 136 as compared with 135 in the preceding year, there being an increase of one in the number of Wards' estates. This total number was made up of 68 Wards' estates—57 estates managed under the Chota Nagpur Encumbered Estates Act, seven Trust and four Attached estates. Ten Wards' estates and eight Attached and Encumbered estates were under management for a portion of the year only.

2. *Revenue and cesses due to Government.*—The arrear demand from the estates under the management of the Board of Rs. 68,622, with the current demand of Rs. 55,24,103, made up a total of Rs. 55,92,725. Of this, Rs. 55,37,191 were paid and Rs. 55,468 remained outstanding, the balance of Rs. 66 being remitted. Arrears, amounting to Rs. 18,851, were due from the Patkum Estate in the district of Manbhum, the lessees of which—the Patkum Indigo and Trading Company—have persistently withheld payment of rent for several years past. The *ijara* lease will be brought to sale in execution of a decree obtained against the Company (which has lately gone into liquidation) for the arrears of rent due from the year 1305 (B.S.), and it is hoped that this result will put an end to the difficulties into which the default of the Company has for years past plunged the affairs of this estate. In the Barrabhum Estate Mr. Mathewson holds the greater portion under *patni* and *ijara* leases. Cesses are due from him, amounting to Rs. 10,247, but he represented his inability to realise the cesses payable to him by the *ghatwals* owing to their tenures not being saleable in execution of decrees for arrears; and the proceedings instituted for the sale of his *ijara* mahal under the certificate procedure have been temporarily stopped. The remaining principal defaulters, viz., Mohula, Sridharpur, Nawada, Mobarak Hossain, Chandragurh, and Hardi, paid their arrear dues after the close of the year.

3. *Rent and cesses due to superior landlords.*—The current demand of rent and cesses due to superior landlords amounted to Rs. 3,48,624, which, with the arrear demand of Rs. 54,484, made a total of Rs. 4,03,108 for payment. Of this, Rs. 3,36,748 were paid and Rs. 2,690 remitted, leaving a balance of Rs. 63,670. The payments amounted to 96·5 per cent. of the current and 83·5 per cent. of the gross demand as against 117·6 and 82·3 per cent., respectively, in the preceding year. More than two-thirds of the balance were due from six estates, viz., the Sridharpur Estate in Jessore (Rs. 50,619), the estate of Mrs. H. A. Lucas in Backergunge (Rs. 18,864), the Burdwan Raj (Rs. 8,950), the estate of Magun Das Rai in Chittagong (Rs 8,382), the Satkhira Estate in Khulna (Rs. 7,011), and the Kathamdiri Estate in Hazaribagh (Rs. 6,198). The balances due from the Sridharpur and Kathamdiri Estates could not be paid for want of funds. The balance in the estate of Mrs. H. A. Lucas, which was taken in charge on the 5th August 1899, was the result of the previous bad management of the estate. The balance in the Burdwan Raj is explained to be due, among other reasons, to ignorance of the names and addresses of the collecting *panchayets;* but, as pointed out last year, this information should have been obtained by a reference to the District Magistrate, and the repetition of this failure should not occur. In the estate of Magun Das Rai the balance has been found to be covered by excess payments in previous years on account of *noabad* tenures.

4. *Collection of rents and cesses.*—The progress made during the last five years in the collection of rent and cesses due to estates under the charge of the Board is shewn below:—

Year.	Demand.			Collections.			Percentage of—		Remissions.	Balances.
	Arrear.	Current.	Total.	Arrear.	Current.	Total.	Current collections on current demand.	Total collections on total demand.		
1	2	3	4	5	6	7	8	9	10	11
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.			Rs.	Rs.

1899-1900 ...	74,94,299	1,21,14,363	1,96,08,652*	37,73,707	77,15,823	1,14,89,530*	63·6	58·5	3,80,911*	77,06,188*

* Note.—The difference of Rs. 39,023 is due to the fact that in the Hatwa Estate the actual balance of the farming rent due from *thikadars* (*i.e.*, the gross rent of the villages less the commission payable to *thikadars*) has been shown, and in the Jogesrah Estate Rs. 15-15-3 was realised as rent from two raiyats by purchase of their holdings in execution of decrees.

This is a result which the Lieutenant-Governor has received with some disappointment, for though there were heavy losses from drought in the Chota Nagpur Division, and from floods and hail in Bhagalpur and Bihar; still the harvests of the province, on the whole, were fine, and from the famine in Western and Central India the prices of produce were more remunerative than usual to agriculturists. The Lieutenant-Governor, therefore, caused the district details to be examined with some care. The percentage of the gross collections of the year on the current rental demand (the best test in his judgment of estate work) in the several Divisions was as follows:—

Division.		Per cent.	Division.		Per cent.
Burdwan	...	99	Patna	...	89
Presidency	...	110	Bhagalpur	...	90
Rajshahi	...	107	Orissa	...	98
Dacca	...	109	Chota Nagpur	...	90
Chittagong	...	102			

The shortness of the collections was confined, therefore, to the three Divisions of Patna, Bhagalpur, and Chota Nagpur.

When the enquiry is pursued further, it appears that even in these Divisions, the results in the different districts varied materially. The percentages were as follows:—

	Per cent.
Patna Division—	
Patna District	112
Gaya ,, ...	104
Shahabad ,, ...	91
Saran ,, ...	64
Champaran ,, ...	97
Muzaffarpur ,, ...	101
Darbhanga ,, ...	89
Bhagalpur Division—

Chota Nagpur Division—	
Hazaribagh District	86
Ranchi ,, ...	86
Palamau ,, ...	83
Manbhum ,, ...	92
Singhbhum ,, ...	103

The districts, therefore, to which we look for explanation, are—

Shahabad ... }
Saran ... } in the Patna Division.
Darbhanga ... }

Bhagalpur ... in the Bhagalpur Division.

Ranchi ... }
Palamau ... } in the Chota Nagpur Division.
Manbhum ... }

When the estate details are in their turn examined in these several districts, the same differences are traced.

In the Shahabad district there are three estates under the Court of Wards with a gross rental of Rs. 81,274. On the smallest of these, Mahula, the collections were only 57 per cent. of the rental of Rs. 10,312; on the others, the percentage was 89 and 126. The Board quote the Collector's apology for Mahula. He presents no excuse. He admits the unsatisfactory result, and says he has put the estate under the Subdivisional Officer. The Lieutenant-Governor wishes he could admit this as sufficient. In the five years this estate has been under management, little more than half the rental has been collected; it is clear that the management has been most negligent and the supervision equally defective; and if the measure the Collector has now taken was a necessary and proper one, as it doubtless was, there is nothing to show why it was not taken years ago.

In the Saran district, all other estates in the Court of Wards are over-shadowed by the Hatwa Estate. In that great property, the collections came to only 63 per cent. of the rental. The Board have discussed at length the reasons of the shortcoming. They consider it to be partly due to a failure of the *bhadoi* crop. The failure was not so severe as to prevent the Court of Wards from collecting over 100 per cent. on the rental in two other estates in the same district. They consider that the orders of the Officiating Manager in September, practically suspending the collection of rents, and the approval of the Officiating Collector, were very indiscreet. The result amply confirms the opinion of the Board. In a season which, on the whole, was not unfavourable, one-third of the rents was not collected. The experience of other estates in the same district shows how unnecessary so exceptional a measure of leniency was, and the failure is the more serious because rents that are over largely in arrears are practically irrecoverable. The explanations, which the Board reproduce, disclose further ground for disquiet. The Manager reports that he returned from leave on the 23rd October. The state of the collections was put before him on the 16th November, and he at once withdrew the orders of his *locum tenens*. The Lieutenant-Governor cannot understand how it was possible for any Manager to be three weeks on duty without seeing the state of collections in his charge, or how he could be in ignorance for so long an interval of the momentous orders passed in his absence. Sir John Woodburn commented last year on the altogether inadequate information Commissioners received of the progress of collections in the Wards' Estates in their jurisdiction. He trusts it is not possible that, under the standing orders of the Court, Managers themselves have not constant and punctual knowledge of their subordinates work in the most important of all their duties.

In Bhagalpur, the deficit was in the Lachmipur Estate (percentage of collections 75), but the explanation is sufficient. The estate was restored to the proprietor during the year before collections were complete. Elsewhere in the district collections were excellent.

Lastly, the Lieutenant-Governor comes to the Chota Nagpur Division, in which bad harvests, leading in parts to actual famine, would ordinarily be an all-sufficient excuse. But an examination of details again led him to questions, which the Board's report does not answer. In the Hazaribagh district, there are the following anomalies:—

Estate.	Current rental. Rs.	Collection. Per cent.
Dhanwar	60,034	94
Parasawan	2,984	89
Barsote	14,869	103
Satgaon	10,683	58
Kathamdiri	18,525	12

Again, in the Ranchi District there are—

Estate.				
Jeria	...	...	33,774	89
Biru	...	...	18,739	90
Burway	...	...	14,405	81
Basia	...	...	9,598	74

In Manbhum there are—

Estate.				Current rental. Rs.	Collections. Per cent.
Barrabhum	...	...	...	28,038	121
Tundi	...	...	...	18,715	107
Hensla	...	...	...	3,293	66
Pandra	...	...	...	40,804	70
Bharamahal	...	...	...	4,733	60

The explanations of the District Officers have now been received.

Dhanwar, Parasawan, and Barsote are in the Giridhi tract of Hazaribagh, which was not affected by scarcity; Satgaon was restored to the proprietor before the completion of collections; Kathamdiri was leased before its assumption by the Court to men of straw, whom the Deputy Commissioner has taken measures to eject.

In Ranchi and Manbhum, the collections varied, and properly varied, according to the degree in which drought affected the crops. In Pandra, there were *patni* disputes which have yet to be settled. In Bharamahal, the actual management began in the middle of the year.

This examination has satisfied the Lieutenant-Governor. With the exception of the Hatwa and Mahula Estates, the work of the Court of Wards has been, in his opinion, most creditable to the management. But the exceptions illustrate the necessity on which he has laid repeated stress of close and constant supervision of the rent collections by the Manager and his superiors. So long as there is no suspicion that the rents are too high, or that the harvest has been materially damaged, it is the duty of the Manager in his trust for the owner of the estate to see that reasonable rents are punctually paid. It is, as the Lieutenant-Governor has said before, his duty in the interests of the tenants themselves. Weakness of collections at a time they can pay ends in embarrassments to them later on.

During the year under report the work of classifying the arrear balances and obtaining remission of those which were fictitious or hopelessly irrecoverable was not carried on generally with as much vigour as in the previous year. The total remissions amounted to Rs. 3,80,911 as against Rs. 11,68,448 in 1898-99. The Lieutenant-Governor has again to impress upon all Collectors and Managers the deep importance of regular systematic scrutiny of the arrears lists in the estates in their charge. There are items in all estates that are irrecoverable; amongst them, arrears which have resulted from bad harvests or losses of cattle, and which the tenant cannot pay without breaking. It is the duty of the management to see that claims in such cases are not pressed. On the other hand, pleas of this kind demand careful enquiry; the enquiry ought to be made, while verification is still easy; and every enquiry of the sort will give the Manager invaluable information as to the character and method of his subordinates' work. The Lieutenant-Governor, therefore, again asks that all Collectors will hold in view that an annual enquiry into the arrears list on each estate is just as essential a duty of the Manager as the collection of the current rents. In the Lachmipur Estate in Bhagalpur, with a current demand of Rs. 2,24,979, the balances amounted to Rs. 2,59,421, most of which are reported to be fictitious or irrecoverable. The change in management, perhaps, hampered adjustments. There are heavy arrears which need scrutiny in Lugma and Khagra; and in Maldwar and Narhan, it would appear that there is plenty of room for the removal of irrecoverable arrears. In the Burdwan Estate the unrealised balance due from the khas villages at the close of the year amounted to Rs. 8,57,558, including Rs. 53,804 barred by limitation. The corresponding figures last year were Rs. 8,49,593 and Rs. 25,935. The increase in the balance is stated to be due to increase in the demand, and to bad collections in the Sujamutha portion of the estate in Midnapore owing to defective drainage. This balance should be reduced, but the Lieutenant-Governor approves the action of the Board in refraining from compelling the reduction.

At the close of the year a total amount of Rs. 77,06,188 in all was due to the estates under management as compared with Rs. 70,65,771 in previous year, the increase being due to the falling off in the amount remitted and to the enormous increase in the balances of the Hatwa Estate.

5. *Debts due by estates.*—The estates which were under the Board's management for the entire year were indebted to a total amount at the commencement of the year of Rs. 1,24,01,758, while additional liabilities to the extent of Rs. 10,78,151 were ascertained to be due or were newly incurred during the year, making a total of Rs. 1,34,79,912. After deduction of the payments made, amounting to Rs. 12,59,599, and allowing for reduction of Rs. 16,789 by compromise, and the cancellation of Rs. 4,00,360 found to be fictitious, a balance of Rs. 1,18,03,164 remained outstanding at the close of the year, which was Rs. 2,96,472 less than the amount due at the close of 1898-99. The debts due by the Bettiah Estate amounted to Rs. 75,59,307 as against Rs. 80,99,433 at the close of the previous year. The major portion of the former sum represents the sterling debenture loan repayable by half yearly instalments.

The most notable failures to reduce debts occurred in Pandra (first and third kismuts), Nawada, Patkum, Biru, Khujwa, Mobarak Hossain, Kera (L. N. S.) and Kathamdiri; and in Bettiah, Pachete, Lachmipur, Sheohar, Katras, Satkhira, Karharbari, Dharguli, and Barrabhum. The recovery of rent from tenure-holders is specially difficult in the Chota Nagpur Division, and this fact, coupled with the scarcity, explains the presence of so many of the estates of that Division in these lists. The Nawada estate seems to be in great difficulties, and requires the careful attention of the Collector. The two estates in Saran of Khujwa and Mobarak Hossain are, it is known, difficult to manage satisfactorily.

6. *Management charges and rates.*—During the year under report the management charges rose in every Division, except Dacca and the Presidency, but satisfactory reasons for the increase are given by the Board in most cases. The cost of management in the estates under the charge of the Board, as a whole, excluding the cost of construction and repairs of office buildings, amounted to 7·3 per cent. of the total current demand for rent and cesses, as compared with 7 per cent. in 1898-99 and 6·9 in 1897-98. The increase of the already high management charges in Rahamatpur, Narhan, and Mohula, coincident with an apparent decrease in efficiency, is very far from satisfactory.

The accounts of the general rate for the year were as follows :—

	Rs.		Rs.		Rs.		Rs.
Estimated expenditure ...	1,50,400	Estimated income—		Actual income—		Expenditure ...	1,52,335
		Current demand ..	1,46,506	Current demand .	1,46,506		
		Surplus of 1898-99	6,377	Arrear demand ...	28,261		
		Total ...	1,52,883	Total ...	1,74,767		
				Collections ...	1,69,689		
		Surplus after deducting actual expenditure ...	548	Balance ...	5,078		

The greater portion of the balance has been recovered since the close of the year.

The accounts of the audit rate were as follows : —

	Rs.		Rs.		Rs.		Rs
Estimated expenditure ...	22,400	Estimated income—		Actual income—		Expenditure ...	19,770
		Real demand ..	18,385	Current demand	18,385		
		Surplus of 1898-1899	5,292	Arrear demand	9,480		
		Total ...	23,677	Total ...	27,865		
				Collections ...	20,387		
		Surplus after deducting actual expenditure ...	3,907	Balance . ..	7,478		

The arrears due from the estates are reported to be not recoverable until the amount due is notified by the Accountant-General.

7. During the year these estates expended Rs. 74,696 on subscriptions and donations to schools, Rs. 68,251 on subscriptions and donations to dispensaries, Rs. 4,54,624 on the maintenance of existings buildings, &c., and Rs. 2,99,023 on improvements.

The standard of expenditure for solvent estates proposed for schools is 1 per cent., and for works of improvement 3 per cent., but for the province as a whole, the results fell short of these requirements. The most striking failures

occurred in the Burdwan Raj, Syudpur, and the estates of Rajkrishna Banerjea, Magun Das Rai, and Fazl Ali Khan. Regarding the first-named estate, the Lieutenant-Governor is scarcely prepared to agree that the Raj has no obligations towards the raiyats of the *patni mahals*, because its income from them is fixed. This fact merely shares those obligations with the *patnidars*; and it is desirable that so patent a principle will no longer be disregarded in the otherwise excellent management of this great estate.

8. *Certificates.*—The total number of certificates filed was 8,935 as against 7,246 in 1898-99, the number having increased in all Divisions, except the Presidency, Dacca, and Chittagong. The greatest increase was in the Patna Division, largely owing to the completion of survey and settlement proceedings. The number of cases disposed of was greater than in the previous year (8,972 as compared with 6,530). Out of the total demand covered by the certificates filed, 41·7 per cent. was realised as compared with 37·5 during the previous year. The realisations were particularly poor in Narhan and Rorhung, and, in the case of the latter, an explanation is awaited. An increase in the number of certificates is from some points of view unsatisfactory; and they should not be filed unless there is a reasonable prospect of recovering the rent. In the remaining cases, where solvent tenants persist in refusing to pay, there is no excuse for failure to rigorously enforce them. On the whole, the Lieutenant-Governor is not satisfied with the results of the year, and trusts that there will be further improvement.

9. *Civil Suits*.—The number of civil suits filed increased from 3,553 in 1898-99 to 4,054 in 1899-1900, and the demand covered by them also increased from Rs. 4,95,768 to Rs. 5,20,731. For some years past Government has been enjoining the necessity for greater energy in the execution of decrees; but although the Board have drawn the special attention of the Commissioners to the matter, the Lieutenant-Governor regrets to find that out of Rs. 4,82,613 decreed, a sum of only Rs. 1,15,243, or 23·8 per cent., was recovered.

The opinion of the Board is as follows:—

"The Board fear that the difficulties of realisation by the agency of the Civil Court tends to increase, rather than to diminish, year by year. The experience of the Superintendent and Remembrancer of Legal Affairs appears to point in the same direction. The remedy for this state of affairs appears to them to be the extended use of the provisions of Chapter X of the Bengal Tenancy Act to all estates which can afford the cost, so as to give them the benefit of the certificate procedure."

The failure to realise decrees is too general to be ascribed to the deficiencies of individual managers, and the remedy suggested by the Board appears to provide a practical way out of the present difficulty; but, at the same time, the Lieutenant-Governor trusts that the efforts of managers in the matter will not be relaxed.

10. *Condition of the tenantry.*—Owing to the generally good harvests of the past two years, the condition of the tenantry in estates under the Court of Wards, as in the rest of the Province, was, with a few exceptions, satisfactory; and the relations between the managing agency and the tenants were generally smooth. In the Bhagalpur District, the crops of the Lugma Estate were damaged by excessive rainfall, which washed away the paddy and also caused great losses among the cattle from disease; and the tenants in parts of Lachmipur were badly off in consequence of a disastrous flood-wave, which, it is estimated, carried away about 200 men and 600 head of cattle. Relief was given to the tenants by Government and zamindars. In Ranchi and Palamau, as well as in parts of Hazaribagh and in the Government Kolhan in Singhbhum, the condition of the tenants was considerably affected during the second half of the year, in consequence of the failure of the winter paddy for want of sufficient rain. In the two first-mentioned districts, as well as in the Government Kolhan, works of improvement have been set on foot on a considerable scale from funds allotted by the Board for the purpose; and a substantial means of relief has thus been afforded to a large number of raiyats.

11. *Estates with a rent-roll of Rs. 50,000 and upwards.*—Since 1887-88, a separate account is given in Part II of the Board's report of the affairs of each estate with a rent-roll of half-a-lakh or upwards. As a good deal of detail is given regarding such estates in Part I of the report, while the figures are contained in Appendix I, the Board consider a separate account in Part II

to be superfluous, and suggest its omission in future. Orders on this proposal will issue separately.

The Burdwan Raj Estate continues to be successfully managed by Raja Ban Behari Kapur. It obtained a net rental of Rs. 9,784 by the settlement of the *zamindari panchaki ghâts* in Bankura, and a rent of Rs. 45,675 was added by the settlement, with the patnidars and others, of *chaukidari chakran* lands in 713 out of the 1,792 villages transferred to the Raj up to the close of the year under report. There was a net increase of Rs. 48,502 in the rent-roll of the estate on account of settlements, resettlements, &c. As compared with the previous year, both receipts and disbursements, as also the closing cash balance, show an increase. The litigation on behalf of the estate was on the whole successful, but only about half the amount covered by civil and certificate decrees in favour of the estate was realised or remitted.

At the close of the year, the Bettiah Estate was indebted to the extent of Rs. 75,59,307, a reduction of near 4½ lakhs having been effected in the year. The greater part of this consisted of the sterling debenture loan repayable by half-yearly instalments. The estate was a creditor for Rs. 19,70,357, due chiefly from the late Babu Fatteh Bahadur Singh of Bhopatpur, arrangements for realising which are in progress. The expenditure on survey and settlement was Rs. 1,16,8 84.

In the Hatwa Estate, it has been decided to continue the existing mixed system of managing partly *khas* and partly *thika*. The closing balance to the credit of the estate amounted to Rs. 5,24,295, and Rs. 7,00,210 were invested in Government securities, of which and municipal debentures, the estate now holds Rs. 43,99,901. The cost of management (Rs. 94,334), excluding the commissions paid on collections in villages which are in lease, was 8·6 per cent. on the current demand, as compared with 7·2 per cent. in 1898-99. The expenditure on works of improvement, including the Sripur experimental farm, was Rs. 23,376. The cost of survey and settlement was Rs. 1,24,984.

In the Tikari Estate, 104·4 per cent. on the current demand was realised, in comparison with 95 8 per cent. in 1898-99. The closing balance of income over expenditure was Rs. 2,02,452, and the value of Government securities possessed by the estate was Rs. 18,324. The outlay on works of improvement was Rs. 60,166. The management charges were 14·7 per cent. on the current demand, as compared with 15·8 per cent. in the previous year.

In the Khagra Estate, the cost of management was 8·7 per cent. on the current demand. The expenditure on works of improvement decreased from Rs. 10,845 in 1898-99 to Rs. 7,030 in the year under report. At the close of the year, the Estate had Government securities to the value of Rs. 21,065 and a cash balance of Rs. 90,268. In the Pachete Estate, at the close of the year, the debts amounted to Rs. 7,72,216, and there was a cash balance of Rs. 8,039.

12. The most important of the eight estates which came under the control of the Court of Wards during the year was Churaman in Dinajpur, charge of which was assumed on 20th November 1899, the proprietor, Bhupal Chandra Rai Chaudhuri, aged about ten months, being declared a minor under section 6 (*b*) of Act IX B.C. of 1879. The greater portion of the estate lies in Dinajpur, about one-fifth in Malda, and only a very small portion in Purnea. The gross demand of rent and cesses due to the estate amounts to Rs. 1,29,740, and the sum payable annually to Government and superior landlords is Rs. 66,821. The debts due to the estate aggregate Rs. 76,313. The arrears of rent due to the estate amount to more than two lakhs of rupees.

Of the eleven estates released during the year, three, viz., Sridharpur in Jessore, Dhalbhum in Singhbhum, and Paigumbarpur in Darbhanga, were important The Sridharpur Estate was released on 26th December 1899 on the application of the proprietors, after having been under the management of the Court for a period of nearly three years, during which period little progress could be made in clearing the estate of its heavy load of debt. The Dhalbhum Estate was taken in charge on 10th November 1886, and released on the 27th May 1899. The rent-roll of the estate, which was Rs. 53,052 at the date of assumption of charge, stood at Rs. 66,660 at the date of release. All debts were cleared off, and a cash balance exceeding half a lakh was handed over to the proprietor. The Paigumbarpur Estate was brought under the Court's management on the 16th May 1892. Its rental stood at Rs. 60,486 on that date, but on the date of release it was Rs. 56,266, the decrease being mainly

due to abatement of disputed rents. The total rent and cess demand due to the estate for the period it was under the Court's management, including the arrears at the date of assumption of charge, was Rs. 6,49,721; of this sum Rs. 3,16,480 was collected, and Rs. 2,43,237 remitted, leaving a balance of Rs. 90,004. The poor results obtained during the management of this estate are attributed to confusion in the mufassal papers, and the incompetency of the successive Managers of the Estate. The total liabilities of the estate amounted to Rs. 3,11,142. Of this Rs. 2,38,145 were paid and Rs. 521 reduced by compromise, leaving Rs. 72,476 outstanding when the estate was released. There was a cash balance of Rs. 21,363.

13. *Encumbered Estates in Chota Nagpur.*—During the year 57 estates were managed under Act VI of 1876 as compared with 59 during 1898-99. The collections of rent and cesses due to them are shown below:—

District.	Arrear demand.	Current demand.	Collections.	Percentage of collections on current demand.	Remissions.	Balances.	Advance collections on account of the ensuing year.

The scarcity in the second half of the year adversely affected collections.

The progress made in the repayment of the debts due by the estates is shown in the following statement:—

Good progress was made in Hazaribagh. In the other districts drought lessened rent collections and the balances available for the payment of debt. The condition of affairs in the district of Manbhum demands the special attention of the Deputy Commissioner.

14. The Lieutenant-Governor thanks the Board for the very careful supervision they have given to the management of the estates under their charge during the year. In some directions, he thinks, there is room for improvement, notably in the methodical examination of rental arrears; but, on the whole, the work of the Collectors and Managers has been excellent. The names of the officers specially commended by the Board in paragraph 29 of their report will be communicated to the Appointment Department of this Government.

By order of the Lieutenant-Governor of Bengal,

F. A. SLACKE,

Secretary to the Govt. of Bengal.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS OF THE PORT OF CALCUTTA FOR THE YEAR 1899-1900.

No. 2255Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 23rd November 1900.

RESOLUTION.

READ—

The Administration Report of the Commissioners of the Port of Calcutta for the year 1899-1900.

Finance.

The total amount of the loans which have been raised by the Port Commissioners from time to time, including the consolidated loan from the Government of Rs. 60,25,100 and the Dock Loan of Rs. 2,87,70,566 amounted to Rs. 4,85,60,666, and the total amount outstanding on these loans on the 31st March 1900 was Rs. 4,27,42,265. The total investments at credit of the sinking funds have been raised from Rs. 20,99,000 at the beginning, to Rs. 23,96,600 at the close, of the year. The money is almost entirely invested in the Commissioners' own debentures.

Against this debt (consisting of the unpaid portion of the consolidated loan from the Government, together with the book debt on account of the Port Block transferred by the Government to the Commissioners in 1871, the Dock Loan, and the eight Debenture Loans), amounting in all to Rs. 4,51,38,865, the Commissioners hold block of the nominal value of Rs. 6,06,39,053, including reserve funds amounting to Rs. 35,83,856. They hold in addition the valuable Strand Bank Lands extending from Chandpal Ghat to Ahecritolah Ghat, for which they pay to the Government an annual quit-rent of Rs. 37,292.

Revenue receipts and expenditure.

2. The year opened with a revenue balance of Rs. 6,35,306, and the income for the year under review amounted to Rs. 66,51,114. The expenditure, including sinking funds, renewals and improvements, amounted to Rs. 66,53,495, leaving a balance of Rs. 6,32,925 on the 31st March 1900.

The income during the year exceeded that of the previous year by Rs. 4,18,294, which was due to increased receipts from the Jetties, the Port Trust Railway, and the Kidderpore Docks. The largest increase was Rs. 1,16,975 in the Railway, of which more than half was earned by letting wagons to other railways. The increase in the Docks was Rs. 1,15,728, and that of the special toll Rs. 59,468.

Jetties.

3. The income under the head "Jetties" amounted to Rs. 17,52,780, or Rs. 1,04,174 more than that of the previous year. The expenditure amounted to Rs. 11,08,247, being Rs. 6,057 less than that of the previous year. The net revenue under this head was Rs. 6,44,533, as compared with Rs. 5,34,302 in the previous year. The increase was mainly due to an improvement to the extent of Rs. 60,562 in the receipts from the Petroleum Wharf at Budge-Budge, which amounted to Rs. 4,37,582, against Rs. 3,77,020 in the previous year. The expenditure was Rs. 1,44,352, the net revenue thus amounting to Rs. 2,93,230.

The importation of oil from Russia was 79 per cent. of the total quantity imported in the year under review: 14½ per cent. was American oil and 6½ per cent. was from Rangoon.

4. The storing of piece-goods at the Tea Warehouse has been finally discontinued, and the whole space is now used for storing and sampling tea. During the year the total number of packages of tea amounted to 941,523 chests, against 759,467 in 1898-99. The total receipts, which were Rs. 1,00,003 in the previous year, amounted in the year under review to Rs. 1,04,509.

Tea Warehouse.

5. During the year 204 vessels, with a tonnage of 538,847, were berthed at the Jetties, against 204, with a tonnage of 541,086, during 1898-99. The average number of days each vessel occupied the Jetties was 7·6.

Vessels berthed at the Jetties.

6. The income of the Harbour Master's Department amounted to Rs. 5,72,539 aganist Rs. 5,79,596 obtained during the previous year. The decrease was due chiefly to smaller receipts from Harbour Master's earnings, mooring hire and wreckages and anchors recovered. The expenditure amounted to Rs. 6,74,173 against Rs. 6,93,800 in the previous year.

Harbour Master's Department.

7. During the year there were 11 casualties to vessels against the same number in the previous year. This gives a percentage of ·91, calculated on the number of vessels which arrived in the Port. None of the casualties were of a serious nature. In two cases, the Assistant Harbour Masters concerned were warned to be more careful in future, and in the other nine cases, no blame was found to be attached to any one.

Casualties to shipping.

8. The work of examining boats plying for hire was regularly attended to by the Surveyors, and during the year 90 passenger boats and 205 cargo boats were called in for survey. Of these, 63 passenger boats were found to have become defective through wear and tear, and 27 owing to accidents. Of the cargo boats, 150 had become defective through wear and tear, and 55 from the effects of accidents.

Survey of boats.

9. The returns of the Port Trust Railway show an increase of nearly 5,000,000 maunds. The number of wagons passed over the line increased by 22 per cent.

Railway.

10. The receipts from Port Dues amounted to Rs. 4,81,793, against Rs. 4,80,137 in 1898-99. The expenditure for the year amounted to Rs. 5,64,290, against Rs. 5,57,399 in the previous year.

Port Dues.

11. The Port Commissioners' Despatch Vessel *Resolute* came into collision with the British India Steam Navigation Company's steamer *Scindia* abreast of Diamond Harbour Creek, and foundered on the 14th August 1899. Four officers and 14 or 15 of the crew were drowned. A Special Court of Enquiry was appointed by the Government under section 7 of Act V of 1883, as amended by Act VI of 1891, to make an investigation in the matter, and the Court reported that the collision was due to want of skill and care on the part of the Senior Master Pilot, who was in charge of the *Scindia* at the time of the accident. The Pilot was then tried under section 2 of Act XII of 1859, on a charge of unskilfulness and negligence, but the jury having returned a unanimous verdict of *not guilty*, he was acquitted and discharged.

Loss of the Despatch Vessel *Resolute*.

The Commissioners have since purchased the steam-tug *Retriever* to supply the place of the *Resolute*. She has been found to be well adapted for the general requirements of the Port.

12. No change appears to have occurred in the channel of the Sandheads. The Bell Buoy broke adrift in October, and another was laid in its place.

The Sandheads.

13. The river channels showed considerable change during the year. The principal changes that were noticed took place at the Beaumont's Gut, Kaukhali Crossing, Middleton Bar, Bedford Channel, Eden Channel, Gabtola Channel, Balari Channel, Kulpi Roads, Rangafulla Channel, Back of Hooghly, James and Mary's Eastern Gut, Ninan and Tail of Fulta Sand.

River channels.

14. A sum of Rs. 9,68,013 was obtained from special tolls levied under section 108 of the Calcutta Port Act, 1890, against Rs. 9,08,545 in the previous year.

Special Tolls.

Working of the Kidderpore Docks.

15. The result of the working of the Kidderpore Docks was as follows:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograp and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All t thermometers are verified and the readings have been corrected to a standard constructed and verified at t Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four f above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 2 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

FINANCIAL DEPARTMENT.

NOTIFICATION—No. 6165S.R.

The 21st Nov. 1900.—The following revised rules* framed under sections 9, 105 and 130 of the Sea Customs Act, VIII of 1878, for regulating the weighment and removal by rail or water under bond of non-duty-paid salt from shipboard or from the Government Salt Golahs to a warehouse appointed or licensed under the Sea Customs Act or under Act VIII of 1896 (the Inland Bonded Warehouses Act) and for the clearance of the salt from the warehouse, having been approved by the Lieutenant-Governor are published for general information as required by section 204:—

1. On receipt of an application under section 91, Act VIII of 1878, for the admission of salt into a warehouse appointed or licensed under the Sea Customs Act or under the Inland Bonded Ware-houses Act, VIII of 1896, and after the due execution of a bond under the provisions of section 92 of the Sea Customs Act, the Collector of Customs shall make such arrangements as he may deem necessary for the proper weighment of salt during its discharge from the vessel or from the golahs for the purpose of being conveyed to the warehouse. When the salt is to be re-warehoused, it shall ordinarily be permitted to be re-warehoused under the original bond in cases where no injury is likely to occur to the revenue, but the Collector may require a fresh bond in addition to the bond under section 92.

2. The weighment of salt on shipboard shall be carried on in the presence of the preventive officer, subject to such charges as may be in force and under such subsidiary arrangements as may from time to time be made by the Collector of Customs in respect of salt intended to be bonded in the Government golahs. When the salt has to be conveyed to a vessel which is not alongside the discharging vessel, a fee of one rupee per 100 maunds up to 500 maunds and two rupees for each 500 maunds or part of 500 maunds thereafter will be payable.

CONVEYANCE OF SALT BY RAIL DIRECT FROM SHIPBOARD OR FROM THE GOLAHS.

3 Delivery may be made in bulk from the golahs or from shipboard. The salt may be discharged direct from the ship or the golahs into the wagons, and the amount of the salt so discharged may be ascertained by passing each wagon over the railway weigh-bridge in the presence of a preventive officer, or it may be weighed at the discretion of the Collector of Customs. When the salt is being delivered to any one other than the owner, delivery by weigh-bridge weight shall only be allowed when both parties give their consent in writing to this method of weighment.

4. A pass in the annexed Form No. 1 will be granted by the Preventive Officer to the railway official appointed to take charge of the loaded wagons or at the Kidderpore Docks to the Dock Superintendent as a protective document to be given to the railway guard when the train is finally made up. The name of the importing vessel and of the bonder, the quantity of salt loaded into each wagon, and the warehouse wherein it is to be deposited shall be endorsed on the pass. Salt covered by one bond may be despatched in part consignments, and the preventive officer shall grant a pass for each part consignment despatched. On the completion of the quantity covered by the bond, a note shall be made on the pass by the preventive officer that final delivery has been given.

5. After the salt has been loaded in the wagons, the wagons shall be closed and sealed by or in the presence of the preventive officer.

6. Immediately after the arrival of the wagons at their destination, notice shall be given by the bonder or his agent to the officer authorised by the Collector of the district or the Collector of Customs, if there be any, to supervise the transit of the salt to the warehouse. This officer shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector, examine the seals, and, if they are found intact, take over from the railway guard the pass accompanying the salt endorsed by the preventive officer, and superintend the removal of the salt to the appointed warehouse, where it shall be stored in bulk without re-weighment, unless the bonder or his agent shall desire re-weighment. The expense of such re-weighment shall be borne by the bonder, and, in the event of a deficiency or excess being ascertained, the Collector of Customs, Calcutta, should be requested to alter the quantity entered in the bond in the case of excess, and also in the case of a deficiency that may be satisfactorily explained.

CONVEYANCE OF SALT FROM SHIPBOARD IN THE STREAM, OR FROM THE KIDDERPORE DOCKS, OR FROM THE GOLAS, PARTLY BY BOAT AND PARTLY BY RAIL, OR PARTLY BY BOAT AND PARTLY BY STEAMER.

7(*a*). No salt intended to be conveyed partly by boat and partly by rail, or partly by boat and partly by steamer, shall be taken from shipboard or from the golas, save in bags and in a lighter provided with hatches, which are capable of being securely fastened down, and it shall be the duty of the preventive officer to satisfy himself that such lighter is in a serviceable condition before permitting such salt to be placed therein.

(*b*). When salt has to be conveyed to a vessel lying within the limits of the Port of Calcutta, which is not alongside the discharging vessel or the Government golas, it shall be conveyed in decked boats, the hatches of which shall be sealed, and in the case of bulk salt, the salt shall be stamped all over with the Government 'adul.' Each boat shall carry a

* These rules do not relate to the reception and clearance of salt at Customs ports for which separate rules have been prescribed.

Government peon accompanied by a representative of the bonders, and a boat-note in the form prescribed shall be handed to each manjhi. A preventive officer shall be stationed on board the exporting vessel, and his duty will be to see that the seals and stamps are intact and that the salt in the boat has not been tampered with He will securely seal the hatches of the vessel when loading is completed, and will endorse on the boat-note the quantity taken from the boats and placed on board The boat-note or special pass will be made over to the master of the vessel, and a counterfoil of the note will be forwarded to the Collector of the district to which the salt is consigned. A fee of Re. 1 per 100 maunds up to 500 maunds, and Rs. 2 per each 500 maunds or part of 500 maunds thereafter, will be payable.

8. As soon as the bonder or his agent or servant shall notify to the preventive officer that he desires to proceed with any boat-load of salt, he shall obtain a boat-note in which the name of the importing vessel and of the bonder, the quantity of salt contained therein, and the warehouse wherein it is to be deposited shall be specified. The mouths of the bags shall be securely fastened, and the tying sealed with a stamp specially provided for this purpose, and the hatches shall be closed and sealed by or in the presence of the preventive officer. The lighter shall then be allowed to proceed in charge of a peon or other Custom House officer deputed for the purpose by the Custom House authorities, accompanied by an agent on the part of the bonder.

9. The boat shall be made fast to the bank nearest to the place where the railway wagons by which the salt is to be conveyed to the warehouse may be in waiting, otherwise at the moorings nearest to such ghat. It shall on no account (except stress of weather) be permitted by the peon or other Custom House officer on board to anchor anywhere else.

10. Notice of the arrival of such salt shall at once be given by the Custom House officer to the preventive officer deputed by the Customs authorities to superintend the storage of the salt in the railway wagons, who shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector of Customs, examine and compare the boat-note delivered by the preventive officer to the bonder, his servant or agent, and the cargo of salt, and superintend its removal to and storage in the wagons.

11. The bonder's agent and peon or other Custom House officer shall remain on board of the boat in charge, until the seals and hatches are examined and all the cargo landed and put in wagons. After the salt has been put in the railway wagons, the wagons shall be closed and sealed by, or in the presence of, the preventive officer, who shall endorse on the boat-note the quantity landed from the boat, and placed in the wagons. The boat-note shall be made over to the railway official appointed to take charge of the loaded wagons, and shall be made over by the railawy authorities to the railway guard to be taken with the salt as a protective document

12. Immediately after the arrival of the wagons at their destination, notice shall be given by the bonder or his agent to the officer authorised by the Collector of the district, or the Collector of Customs, if there be any, to supervise the transit of the salt to the warehouse. This officer shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector, examine the seals, and, if they are found intact, take over from the railway guard the pass accompanying the salt, endorsed by the preventive officer, and superintend the removal of the salt to the appointed warehouse, where it shall be stored in bulk without re-weighment, unless the bonder or his agent shall desire re-weighment. The expense of such re-weighment shall be borne by the bonder, and, in the event of a deficiency or excess being ascertained, the Collector of Customs, Calcutta, should be requested to alter the quantity entered in the bond in the case of excess, and also in the case of a deficiency that may be satisfactorily explained.

CONVEYANCE OF SALT IN BULK DIRECT BY WATER FROM SHIP-BOARD IN THE STREAM, OR FROM THE KIDDERPORE DOCKS, OR FROM THE GOLAS.

13. All applications under Rule 1 shall specify the name, tonnage, and manjhi or master's name of the vessel in which the goods are intended to be conveyed.

14. Salt shall be conveyed by vessels only so constructed that the hatches and all access to the hold in which the salt is loaded can be closed by seals to the satisfaction of the preventive officer superintending the discharge of salt, and no other cargo than salt shall be carried in such hold. Salt covered by one bond only shall be carried in each vessel, and duty-paid and non-duty-paid salt shall not be carried in the same vessel. Each salt vessel shall carry a special pass in the annexed form, under the signature of the Collector of Customs or the preventive officer giving delivery covering the consignment of salt shipped by it. This pass shall remain in custody of the master or manjhi, and shall be made over by him to the officer authorised by the Collector of the district or the Collector of Customs, if there be any, to supervise the transit of the salt from the vessel to the warehouse. A copy of the pass shall be sent to the Collector of the district or to the Collector of Customs, if there be any.

15. The salt when placed on board each vessel must be stamped all over, the hatches and all access to the hold containing the salt being closed by seals during transit. Both the seals on the hatches and the stamps on the salt should be stated in the pass referred to in Rule 14.

16. When the discharge of salt from shipboard or from the warehouse is interrupted or not completed, such quantity, as has been actually delivered at the time of interruption, shall be covered by a customs boat note. The salt so delivered must also be completely stamped over, and the hatches and all access to the hold must be sealed by customs seals to

be examined by the night Customs Inspector, who must record his report of each such inspection.

17. The vessel on arrival at its destination shall be anchored as close as possible to the ghat leading to the warehouse in which the salt is to be stored, or at the nearest moorings to such ghat.

18. Immediately after the arrival of the vessel at its destination, notice shall be given by the bonder or his agent to the officer authorised by the Collector of the district, or the Collector of Customs, if there be any, to supervise the transit of the salt to the warehouse. This officer shall thereupon note the date and hour of arrival, bringing any unreasonable delay to the notice of the Collector, examine the seals, and, if they are found intact, take over the pass delivered by the preventive officer to the master or manjhi of the vessel, and superintend the removal of the salt to the appointed warehouse, where it shall be stored in bulk without re-weighment, unless the bonder or his agent shall desire re-weighment. The expense of such re-weighment shall be borne by the bonder, and, in the event of a deficiency or excess being ascertained, the Collector of Customs, Calcutta, should be requested to alter the quantity entered in the bond in the case of excess, and also in the case of a deficiency that may be satisfactorily explained.

GENERAL RULES.

19. Night work will be allowed at Chandbali (and Orissa generally) only on condition that special permits are first obtained from the Collector of Customs, Calcutta, who may at his discretion refuse to grant such permission.

20. The bonder will be held responsible for any departure from these rules on the part of his agent.

21. All expenses connected with the removal and storage of the salt and the services of the officer or peon in charge of the salt under Rule 2, 7(*b*) or 8 shall be borne by the bonder.

22. If the officer referred to in Rules 6, 12 and 18 shall have reason to believe that the salt has in any way been tampered with during its transit, he shall at once report the circumstance to the Collector of the district or the Collector of Customs, if there be any, who shall direct the salt to be re-weighed, and such re-weighment shall be made in the first place at the expense of Government. If there be found any unexplained deficiency in the salt in the railway wagons or vessel as compared with the quantity specified in the pass or boat-note, the Collector may call on the bonder to refund the expense of weighment, and shall exact the full duty under Rule 28.

23. The salt shall be stored under proper supervision in the warehouse. The door of the warehouse shall have two locks; the key of one lock (which must be a Chubb's lock) shall remain with the daroga or other officer deputed by the Collector, and the key of the other with the bonder's agent.

24. Salt relating to different bonds shall be stored separately and distinctly. Any admixture of salt specified in different bonds shall render those bonds liable to cancelment, and the holders to immediate payment of the full duty payable thereon. The daroga or other officer deputed by the Collector shall keep a separate account in Form No. 2 for the salt warehoused under each bond.

25. The owner of the salt shall be required to pay full duty on any difference between the quantity of salt originally delivered from shipboard or the golas and the quantity cleared out from the warehouse, less an allowance of 3 per cent. on the whole, if such wastage actually occurs.

26. In any special case the Chief Customs-Authority shall be competent to direct that an increased allowance for wastage shall be granted in accordance with the provision of section 122, Act VIII of 1878.

27. When the seals are found intact the owner or his agent may, within 24 hours from the time of arrival of the salt at its destination, pay the duty on the whole quantity of salt, less one per cent. for wastage in any consignment as shown in the pass or boat-note, after which the Collector of the district or Collector of Customs, if there be any, shall allow him to break bulk without weighing or warehousing being required. If the duty be paid under rule 30 to the Collector of Customs, Calcutta, the daroga of the warehouse shall on receipt of an intimation of the payment from that officer allow the bonder or his agent to break bulk, the other conditions being duly fulfilled.

28. If the Collector of the district or the Collector of Customs, as the case may be, has any reason to believe that any fraud has been perpetrated by the bonder or owner of the salt or any person in his employ, he shall refuse to make any allowance on account of wastage, and shall demand the full duty payable on the entire quantity received into bond.

29. Before permission can be granted to transport salt to the warehouse, the bonder will be required to enter into an engagement with the Collector of the district or the Collector of Customs, if there be any, to defray the cost to Government of the establishment noted in the margin, or such other establishment as may be agreed to by the bonders with the sanction of the Board, which will be appointed by the Collector for the guard and supervision of the warehouse. The leave and pensionary charges of this establishment will be borne by Government.

RULES FOR THE CLEARANCE OF SALT.

30. Before any quantity of salt is cleared from the warehouse, duty shall be paid either at the district treasury or at the Calcutta Custom House, and the necessary protective document, if any be required, issued. At places where there is no Government treasury, and which are outside the salt limits, the Chief Customs-Authority may, however, at its discretion, allow the duty to be paid through the post office or to the Collector of Customs, Calcutta, who will send the receipt therefor direct to the daroga in charge of the warehouse.

31. All deliveries of salt bonded in the warehouse under the provisions of Act VIII of 1878 shall be supervised, as required by section 99 of the above Act, by the daroga who shall give a security of Rs. 500. In the case of warehouses situated within the salt limits, he shall allow delivery to be taken on the production of the necessary protective document. In other cases, he may deliver on the production of the treasury chalan or the post-office receipt for the money-order.

32. For the use of scales and weights which will be provided by Government, the bonders will be charged at such rates as may from time to time be prescribed by the rules relating to weighment, admission into and clearance from bonded warehouses, public or private, under the customs law. The Chief Customs Authority may also at its discretion allow the bonders to provide themselves with their own scales which must be tested and approved by the Collector of the district or Collector of Customs, if there be any. In such a case the bonders shall be charged no fees except the cost to Government, if any, for occasional repairs to the scales. The bonders are required to make their own arrangements for cutting and removing their salt from the warehouses, as well as to supply their own tools for cutting the salt, such as *sabools*, *kodalies*, &c.

33. The duty of the daroga will be to keep in a book in Form No. 3, provided for the purpose at the expense of Government, a correct tally of the weight of the salt taken off the scale by the bonder's people. He will be held personally liable for any excess or deficiency that may be discovered. Both the daroga and the bonder's agent will be required to certify at the end of each day's weighments the correctness of the tally-book for that day's work.

34. The daroga shall get a fee of Rs. 2 for work on Sunday or a gazetted holiday, but shall be allowed no overtime fees, nor have any fixed hours of work during the day. The Chief Customs-Authority may, however, at its discretion, fix the working hours of the daroga, and grant him overtime fees if at any time it is found necessary to do so. All these fees shall be recovered from the bonders.

35. Should any dispute arise between the daroga and the bonder or purchaser of the salt under delivery, the former will stop the weighment and at once refer the matter in dispute to the Collector of the district or the Collector of Customs, if there be any.

36. The daroga will be particularly careful to bring every irregularity that he may become cognizant of to the notice of the Collector of the district or the Collector of Customs, if there be any, without delay, and will be held responsible for failure in doing so.

37. When discrepancies in the accounts cannot be reconciled, and whenever there is reason to believe that the quantity of salt conveyed to the boat or cart is not correctly represented in the accounts, the Collector of the district or the Collector of Customs, if there be any, shall order a re-weighment. The expense of such re-weighment shall be borne by Government.

38. Whenever the bonder or purchaser is desirous of removing his boats or carts from the premises, the daroga shall satisfy himself on every point before removal, and shall also see, even where the accounts agree, that the boat-load or cart-load represents the exact quantity entered in the rowannah or covered by the chalan or money-order receipt.

39. The Chief Customs-Authority may, in any exceptional case, specially empower any officer other than the Collector of the district or the local Collector of Customs to perform the duties prescribed in the foregoing rules in respect of any warehouse.

40. These rules shall come into force from the date of the publication of this notification.

The following notifications are hereby cancelled:—

PREVENTION OF THE SPREAD OF PLAGUE THROUGH TRAVELLERS.

PLAGUE REGULATION D.

Calcutta the 4th December 1900.

In supersession of Plague Regulations, No. 2, dated 30th November 1897, and No 15, dated 28th March 1899, and in exercise of the powers conferred by section 2 of the Epidemic Diseases Act, 1897, and by the Notification of the Government of India, Home Department, No. 302, dated 4th February 1897, the Lieutenant-Governor is pleased to prescribe the following rules for the inspection of persons travelling within the territories subject to the Lieutenant-Governor of Bengal, and for the procedure to be followed in the case of such persons when infected or suspected of being infected with plague.

1. *Definitions.*—In the following rules –

"Place of inspection" means any place which may be notified by the Local Government to be a place of inspection.

"Inspecting Medical Officer" means a person appointed by an order in writing by the Local Government to be an Inspecting Medical Officer, or a Subordinate Medical Officer under the direct control of an officer so appointed

2 *Places of inspection.*—The Local Government may notify any railway station, any ferry, any point at which a steamer touches for the purpose of landing or embarking passengers, or any place in the vicinity thereof, to be a place of inspection, and may, by order in writing, appoint one or more Inspecting Medical Officers for the same.

3. *Inspection and examination.*—An Inspecting Medical Officer may at any place of inspection make a medical inspection and examination of any traveller in order to ascertain whether there is reason to believe or suspect that such person is or may be infected with plague: and may give such directions as may be necessary for promptly carrying out such inspection and examination Every person to whom any direction is given by the Inspecting Medical Officer under the rule shall be bound to comply therewith. Examination of females shall in all cases be made through female agency.

4. *Segregation.*—An Inspecting Medical Officer may direct the removal to hospital for treatment of any traveller found by him to be suffering from plague.

5. An Inspecting Medical Officer may direct that any person who presents symptoms which may be those of plague, or who has been in immediate contact with a person found to be suffering from plague, shall be removed to a segregation camp and detained under observation for ten days.

6 *Procedure at places other than places of inspection.*—In places not declared to be places of inspection, the powers of an Inspecting Medical Officer under the two preceding rules shall be exercised by the District Magistrate.

7. *Disinfection of carriage.*- Any railway carriage containing a person found to be suffering from plague shall, if the Inspecting Medical Officer or District Magistrate so directs, be cut off from the train and disinfected according to the directions of the Inspecting Medical Officer.

8. *Duty of compliance.*—No person in respect to whom a direction under rule 4, 5, or 6 of these rules has been given shall leave any building, tent or other place in which an Inspecting Medical Officer has directed him to be detained until such Inspecting Medical Officer certifies in writing that in his opinion there is no longer any reason for believing or suspecting such person to be infected as aforesaid, or that there is no longer any reason for detaining such person, as the case may be.

9. Every traveller alighting at or passing through any place of inspection, shall, if called upon to do so, give his correct name and address, and his place of destination, to the Inspecting Medical Officer

10. Free access shall be given to friends and relations desiring to attend any person detained in a hospital for treatment under these rules

11. *Expenses.*—The cost of all measures taken under these rules shall be borne by the District Boards and Municipalities of Bengal in such proportion as the Lieutenant-Governor may determine.

E. N. BAKER,
Secretary to the Government of Bengal.

JUDICIAL DEPARTMENT.

No. 4729A.

RAILWAY DEPARTMENT.

The 3rd December 1900.

No. 178.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz, for Kumardubi Assisted Siding on Jheria Branch, East Indian Railway, in the village of Kumardubi, pargana Pandra, zilla Manbhum, it is hereby declared that for the above purpose a piece of land measuring, more or less, 3 bighas 15 cottahs and 15 chitaks of standard measurement (corresponding to 1 acre 1 rood and 0·83 poles), bounded on the north and south by the lands of Gobardhan Jola, the waste land of Troylucko Nath Pan and the East Indian Railway land, on the east by the East Indian Railway land and the waste land of Troylucko Nath Pan, and on the west by the waste land of Troylucko Nath Pan, is required within the aforesaid village of Kumardubi.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1895, to all whom it may concern.

A plan of the land may be inspected in the office of the District Engineer, East Indian Railway, Asansol.

No. 179.—Notification.—Babu Kali Prosad Chatterjee, Sub-Deputy Collector, employed in acquiring lands for the Bengal Duars Railway at Jalpaiguri, is granted, under article 291 of the Civil Service Regulations, three months' privilege leave, with effect from 3rd December 1900, or such subsequent date as he may avail himself of it.

The 4th December 1900.

No. 180.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz, for Bengal Coal Company's assisted siding at mile 126 3,924 feet on Ikrah branch, East Indian Railway, in the villages of Damoodarpur and Nandee, pargana Shergarh, zilla Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 17 bighas 7 cottahs and 15·60 chitaks of standard measurement (corresponding to 5 acres 3 roods and 0·26 poles), bounded on the north by the lands of Kalpa Chandra Chatterjee, Pachon Sheik, Kangal Dass and others, on the south by the lands of Taran Chatterjee, Kangal Dass, Srimanta Khan and others, on the east by the East Indian Railway lands, and on the west by the lands of Ram Dhon Josh and Saroda Chatterjee, is required within the aforesaid villages of Damoodarpur and Nandee.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the District Engineer, East Indian Railway, Asansol.

No. 181.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land in the Saran district is likely to be needed for a public purpose, viz., for protective works for the railway between Chanddiara Ghat and Manjhi Ghat in the Gogra river, notice is hereby given to all whom it may concern that, in exercise of the powers conferred by section 4 of the Land Acquisition Act I of 1894, the Lieutenant-Governor has authorised the Bengal and North-Western Railway Engineers for the time being engaged on this undertaking to enter upon and survey lands and do all other acts required for the proper execution of their work as provided for or specified in the said section.

The land to be entered upon will probably extend 5 miles upstream and 5 miles downstream along the banks of the Gogra river for the railway ferry over the Gogra river between Chanddiara Ghat and Manjhi and Revilganj Ghats.

No. 182.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land in the Saran and Champaran districts is likely to be needed for a public purpose, viz., for a railway from Bhatni junction on the Bengal and North-Western Railway to Bettiah in the Tirhut Railway, notice is hereby given to all whom it may concern that, in exercise of the powers conferred by section 4 of the Land Acquisition Act I of 1894, the Lieutenant-Governor has authorised the Bengal and North-Western Railway Engineers for the time being engaged on this undertaking to enter upon and survey lands and do all other acts required for the proper execution of their work as provided for or specified in the said section.

The general route taken for the railway will probably be from Bhatni junction *viâ* Ruttanpur and Kateya in the Saran district of Bengal to near Tamkuhi in the Gorakhpur district of the North-Western Provinces and Oudh and thence *viâ* near Bijhwa in the Champaran district of Bengal to Bettiah.

No. 183.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of Seetulpur Colliery Siding for, Bengal Coal Company in the village of Seetulpur, pargana Shergarh, zilla Burdwan, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 acres 3 roods 7·77 poles, being equivalent to 14 bighas 10 cottahs 5 chitaks of standard measurement, is required within the aforesaid village of Seetulpur.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines or minerals as it may be necessary to dig or carry away or use in the construction of the works for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause I of Act XVIII of 1885, to all whom it may concern.

A plan of the land may be seen in the office of the District Engineer, Chakardharpur district, Bengal-Nagpur Railway, at Chakardharpur.

No. 184.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a marshalling yard at Kusanda Junction on Jheria branch, East Indian Railway, in the villages of Godher, Dheriajoba and Banseria, pargana Jheria, zilla Manbhum, it is hereby declared that for the above purpose a piece of land measuring, more or less, 61 bighas 9 cottahs 11·66 chitaks of standard measurement (corresponding to 20 acres 1 rood 12·18 poles), bounded on the north by the East Indian Railway land, on the east and west by the Railway lands and the waste lands of Raja of Jheria and the village road, and on the south by the coal depôt of S. B. Raha, waste lands of Raja of Jheria and the lands of Kalikumar and Hiramon Pande, Thakur Dass Rowani, Saligram Hazra, Bijoo Rowani and the village road, the Damuda branch and the tank of Sakra Mahata, is required within the aforesaid villages of Godher, Dheriajoba and Banseria.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the District Engineer, East Indian Railway, Asansol.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the

lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payor from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P M; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts,

or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1899-1900, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

P. C. MITTER,

Offg. Secretary.

1st—The estate to be sold to the highest bidder above the upset price amounting to two years' present revenue. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity, equal to 90 per cent. of the existing present gross rental.

2nd—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd—If the amount of purchase-money do not exceed Rs. 100, the whole amount is to be paid down at once.

4th—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid is to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Notice under Rule 19, Section II.

NOTICE is hereby given that the lease of the land specified in the Schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sundarbans, has been applied for by Sarada Prasad Dalal and will be sold at 12 o'clock noon on the 15th February 1901 A.D., Friday, the 3rd Falgoon 1307 B.S., at the Sundarbans Commissioner's office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands in the Sundarbans of the 24-Parganas, Khulna, and Backergunge, dated 12th November 1879:—

Conditions.

That the land shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a towpath, not less than 25 feet in width, on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land; but for wood and timber exported for sale, a duty shall be levied at such rate and in such manner as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals on the land, together with such rights of way and other reasonable facilities as may be requisite for working, getting and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right, which shall be hereditary and transferable.

Nadia Collectorate, the 1st December 1900. B. D. BOSE, *for* Offg. Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Nadia will be put up to sale at the Nadia Collectorate on Monday, the 7th January 1901, corresponding with Bengali 23rd Pous 1307.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if the day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

GENERAL CONDITIONS

Tenders should be superscribed "Tender for paper," and should be accompanied by a deposit of one per cent on the value of the tender. This deposit should be paid into the Bank of Madras and its receipt attached to the tender In cases where tenders may deposit Government Promissory notes, they should endorse the same payable to the "Collector and Superintendent of Stationery, Madras."

2. Tenderers should send five sheets of each description of paper tendered as a sample, marking clearly thereon the manufacturer's name and the description, size and weight. They should be flat, not folded.

3. The papers should be delivered at the Stationery Office, Beach, Madras, at the cost and risk of the contractor.

4. The successful tenderer or tenderers will be required to pay a security of 10 per cent. on the value of the paper for which the tender is accepted and to sign a contract bond (a form of which will be furnished by this office for inspection) within twenty days from the date of his being informed by this office of the acceptance of his tender; and, in case of failure, his deposit delivered with the tender will be forfeited and credited to Government and his tender considered as cancelled.

5. The necessary stamp duty on the contract bond must be paid by the contractors

6. The quantities specified in the above schedule are only probable requirements; actual demands will be mentioned in the orders given from time to time, agreeably to which contractors will be required to supply the articles

7. Blotting-paper should be packed and supplied in tin-lined deal wood cases. Other papers should be *well packed* in strong canvas with bale planks and iron hoops. They should be packed quite flat and each quire in a ream packet should be distinctly marked or separated by a slip of coloured paper, each ream being tied with string. All bales of each description and size of paper should contain a uniform number of reams. Each ream of printing, cartridge and badami paper should contain 500 sheets. Each bale should be superscribed with the description and size of paper and the number of reams it contains

8. All consignments of paper will be examined after arrival at Madras, and will be liable to rejection if inferior in any respect to the accepted sample The decision of the Superintendent of Stationery in this matter is final; recourse to arbitration cannot be permitted.

9. All papers must be free from any mixture of mechanical wood pulp.

10 In cases of necessity, the contractors must undertake to store the consignments in their own godowns for a period not exceeding three months at their risk and free of charge.

11. In the event of a consignment being rejected, the contractors will be required to remove it at once, and replace it within a month from the date of intimation of rejection.

12. Considerations of the quality of the paper tendered and of its price will alone guide the Superintendent in his decisions, but he reserves to himself the right, without assigning any reason, of rejecting any tender in whole or in part, and in respect of articles, rates, quantities or other particulars, etc.

13. Forms of tender and any further information can be obtained on application to the Superintendent of Stationery, Madras.

A. G CARDEW,
Acting Superintendent of Stationery

Stationery Office, Madras, the 27th November 1900.

The Commissioners for the Port of Calcutta

KIDDERPORE DOCKS.

THE following revised scale of charges, framed by the Commissioners for the Port of Calcutta, under the provisions of section 105 of Act III of 1890, and sanctioned by the Local Government in letter No 2215 Marine, dated the 17th November 1900, is published for general information under the provisions of section 107 of the said Act —

Scale of Charges for the use of the Receiving Sheds at the Kidderpore Docks.

The following charges for wharfage, removal, and re-booking will take effect on and from the time that the new sheds come into use :—

1. (*a*) Wharfage, 25 per cent. of the shipping charge, if instructions for shipment and all necessary papers are handed in within seven days from midnight of the date of receipt of the goods in the shed.

(*b*) Wharfage, 25 per cent. of shipping charge for every seven days or part thereof, if declared within seven days from midnight of date of receipt in the shed, as for deferred shipment.

(*c*) Wharfage, 1 pie per maund per day or part thereof until the goods are removed, or shipping instructions given for each day after expiry of seven days from midnight of date of receipt in the shed, if instructions for shipment and all necessary papers are not handed in before the expiry of the seven days.

2 Removal, *i.e.*, the charge made when goods received in one shed have to be transferred to another, or shipped in a vessel berthed opposite a shed other than that in which the goods are lying, 50 per cent of the shipping charge.

3 Re-booking, *i.e.*, the charge made when goods originally declared for one vessel are re-declared for another, 25 per cent. of the shipping charge.

In lieu of the above charges for wharfage, a shed or portion of a shed may be leased for five months on the following conditions :—

(1) For each ton of goods placed in the shed a charge of 2 annas, such charge for the five months not to be less than Rs. 125 for each 1,000 s. ft. of floor space occupied by the lessee.

(2) The Commissioners to place the goods in the shed on arrival, stacking them by wagon-loads and removing them for shipment. The lessee to find all establishment and labour for the internal working of the shed.

The Local Government hereby signifies its approval of the above scale.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876:—

AUSTRALIA, SOUTH—St. Vincent gulf.

Port Adelaide—Erection of a new lighthouse on Wonga shoal:

With reference to Notice to Mariners, No. 144, dated the 15th June last, issued by this office, the President, Marine Board, Port Adelaide, has given further notice (No. 8 of 1900) that the erection of the new lighthouse on Wonga Shoal, Port Adelaide, will be commenced at an early date, and that during the continuance of the work a temporary riding light will be exhibited between sunset and sunrise from the works in progress on that shoal. It is expected that the new lighthouse will be completed about May 1901.

For a period of about one month before the new light is exhibited from Wonga Shoal the existing Port Adelaide illuminating apparatus will be removed from its present position at the entrance to the river. During its transfer to the Wonga Shoal Tower, a light of the third order, revolving every thirty seconds (as at present) visible for about fifteen (15) miles, will be exhibited from a temporary tower erected on the position now occupied by the Port Adelaide Lighthouse.

Further Notices as to the precise dates of exhibition of the Riding Light at Wonga Shoal, the removal of the existing Port Adelaide Light, the exhibition of the temporary light in lieu thereof, and the first exhibition of the permanent light on Wonga Shoal will be given in due course.

Note.—This affects Admiralty Plans Nos. 1750 and 1752.

Bray rock.—Non-existence of.

WITH reference to notice to Mariners No. 165, dated 30th July 1898, issued by this office, the British Admiralty has given further notice (No. 698 of 1900) that further information has been received that the Commander of the S.S. *Warimoo* reports having searched on two occasions, in April and July 1900, for the danger (a ragged coral rock, about a quarter of a cable in extent, and 6 to 10 feet high) named Bray rock, which was reported to exist in 1898 by the Master of the Missionary vessel *Morning Star*, in lat. 7° 32′ N., long. 173° 13′ W.

Good observations were obtained and a careful look-out kept from both masthead and deck, when near and on the reported position, without anything resembling a rock or islet being seen. It is therefore considered probable that the Master of the *Morning Star* must

have seen a floating object, and consequently Bray rock has been erased from the Charts. *(Notice No. 698 of 1900.)*

This Notice affects the following Admiralty Charts:—Pacific ocean, No. 2683; Atlantic and Indian oceans, No. 2483; Pacific, north-east sheet, No. 782; Also Sailing Directions for the Pacific Islands, vol. III, 1900, page 189.

AFRICA, EAST COAST—ZANZIBAR HARBOUR.

Shoals in southern and western passes—Leading marks.

THE British Admiralty has given notice (No. 702 of 1900) respecting the existence of certain rocks in the southern and western passes into Zanzibar harbour:—

a. A coral head, named Penfold rock, with a least depth over it of 14 feet, is situated with Sand head on Kisiki reef bearing N. 10° E., distant 7 cables. This shoal is marked by a black buoy.
Approximate position, lat. 6° 13′ S., long. 39° 10½′ E.

b. A coral head, with a least depth over it of 21 feet, is situated with the Sand head on Kisiki reef bearing N. 12° E., distant 8¾ cables.

c. A rock, with a depth of 26 feet over it (situated almost directly on the leading mark, with Sand head on Kisiki reef bearing N. 7° E., distant 8¾ cables.

The bottom is rocky and uneven in this vicinity, and it is possible that less water may exist, heavy draught vessels should therefore proceed with caution when near low-water springs.

Masingini house (the rear leading mark) is a ruin, and no longer visible from the southward. The summit on which it stood is, however, well marked by a double clump, the right hand and largest of which in line with the white stone pillar near Kiungani, N. 44° E., is the leading mark which should be carefully followed.

A coral head of 2¼ fathoms has also been found in the centre of the passage between Fungu Chawamba and the Two-fathom bank to the northward of it in the western pass. (*Notice No. 702 of 1900.*)

REPORT ON THE STATE OF THE SALT MARKET FOR THE SECOND QUARTER OF 1900-1901.

No. 960B., dated Calcutta, the 22nd November 1900.

From—P. C. MITTER, Esq., Offg. Secretary to the Board of Revenue, L.P.,

To—The Secretary to the Government of Bengal, Financial Department.

THE HON'BLE MR. W. B. OLDHAM, C.I.E.

I AM directed to submit the following report on the state of the salt market for the second quarter of 1900-1901, comprising the months of July, August and September 1900.

2. The quantity of salt of every description cleared during the quarter amounted to 26,15,493 maunds, as compared with 29,27,325 maunds in the previous quarter and 25,99,230 maunds in the corresponding quarter of the previous year; and the nett amount of duty levied thereon was Rs. 60,96,387, as against Rs. 68,49,893 in the previous quarter and Rs. 60,54,751 in the corresponding quarter of the previous year.

3. The quantity of locally-made salt removed from the *golas* in Orissa during the quarter and the quantity which remained in store at its close are shown in table (I) below:—

The total sales of locally-made salt during the quarter amounted to 14,868 maunds, as compared with 18,176 maunds in the previous quarter and 17,834 maunds in the corresponding quarter of the previous year. Duty was paid on the full quantity sold. In view of the large stock still remaining unsold, and the slowness of deliveries, the price of this salt has recently been reduced.

4. The subjoined table (II) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the last two years:—

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF MUNICIPALITIES IN BENGAL DURING THE YEAR 1899-1900.

MUNICIPAL DEPARTMENT.—MUNICIPAL.

RESOLUTION—No. 3383M.

Calcutta, the 30th November 1900.

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1899-1900.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1898-99.

The number of municipalities in Bengal during the year ending with 31st March 1900 was 153. Two new municipalities were formed during the year by the subdivision into smaller bodies of existing municipalities which had been found too large for efficient administration. The population within municipal limits therefore remained practically stationary, the slight variation from the previous year's figures being due to the alteration of certain municipal boundaries. According to the census figures of 1891 the population of the 153 municipal towns is 2,730,809.

2. The total number of rate-payers rose from 467,240 in 1898-99 to 469,669, representing 17·2 per cent. of the municipal population, as against 17·1 in the previous year. The increase is due to considerable additions in the Bhagalpur Municipality, where the number rose from 6,289 in the previous year to 10,233. But for this, there would have been a decrease. With reference to the falling off of 2,057 in the number of rate-payers in the municipalities of the Presidency Division as compared with the previous year, the Commissioner remarks that the reason of the variations, which are most marked in towns where the tax on persons is in force, is that, when names of rate-payers who have ceased to occupy holdings are struck off the demand roll, sufficient efforts are not made to maintain the balance by the assessment of new residents, and that many persons thus escape taxation altogether. This remark is of general application, and it is probable that the results of the forthcoming census will disclose a percentage of rate-payers decidedly lower than that at present recorded. The percentage of rate-payers to population varied between 32·2 at Noakhali and 6·1 at Kurseong. Taking Divisional averages, the percentage exceeded the provincial average in the Presidency (19·3), Chittagong (18·5), and Burdwan (18·49) Divisions, whilst the rest fell below it. In the Bhagalpur Division all the municipalities, except Deoghur and Sahibganj, show an increase, and the percentage has risen from 12·8 to 15·1.

In reviewing the working of municipalities during 1898-99, Government had occasion to comment on the extraordinarily large reduction in the number of assessees which the figures submitted to Government by the Darbhanga Municipality showed to have been effected by an objection committee, and the attention of the local officers was drawn to the matter. It is now reported that those figures were altogether erroneous. The correct figures show that the revision of assessment made in 1897-98 and 1898-99 raised the number of assessees by 2,534, or by 37 per cent., and the demand on account of personal tax by Rs. 13,146 or 59 per cent. The figures of 1899-1900 show a reduction on those of 1898 99 of 2 per cent. in the number of assessees, and of 15 per cent. in the demand; and it is reported that during the current year there has been a very large further reduction. The Commissioner observes that the reduction, including that made during the current year, is enormous and appears to be difficult to justify. The explanation given by the Chairman is that the revision of assessment was not properly done, and that the remissions which have been granted were carefully made and were justified. The matter will doubtless be further considered during the current year by the local officers. It is clear that

the Darbhanga Municipality has not yet attained to the first essential of municipal administration; that is, reasonable assessment of the property within it. Both the percentage of rate-payers to population and the incidence of taxation in this municipality are for 1899-1900 below the Divisional, and still further below the Provincial average, and it appears that a still further reduction will be made during the current year. The Lieutenant-Governor trusts that no time will be lost in putting the assessment on a final and satisfactory basis.

3. *Results of elections held during the year.*—A general election of Commissioners under the Bengal Municipal Act, 1884, took place during the year, on the expiry of the term of office of those who were elected in 1896-97. The results of the general elections, and of the bye-elections held during the year, are given in Appendix B. These were contested in 251 cases out of 457, and the percentage of voters was fairly high. In 5 cases the elections failed, owing to candidates not being nominated within the prescribed time or for other reasons. The average percentage of attendance of voters in contested elections was 43·93, against 40·9 in the general election of 1896-97. It is reported that generally a considerable amount of interest was taken in the elections, but it is nowhere stated what the questions were that aroused this interest; and, so far as can be gathered from the various reports, the issues lay generally rather between men than between measures. The incidence of municipal taxation, and the range of the objects to which its proceeds can be devoted are far more strictly limited in Bengal than in England, and Bengal cannot, therefore, be expected to show any such general division as that which exists in England between municipal parties. Contests were most general and keenest in the Burdwan and Presidency Divisions. Regarding the former of these, the Commissioner observes that the party spirit manifested in the majority of the municipalities situated on the East Indian Railway was of an unhealthy kind.

4. The following table shows the composition of the municipal bodies in each Division at the close of the year:—

Name of Division.	Number of Members.				Race.		Occupation or Profession.								
	Ex-officio.	Nominated.	Elected.	Total.	Europeans	Natives.	Government servants.	Zamindars and land-holders.	Pleaders and mukhtears.	Planters.	Merchants, traders and money-lenders.	School-masters (other than Government employés).	Medical practitioners.	Government pensioners.	Unspecified.

The variations from the figures of the previous year are slight, except in the case of school-masters other than Government servants, and medical practitioners. The landholding classes and members of the legal profession continued to provide the great majority of the Commissioners.

5. *Attendance at meetings.*—There were in all 2,515 meetings held during the year, against 2,586 in 1898-99. Of these, 243, or 9·6 per cent., were unsuccessful or had to be adjourned, as against 227 meetings, or 8·7 per cent., in the previous year. Twenty-five municipalities against 31 in the previous year held more than 20 meetings, whilst 25 municipalities failed to hold at least one meeting every month. At Sherpur in the Mymensingh district the Commissioners convened the largest number of meetings, viz., 45, of which, however, 18 were unsuccessful. Ranaghat comes next with 31 meetings, of

which 4 were unsuccessful. The municipality of Sahibganj in the Sonthal Parganas held only 7 meetings, all successful, with an average attendance of 42 per cent. of the members. The important municipality of Garden Reach has failed to hold 12 meetings during the year in two successive years, and an explanation on this point has been called for. In 69 municipalities, as against 79 in 1898-99, an average of more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were 82 at Kamarhati, 78 at Patuakhali and Jagdispur, 75 at Raghunathpur, 72 at Baduria, Dumraon and Colgong, and 71 at Cossipore-Chitpur; whilst the lowest was 23 at Meherpur.

On the whole, the number of meetings held and the average attendance at meetings appears to have been satisfactory and sufficient for practical administrative purposes.

6. *Assessments and taxation.*—The statement in Appendix C shows the mode of assessment prevailing in each municipality in the Province, the percentage at which the tax was levied, and the results of revision of assessment made during the year. Of the rates generally levied, those on holdings and on persons, the former was in force in 40 towns, and the latter in the remainder, with the exception of Bhadreswar and Puri, where both forms of taxation were in force in different wards. The rate on holdings was levied at the maximum rates prescribed by law in all but 11 towns, in which Howrah and Darjeeling are included. The tax on persons is levied on the principle of apportionment of the taxation ascertained to be necessary among the rate-payers according to their circumstances and therefore varies in each town in which it is in force.

Of special rates, the latrine-rate was levied in 93 towns on sliding scales or at rates varying from 10 to $3\frac{3}{4}$ per cent. A water rate was levied in 9 towns which are provided with a filtered water-supply.

7. The incidence of municipal taxation (excluding Calcutta) varied between Rs. 7-2-4 at Darjeeling and 4 annas at Bazitpur in the district of Mymensingh. The average for the whole Province was Re 1-1-6, showing an increase of nine pies per head since the previous year. In 54 towns, against 46 in 1898-99, the incidence of taxation exceeded one rupee per head of population, and it was below 8 annas in 38 towns, against 40 in the previous year.

8. *Revision of assessment.*—A revision of assessment, general or partial, came into force during the year in several municipalities, the best financial results being attained in the following towns:—

Name of Municipality.	Amount of increase.	Name of Municipality.	Amount of increase.
	Rs.		Rs.
Bhagalpur	23,690	Hajipur	1,546
Howrah	14,086	Santipur	1,323
Darjeeling	9,816	Monghyr	1,258
Pabna	3,097	Purulia	1,252
Barisal	2,835	Faridpur	1,168
Muzaffarpur	2,300	Lalganj	1,140
Arrah	2,293	Raniganj	1,062
South Barrackpore	1,561		

The bulk of the increase in Bhagalpur, which was very large, was effected in respect of the water-rate, which has been doubled. The Commissioner observes that this has given rise to much grumbling, as the service has not improved. One chief obstacle in the way of improvement has been lack of funds, and as this has now been removed, reforms should be speedily effected. The same officer brings to notice a number of instances of apparently unequal assessments in Monghyr.

The Magistrate of Midnapore reports that the enhancement obtained by the revision of assessment in the Midnapore Municipality was followed by liberal reductions granted by Appeal Committees, so that the net result was a small increase of Rs. 513 in the demand. A general revision of assessment in the Kharar Municipality by a Sub-Committee of the Commissioners was held null and void, it being found that the demand was considerably reduced without

assigning any reasons for it. On the subject of revision of assessments the Commissioner of the Presidency Division observes :—

"The inconsistencies in the system of taxation noticed in the previous reports still exist, and will not be removed until Municipal Commissioners become more alive to the importance of adequately assessing the rate-payers, in which duty they often fall short for fear of becoming unpopular, and the only alternative is to have the assessments properly made by outside or paid agencies, as has been done in the South Suburban Municipality under the special order of Government under section 111A of the Bengal Municipal Act."

The difficulty, however, of obtaining the services of a suitable assessor at a price which municipalities can afford to pay is very clearly pointed out and instanced by the Commissioner of Chota Nagpur, who suggests the entertainment by Government of a permanent trained staff of professional assessors to be paid by regular *pro rata* contributions from municipalities. The suggestion is one of considerable practical importance, and will be separately considered by Government.

9. *Demands, collections, remissions and outstandings on account of taxes.*—The following table compares the totals under these heads for the year 1899-1900 with those of the previous five years :—

Year	Demands.			Collections.						Remissions.				Outstanding balance.

The noticeable features of this table are the increase in the amount actually collected and the reduction of the outstanding balance.

There was an increase of 2 per cent. in the collection of current demand as compared with the previous year, and, although the proportion of gross collections to current demand has fallen slightly from 95·5 per cent. in 1898-99 to 95·3 per cent in 1899-1900, the Municipal Committees have, on the whole, done well in the collection of their revenues. The growth in the remissions, both arrear and current, is, however, an unsatisfactory feature in this table.

10. The table below shows the percentages of collection attained by the municipalities in each Division as compared with the previous year :—

Of the divisional groups, the first place is as usual taken by Dacca, which shows a further creditable advance on the satisfactory collections of the previous year, the percentage standing at 93·2, against 92·7 in 1898-99. Sixteen

out of the seventeen municipalities in the Division realised over 90 per cent. of their gross demands, the only exception being the small municipality of Nalchiti in the Backerganj district, where collections were delayed by the detection of frauds in the office and the prosecution of the accountant. The Chittagong Division with an average collection of 81·1 per cent. of the demand, comes next. Good results were also obtained generally by the municipalities in the Patna, Rajshahi, Bhagalpur and Orissa Divisions. The average percentage of collections in the Presidency Division shows a satisfactory improvement from 80·9 in 1898-99 to 85·3, whilst the percentage in the Burdwan Division, 66·28, although it shows some improvement over the previous year, was the lowest in the Province.

11. Of individual municipalities, in 51 against 42 in the previous year over 95 per cent. of the total demand was collected, the following 25 towns showing the most satisfactory results :—

These results reflect great credit on the administration of the municipalities concerned, and show that, where energy and attention are devoted to the work of collection, the municipal dues can be collected practically in full under existing rules.

In the Resolution recorded by Government on the working of municipalities during 1898-99, Howrah and Darbhanga were noticed as the most conspicuous examples of failure in the matter of collections. In the latter municipality there has been, in the year under review, a very great improvement, the percentage of collections having risen from 50·3 to 79·7. This result has been attained, as noticed in paragraph 2 above, partly by making large

reductions in the demand. But the amount actually collected has risen from Rs. 25,974 to Rs. 31,860, a result which is stated by the Commissioner to be due entirely to the exertions of the District Magistrate. As is explained in the Magistrate's report the municipality has been endeavouring to arrive at a demand which is really realisable, in place of an imaginary and irrecoverable one; and, until this is done, the percentage of collections to the demand affords no criterion of administration. Meantime, the improvement on the previous year is undoubted, and the municipality is to be congratulated on it.

In Howrah, on the other hand, the previous unsatisfactory state of things has continued. The percentage of total collections was 50·6 of the current and 69·06 of the total demand, and, in spite of largely increased remissions, the enormous outstanding demand has continued stationary. It is unnecessary for the purposes of this review to deal at any length with the reasons of the existence of this state of affairs. They have already been the subject of a special enquiry by the Commissioner whose report has been submitted to Government, and who has been requested to formulate proposals for removing the various defects which he has enumerated. It is sufficient to observe that the report in question indicates clearly the gravest lack of organisation. The Lieutenant-Governor trusts that the measures to be taken for the introduction of a better system will be effectual and will be promptly introduced.

Specially unsatisfactory results are noticeable in Bally, where the percentage of total collections to total demand was 53·03, Bhadreswar (53·6) and Hooghly-Chinsura (54·1). The administration of the collection department in these and several other municipalities of the Burdwan Division requires the special attention of the Commissioner. There is also a noticeable deterioration in the Bhagalpur Municipality, where the total sum collected fell off from Rs. 87,791 to Rs. 83,161, and the percentage of collections to demand from 77·88 to 69·9. The principal cause of this was the uncalled for delay of an objection committee in disposing of objections. This is the more unfortunate since, as has been previously remarked by Government, the finances of this municipality have been in disorder for some time. Better results are now anticipated from the stricter control which has been obtained by the appointment of a new Chairman, and it is to be hoped that the anticipation will not be disappointed.

12. The average percentage of remissions for the whole Province rose from 4·9 in 1898-99 to 5·4 during the year under review; but it is satisfactory to notice that with this slight increase in the remissions the outstanding balance fell from 16·9 to 14·8 per cent. of the total demand. The marginally-noted figures compare the percentages of remissions and the outstanding balances in each Division during the years 1898-99 and 1899-1900.

Divisions.	Percentage of remissions.		Outstanding balances.	
	1898-99.	1899-1900.	1898-99.	1899-1900.

Orissa ...	3·63	7·5	11,609	8,994
Chota Nagpur	4·8	6·1	20,166	14,967

There was a marked increase in the percentage in the Burdwan and Chota Nagpur Divisions. In the Patna Division, with a reduction in the percentage of remissions from 5·4 to 3·4, the outstanding balance also was reduced from Rs. 43,045 to Rs. 37,149. Taking the case of individual municipalities, the largest remissions were allowed in the municipalities of Garden Reach (22·0), Bhadreswar (19·2), Darbhanga (17·9), Chatra (17·2), Serampore (14·4), Lohardaga (13·5), Baduria (12·0), Hooghly and Chinsura (11·8), and Jangipur (11·5). At Garden Reach the large remissions were due to the old and irrecoverable arrears handed over to the new municipality by the South Suburban Municipality and to inequitable assessment. The case of Darbhanga is, as already noticed, a special one.

13. *Fresh imposts levied during the year.*—Fees for the registration of carts were levied for the first time in the municipalities of Muktagachha, Netrokona and Brahmanberia. A water-rate for the supply of filtered water was for the first time levied at Berhampore. Fees under Part IX of the Bengal Municipal Act for the cleansing of private privies were also levied for the first time at Muzaffarpur and Hazaribagh and in portions of the municipalities of Arambagh,

Rajpur, Garulia and Bhatpara. License-fees under section 261 were also levied for the first time at Samastipur, Netrokona and Muktagachha. Fees under the Hackney Carriage Act were levied for the first time in the Barasat Municipality. At Howrah the fees under section 189 of the Act for the removal of rubbish, which had practically never been realised before, were collected to a considerable extent.

14. *Income and expenditure.*—The following table shows separately for each Division the opening and closing balances, the income and the expenditure of its municipalities during 1898-99 and 1899-1900:—

15. *Closing balances of Municipalities.*—There was an increase in the aggregate closing balances of the municipalities from Rs. 4,84,135 to Rs. 6,01,419. In several cases funds are being accumulated for schemes of sanitation or other municipal reforms, and in some, money was reserved in hand for probable plague charges. The savings effected in estimated expenditure during the year, and the inability to fully utilise loan funds during the year, also led to the increase of closing balances. In the following cases, among others, no satisfactory explanation has been furnished of the failure of the Commissioners to utilise the funds at their disposal:—

17. Of the total increase in income shown above, the portion derived from taxation, which is a permanent and genuine increase, amounted to Rs. 1,30,893. The increase was shared by all the Divisions, except Bhagalpur, and was largest in the Burdwan Division. It is shown by divisional groups in the following table :—

18. *Tax on houses and lands.*—This tax yielded a revenue of Rs. 10,67,666, which is Rs. 16,436, or 1·5 per cent. in excess of the income during the previous year. The increase was shared by the Burdwan, Rajshahi, Orissa, and Chota Nagpur Divisions, whilst there was a falling off of revenue in the remaining five Divisions. The largest increase occurred in the Burdwan and Rajshahi Divisions of Rs. 16,264 and Rs. 8,868, respectively, whilst the increase

in the other two Divisions although small in amount, represented 18·4 per cent. in Orissa and 21·2 per cent. in the Chota Nagpur Division. The largest falling off occurred in the Bhagalpur Division. Taking individual municipalities, the largest fluctuations occurred in the following:—

Name of Municipality.	Increase.	Name of Municipality.	Decrease.
	Rs.		Rs.
Burdwan ...	5,091	Raniganj ...	1,404
Howrah ...	3,967	South Suburban ...	4,731
Hooghly-Chinsura ...	3,511	Krishnagar ...	4,595
Bhadreswar ...	2,797	Santipur ...	4,524
Cossipore-Chitpur ...	7,085	Dacca ...	1,044
Maniktola ...	2,705	Barisal ...	2,743
Darjeeling ...	7,627	Patna ...	5,529
Darbhanga ...	2,946	Bhagalpur ...	4,278
Puri ...	2,220		

Increase in the demand or improvement in collections account for the increases shown above, while the several decreases are ascribed, in Dinapore to the appearance of plague, and in other towns to laxity in administration. To this, however, Patna is an exception. The decrease in the sum collected is due, not to any falling off in the standard of collections, but to the diminution of the outstanding arrear demand. In the year under review the total collections exceeded the current demand and the arrear balance was still further reduced. This result is extremely creditable to the municipality, the more so since the number of rate-payers which it contains very greatly exceeds that in any mufassal town in the province.

19. *Tax on animals and vehicles.*—The aggregate receipts rose from Rs. 2,09,129 in 1898-99 to Rs. 2,25,697, showing an improvement of Rs. 16,568, or 7·9 per cent. The increase was shared by all the Divisions, except Rajshahi and Bhagalpur, where there was a small falling off of Rs. 608 and Rs. 56 respectively. The largest increase occurred in the Patna and Burdwan Divisions, and amounted to Rs. 7,417 and Rs 5,115, respectively. Large increases are returned by the municipalities of Howrah Rs. (4,017), Jessore (Rs. 1,541, against a total revenue of Rs. 780 in 1898-99), Patna (Rs. 1,361), Chapra (Rs. 1,424), and Darbhanga (Rs. 1,227). At Howrah the increase was apparent only, being due to the share of the income from this source due from the Corporation of Calcutta for the second half-year of 1898-99 having been credited during the year. At Jessore, as in the other two towns the increase was the reasult of better collections. It is noteworthy that the revenue from this source of the small muncipality of Baraset in the Presidency Division, which amounted to Rs. 5,317, was the largest in the whole Division.

20. *Tax on professions and trades.*—The revenue of Rs. 50,431 shows a small improvement of Rs. 1,576, or 3·2 per cent. The largest increase of Rs. 3,702 occurred in the Patna Division, and was contributed by the Patna Municipality, where the increase of Rs. 1,392 was due to more efficient administration. The income fell off in the Burdwan and Presidency Divisions, the two Divisions in which an increase would naturally be looked for. With a view to improve collections under this head, the Commissioners of the Howrah Municipality propose to open a demand register for these fees and thus to place a check on the license officer. As is remarked by the Commissioner, such a register is an obvious necessity, and should be opened in other municipalities where it is not kept at present. Bad trade in some places and laxity of supervision in others were responsible for the falling off of income in the Burdwan and Presidency Divisions.

21. *Tolls on roads and at ferries.*—Tolls are nowhere levied on any roads in Bengal, nor do the municipalities in the Chota Nagpur Division derive any income from ferries. The revenue fell from Rs. 1,49,066 to Rs. 1,31,275, *i.e.*, by Rs. 17,791, or 11·9 per cent. The receipts rose only in the Dacca Division, and were almost stationary in the Presidency and Chittagong Divisions. There was a reduction in the remaining Divisions, the largest decline of Rs. 9,011, and Rs. 5,283 occurring in the Patna and Bhagalpur Divisions. The Municipal Commissioners of Patna remitted a sum of Rs. 3,333 on account of ferry rents to compensate the lessee for the loss of income on the occasion of the Sonepore Fair due to the appearance of the plague. Arrears to the amount of Rs. 5,465 were realised by the Commissioners in the previous year, which accounts for the comparative decline in the present year. The decrease in the Bhagalpur Division was shared by the municipalities of Monghyr (Rs. 1,450) and Bhagalpur (Rs. 3,833). In the former the decrease was due to default on the part of a farmer, and in the latter to the deposit of earnest money on account of a ferry having been wrongly credited to the ferry accounts in January 1898. In the Burdwan Division the bulk of the decrease occurred at Burdwan, owing to the settlement of the ferries at a smaller rent during the year. The increase in the Dacca Division occurred mainly in the Dacca Municipality, where it was due to the realization of arrears.

22. *Water-rate.*—This rate is levied in nine towns where water-works have been installed, against eight in the previous year. At Dacca the Commissioners levy no rate for the water supplied. Deducting Rs. 7,971, the receipts accruing to the Berhampore Municipality for the first time, the revenues in the remaining eight towns show an increase of Rs. 18,325, the receipts in them having risen from Rs. 2,00,614 to Rs. 2,18,939. The increase was shared mainly by the municipalities of Howrah (Rs. 5,986), Burdwan (Rs. 3,728), Cossipore-Chitpur (Rs. 4,214), and Bhagalpur (Rs. 5,710). The levy of an increased rate and adoption of coercive measures led to the improvement in the collections at these places. At Darjeeling the receipts declined by Rs. 3,447, owing to the reduction of the rate from 3¼ to 2¾ per cent. on the annual value of holdings, and also to the suspension of the collection of the rate after the disastrous cyclone and landslips of 24th September 1899.

23. *Lighting-rate.*—This rate is levied only in the municipalities of Howrah and Darjeeling. In the former the receipts declined from Rs. 45,112 to Rs. 44,789, whilst in the latter they rose from Rs. 9,241 to Rs. 15,499. The decline at Howrah was due to a uniform rate of 3 per cent. being levied throughout the municipality in lieu of the 3½ per cent. rate which was hitherto in force in some portions of it. At Darjeeling the rate, which was raised from 2 to 2½ per cent., was levied throughout the year, whilst in 1898-99 the rate was only in force for a portion of the year.

24. *Conservancy, including scavenging and latrine rates.*—The income under this head rose from Rs. 5,72,243 to Rs. 6,41,510, resulting in the large advance of Rs. 69,227, or 10·7 per cent., on the receipts of the previous year. Large increases have accrued every year, and the total revenue, which stood at Rs. 4,50,747 in 1894-95, has risen by Rs. 1,90,763 in five years, or Rs. 38,152 a year on the average. The imposition of a latrine-tax is generally recognised as the most suitable means of raising the revenue necessary for an efficient system of conservancy in municipalities where the revenue from other sources does not suffice to meet all requirements. Taking municipalities separately, the largest increase occurred in the towns named in the margin.

Several municipalities continued their efforts towards making their trenching-grounds a source of income, but on the whole with very little success.

25. *Tax on persons according to their circumstances and property.*—The total revenue rose from Rs. 5,51,196 in 1898-99 to Rs. 5,66,699, resulting in an increase of Rs. 15,503, or 2·8 per cent. The increase was shared by all the Divisions, except the Presidency and Patna, and was largest in the Burdwan Division (Rs. 4,395) and in Chota Nagpur (Rs. 5,134). There was a decline

of Rs. 3,731 in the Presidency Division. The following municipalities show the largest variation in the yield of the tax:—

Name of Municipality.	Income during 1898-99.	Increase.	Name of Municipality.	Income during 1898-99.	Decrease.

26. Taking the rate on holdings and the tax on persons together, the total receipts rose during the year from Rs. 16,02,426 to Rs. 16,34,365.

27. *Grants from Provincial and Local Funds.*—The contributions received by municipalities from Provincial and Local Funds and from the sources shown in detail in Appendix L, rose from Rs. 1,35,409 to Rs. 2,47,292, the increase occurring in the contributions under all three heads "Medical," "Education" and "Other purposes." The contributions are classified as follow:—

Purpose for which made.	Provincial funds.	District Funds.	Other funds and public charity.	Total.
1	2	3	4	5
	Rs.	Rs.	Rs.	Rs.
Medical	16,042	49,426	66,220	1,31,688

28. *Gifts of money or land and works of public utility executed by private individuals.*—Besides the contributions included in the statement above, the following instances of private liberality deserve mention:—The Burdwan Raj Estate continued to confer a great boon on the people of the town and district of Burdwan by the maintenance of a charitable hospital and dispensary and almshouse, about 10 miles of metalled road, a second class free college, and a free collegiate school, a Sanskrit tol and a free girls' school. It also entirely maintained the charitable dispensary in Kalna. The East Indian Railway Company supplied two hydrants for the supply of drinking water to the people of the Asansol Bazar. Babus Satya Kripal and Satya Bhupal Banerjee, sons and executors to the estate of the late Babu Satya Doyal Banerjee of Telinipara, paid Rs. 500 to the Bhadreswar Municipality for the metalling of the Shibtolla ghât road, on condition that its name should be changed to that of their late father. Rai Hari Charan Chaudhuri, Rai Bahadur, contributed Rs. 1,050 towards the construction of buildings for the Hospital and Dispensary at Khulna and also paid Rs. 5,000 for investment in Government securities, the interest accruing from which is to be hypothecated to the maintenance of the indoor patients of the hospital. Rupees 9,433 in all were collected from private subscriptions and donations for the buildings of the hospital, out of which Maharaja Durga Charan Law, C.I.E., paid Rs 1,000, Kumar Munmatha Nath Mitra Rs. 1,000, Babus Girija Nath Rai Chaudhuri and Satyendra Nath Rai Chaudhuri Rs. 600, and Babus Dakhina Mohan Rai, Barada Prosad Rai Chaudhuri, and Priya Nath Das and Srimati Kamal Kumari Chaudhurani paid Rs. 500 each. The Baranagore Jute Factory Company have provided two electric lights which

are a great convenience to the people. Srimati Swarnamani Dasi, of Calcutta, has constructed a public ghât on the river Hooghly at Dakhineshwar, and has made it over to the Kamarhati Municipality. Babu Nabin Chand Ghosh, the late Chairman of the Rajpur Municipality, has caused a building to be constructed at a cost of Rs. 2,000 on the bank of the Maraganga (the old bed of the Ganges) and has thrown it open to the public for use as a *Gangajatri ghât*, or resting place for moribund persons who come to the river to die. Babu Devendra Nath Ghosh has relieved the same municipality of the charges of maintaining a road, and has put up five street lights. In Titaghar, the Khardah Company continued to supply filtered water to the public, for whom they have set up five hydrants outside their mills. The Titaghar Jute Mill Company have put up two additional hydrants for the same purpose. The Kankinara Jute Mills and the Imperial Paper Mills have each put up four hydrants outside the mill premises, from which about 20,000 gallons of filtered water are given away to the public of Bhatpara. The Anglo-Indian Jute Mills of Kankinara and the Alliance Jute Mills of Jaggaddal have respectively constructed 2,630 and 500 square feet of masonry drain at a cost of Rs. 1,000 and Rs. 300. Babu Rup Das Mukerji, one of the Municipal Commissioners of Bhatpara, has constructed a public bathing ghât and a *chandney* on the river bank at Bhatpara at a cost of Rs. 5,000. Babu Radha Nath Bagchi gave Rs. 500 to the Santipur Municipality for the construction of a water reservior and for the improvement of the local municipal school. Besides his usual subscription of Rs. 20 a month to the Murshidabad Dispensary, the Nawab Bahadur continued to pay a monthly contribution of Rs. 50 for the entertainment of a lady doctor in permanent commemoration of Her Majesty's Jubilee. He also paid a donation of Rs 200 for the purchase of surgical instruments for the dispensary. Her Highness Nawab Shamsi-Jahan Begam Saheba, C.I., paid out of her promised contribution for the construction of a ward for infectious diseases in connection with the hospital Rs. 250 in addition to Rs. 750 paid in previous years. The Maharaja of Dinajpur granted a piece of land, together with the materials of an old building standing thereon, for the purpose of constructing the local Municipal Office. In the municipality of Bogra the public library building, which was destroyed by the earthquake of 1897, was rebuilt at a cost of Rs. 4,812, of which Nawab Syed Abdus Sobhan Chaudhury contributed Rs. 3,665. The Thompson Hall at Bogra, which was also very badly damaged by the earthquake, was repaired at a cost of Rs. 1,808, paid by Babu Radha Raman Munshi of Sherpur, at whose cost the building was originally built. Rupees 626 was contributed by the Bengali merchants and other gentlemen of Sirajganj for the construction of the local dispensary building. In the Gaya Municipality a donation of Rs. 4,000 was made by the nine annas Tikari Raj towards the construction of a new operating room in the Pilgrim hospital. Messrs. Burrows, Thomson, and Mylne contributed a sum of Rs. 1,084 towards the expenses of the Jagadispur Dispensary and maintained a middle class English school at a cost of Rs. 674. In the Motihari Municipality, Babu Bishun Perkash Narain Singh, zamindar of Madhuban, made a contribution of Rs. 500 for the construction of the Motihari Municipal school building, which collapsed in the floods of 1898. In the Darbhanga Municipality, Rai Ganga Pershad Singh Bahadur made a contribution of Rs. 1,654 towards the cost of surgical instruments for the Bunwari Lall Hospital. The Narhan Estate made a grant of Rs. 500 for the improvement of the charitable dispensary at Samastipur. Contributions aggregating Rs. 2,684 were received by the Patna Municipality during the year from several rate-payers towards the construction of drains, and the Commissioner remarks that it is gratifying to notice that this principle of contribution towards local improvements is increasing amongst the people of Patna.

EXPENDITURE.

29. The total expenditure in the municipalities in the Province (excluding Calcutta) amounted during the year to Rs. 40,83,170, against Rs. 37,63,175 in 1898-99, being an increase of Rs. 3,19,995. The year closed with a balance of Rs. 6,01,419, against Rs. 4,84,135 in the preceding year. The statement in Appendix F shows the percentage which the expenditure in each municipality under each of the principal heads bears to the total outlay

(excluding debt and suspense heads). For the whole Province the percentages for the past five years are as follow :—

Year.	General establishment.	Lighting.	Water-supply.	Drainage.	Conservancy.	Medical.	Vaccination.	Public Works.	Education.
1	2	3	4	5	6	7	8	9	10
1895-96 ...	8·7	4·4	25·9	3·9	23·3	7·9	·51	13·1	3·5
1896-97 ...	9·8	4·7	15·5	3·4	26·6	9·5	·56	16·1	3·8
1897-98 ...	10·4	7·2	7·4	3·2	30·3	9·7	·57	17·1	3·7
1898-99 ...	10·6	4·4	5·9	3·4	31·7	10·5	·5	16·3	3·4
1899-1900 ...	10·4	5·8	6·5	3·5	29·5	10·5	·5	18·3	3·4

The large variations in the figures of each year are accounted for by the fact that capital expenditure is included in them. The cost, for instance, of a large scheme of water-supply in any one town disturbs the general average considerably.

30. The following statement shows the expenditure of 1899-1900 under the main heads, and also shows how these totals have varied from those of the previous year:—

31. *Office and Collection Establishment.*—The total expenditure on office establishment shows an increase of Rs. 4,226, and that on collection establishment of Rs. 6,548. There has been a steady growth of expenditure under this heading during the past five years, but it is evident from the Commissioners' reports that this item is carefully scrutinised by them in passing the budgets of municipalities. The Commissioner of the Presidency Division reports that there is a tendency in some of the "advanced" municipalities to create new appointments or to raise the pay of their servants, in anticipation of sanction to budget provision and in disregard of orders disallowing the budget provisions or prohibiting such irregular and unauthorised expenditure, and that, to check this tendency, the Commissioner found it necessary in the case of one municipality to pass an order, under the new rule 52A. of the Municipal Account Rules, directing the audit in the Magistrate's office of the municipal establishment bills with reference to the sanctioned scale before payment of the bills. The Commissioner further reports that, with a view to obviate inconsistencies and great variations in expenditure under these two heads, attempts are being made gradually to introduce a fixed and proportionate scale of expenditure on office and collection establishments with permission to the Municipal Commissioners to settle details within those limits.

32. *Prevention of fire.*—The expenditure under this head rose from Rs. 18,822 to Rs. 20,982, and almost the entire amount of the charge was incurred in the municipalities which are served by the Metropolitan Fire Brigade and contribute to its cost, viz., Howrah (Rs. 4,358), Cossipore-Chitpur (Rs. 13,016), Maniktala (Rs. 699), and Garden Reach (Rs. 350). Outside these, the only expenditure of any amount was incurred by the Serampore Municipality, viz., Rs. 1,186 on the purchase of a fire-engine.

33. *Street-lighting.*—The expenditure under this head rose from Rs. 1,53,170 to Rs. 2,13 611, showing an increase of Rs. 60,441, or 39·4 per cent, which was shared by all the Divisions except Chittagong, where the expenditure shows a small decline of Rs. 137. The increase was largest in the Burdwan Division, where the expenditure rose from Rs. 25,001 to Rs. 69,198. This, however, is mainly accounted for by the payment of arrear bills by the municipality of

Howrah. The next largest increase occurred in the Rajshahi Division of Rs. 9,059, out of which Rs. 6,854 occurred at Darjeeling alone, due to an increase in the working expenses of the electric-light installation in that town, and to the cost of repairs to the installations which were damaged by the cyclone and landslips of 24th September 1899. Sixteen municipalities spent nothing on this service, against 17 in the previous year.

34. *Water-supply.*—Under this head the total expenditure rose from Rs. 2,01,387 to Rs. 2,40,507, showing an increase of Rs. 39,120, or 19·4 per cent. over the expenditure in the previous year. The increase was shared by six Divisions, of which Burdwan and Rajshahi return the largest figures, viz., Rs. 19,011 and Rs. 16,999. In the former Division the municipality of Howrah incurred an increased expenditure of Rs. 16,692 on the extension of the water-supply to 20 lanes not served before, in which 36 additional stand-pipes have been supplied. There was an increase of Rs. 2,073 at Burdwan, due to the payment of arrear bills for the supply of coal. Darjeeling shows an increase of Rs. 21,195, due to special repairs to the pipe lines, which were considerably damaged by the cyclone of 21th September 1899, and also to an increase on ordinary repairs and establishments. The question of improving and extending the water-supply of the town has been settled, and the Commissioners have already commenced the requisite works by means of a loan from Government. The supply of water will be raised, when the works now under construction are completed, to 276,000 gallons a day. The Pasteur-Chamberland filter installed in the town has been removed by the contractors, owing to the failure of the works to fulfil the terms of the contract. At Cossipore-Chitpur the whole area is now supplied with filtered water. The total length of the pipes laid is 85,743 running feet, and there are altogether 110 double-mouthed and seven single-mouthed stand-pipes placed at convenient distances. At Maniktola a further length of 4,077 feet of pipes was laid and 13 new hydrants were erected during the year. A scheme was worked out during the year to lay pipes along six miles of roads within the populous quarter of the South Suburban Municipality with 25 hydrants at convenient distances. The scheme was sanctioned by Government after the close of the year. At Garden Reach the scheme for providing filtered water to the people of the populous portion of the town is still under the consideration of a Sub-Committee appointed by the Municipal Commissioners. At Baraset a Larymore boiler, set up at a cost of Rs. 521, is said to be giving excellent water to the people of the town. The Municipal Commissioners are taking steps to acquire and improve a tank in each ward by means of a loan from Government. At Berhampore the new water-works were opened during the year. At Rajpur two tanks have been excavated at a cost of Rs. 4,750. At Rampur Boalia almost all the tanks were flushed with river-water during the flood season. The Chairman reports that during the hot weather, when a big *chur* formed in the river leaving a stagnant channel below the town, the water of which was not fit for drinking purposes, water from the flowing stream was fetched by boats and supplied to the public at a nominal cost; but very few persons availed themselves of this supply of river-water, preferring to drink the foul tank water, for which they had to pay nothing. The water-supply of this town is very bad, and is, in the opinion of the Civil Surgeon, responsible for the recurring epidemics of cholera. The Commissioners are considering a scheme for improving the water-supply. The Municipal Commissioners of Gaya have still before them a comprehensive scheme for a supply of filtered water, which, however, cannot be carried out for want of funds. The question of water-supply at Bhagalpur has recently been much complicated by the shifting of the stream of the Ganges, and water is now drawn from a stream in which the supply is insufficient and the quality very inferior. It was proposed that a series of wells should be sunk in the *chur* near the intake, and that they should be covered over with brick domes, so as to furnish a continuous supply of naturally-filtered water at all times of the year. Government sanctioned a grant of Rs. 10,000 from the Provincial revenues for the purpose, and offered to sanction a loan of Rs. 15,000; but the municipality has so far sunk only one well, and the remainder of the scheme is in abeyance. To make the difficulty worse, the management of the works themselves has been very inefficient. A new Superintendent, however, has recently been appointed, under whom an improvement is reported to have commenced.

Considerable activity was displayed during the year in several municipalities in excavating tanks and sinking wells and tube-wells, in improving existing tanks and wells, and specially reserving selected tanks and wells for drinking and culinary purposes.

The statement in Appendix M shows the statistics of sources of water-supply available in each municipality and of the quality and quantity of the supply.

35. *Drainage.*—The total expenditure rose from Rs. 1,16,987 to Rs. 1,31,292, showing an increase of Rs. 14,305, or 12·2 per cent. over the expenditure of the previous year. An increase of Rs. 17,533 occurred under maintenance charges, whilst capital expenditure declined by Rs. 3,228. The largest increase occurred in the Patna Division (Rs. 10,176) and in Burdwan (Rs. 6,736), whilst the expenditure shows a falling off in the Bhagalpur Division of Rs. 3,928. The following municipalities show the largest fluctuations in the expenditure under this head:—

Name of Municipality.	Increase. Rs.	Name of Municipality.	Decrease. Rs.
Serampore	... 1,503	Cossipore-Chitpur	... 2,638

* Against the total expenditure of Rs. 36 in 1898-99.

A comprehensive scheme for the drainage of the Howrah Municipality is under preparation by the Municipal Engineer. The present state of the road-side drains is reported to be very unsatisfactory. At Patna nine new drains were constructed during the year, and several old drains were remodelled and linked up. A large well was sunk and a reservoir constructed for flushing a large, underground drain and other drains connected with it. The great improvements which have been made in the sanitary condition of Patna under the present regime have, it is satisfactory to observe, been maintained and continued during the year under review. Four years ago the condition of the town was such that local opinion demanded a special Commission on it. The city is now reported by the Sanitary Commissioner to be in process of becoming one of the cleanest and healthiest municipalities in India. At Muzaffarpur the increased expenditure was incurred on the construction and repair of drainage channels. At Monghyr the Commissioners have taken steps to improve the roadside drains in two of the most important wards by means of a loan of Rs. 10,000 from Government and the sum of Rs. 18,280 raised by subscription. The work in one ward has commenced, and the scheme for the other ward is under the consideration of the Sanitary Board.

36. *Conservancy* (*including road-cleaning and watering and latrines*).—The total charges on this account amounted to Rs. 10,86,791, a figure practically the same as that of the previous year. The statistics given in Appendix F show that the expenditure on this, the most important item of municipal expenditure, varied from 62·6 per cent. of the total expenditure during the year at Bhatpara to 4·2 per cent. at Taki. Amongst other towns with high percentages of expenditure on this item may be mentioned Titagarh (58·4), Garulia (51·7), Noakhali (49·3), Naihati (49·2), and Hooghly and Chinsura (48·68); whilst, on the other hand, comparatively small expenditure was incurred in the municipalities of Jessore (20·5), Khulna (17·0), Rampur Boalia (21·2), Darbhanga (16·4), Motihari (17·7), and Bhagalpur (17·79), all of which form the head-quarters of districts. It is curious to note how the percentage of expenditure varies in municipalities similarly circumstanced, such as Jhalakati and Pirojpur in the Backerganj district, where, with the same amount of income during the year, the percentages were 40·7 and 25·5, respectively. As regards large towns, however, which from time to time incur large capital expenditure on drainage or water-works schemes, comparative percentage figures are naturally subject to considerable fluctuations. There was a nominal decline at Patna, owing to the fact that in 1898-99 the municipality had to undertake the construction of plague sheds, and to pay contribution to Government for plague

precautions, the charges for which were included under this head. There was no such expenditure during the year under review. Similarly, in the Gaya Municipality the expenditure in 1898-99 was abnormally high, owing to the purchase of a large quantity of tramway materials for the introduction of Part IX. Large variations occurred also in the following municipalities :—

Name of Municipality.	Increase.	Name of Municipality.	Decrease.
	Rs.		Rs.
Muzaffarpur	9,090	Darbhanga	6,326
Burdwan ...	4,348	Howrah	4,725
Titagarh ...	3,047	Serampore	2,700
South Barrackpore ...	2,478	Baidyabati	2,186
Garden Reach	2,106		

At Burdwan the increase was due partly to the payment of charges incurred in the previous year, and partly to increased expenditure incurred during the year. The increase at Titagarh was due to the excavation of two tanks on the trenching-ground, and the employment of additional establishment. Increased establishment and the construction of a public latrine account for the increase at South Barrackpore. At Garden Reach the increase was chiefly on account of the sinking of six wells for road-watering. The decline at Howrah and Darbhanga is only apparent, being due to the wrong classification in 1898-99 of certain charges under this head, which have been shown under the proper head in 1899-1900. No explanation has been given of the reduction at Serampore, whilst that at Baidyabati was due to the unsatisfactory ground of the reduction of the conservancy staff. It is reported that coke-breeze filters are working satisfactorily at Dacca, Narayanganj and Nasirabad.

Since the close of the year the Sanitary Board have published a report on the results of the experiments carried on by the Sanitary Engineer in the septic tank treatment of sewage. Further experiments have been directed by Government, and in the meantime municipal authorities have been advised to proceed cautiously in introducing the system.

37. *Hospitals and Dispensaries.*—The expenditure under this head amounted to Rs. 3,89,172, an increase of Rs. 28,516 on the previous year. The actual expenditure from municipal revenues was Rs. 2,50,165, showing an increase almost precisely equal to that in the contributions made to municipalities for medical purposes. The most important undertaking of the year was at Khulna, where a new hospital was constructed by the municipality with the aid of a contribution from Government and liberal private subscriptions. This undertaking affords a gratifying example of what can be effected by well-directed public spirit. In Darbhanga the outdoor dispensary was converted into an indoor hospital, causing a rise in expenditure of Rs. 5,513, and extensions and improvements were made in the dispensary at Burdwan. On the whole, it appears that municipalities contribute to this purpose as liberally as their resources will permit. Complaints, however, occur in the reports of the unwillingness of private individuals to subscribe to the support of institutions under the management of municipalities. The liberality of the public is conspicuous on special occasions, as in Khulna during the year under review, when funds are required for a tangible object, such as the construction of a new building; but interest in medical institutions has been found almost invariably to flag when it comes to keeping up a regular flow of subscriptions for the maintenance of a municipal dispensary. This fact was specially brought to the notice of Government during the year, and instructions were issued with a view to ensuring that the contributions of municipalities to dispensaries should be fixed for definite periods, that unofficial managing Committees should exercise more direct control over management and be given a greater interest than they at present have in obtaining subscriptions by the certainty of being able to devote the whole amount collected, in addition to the municipal contribution, to the improvement of their dispensaries. These instructions will, it is hoped, have a good effect in increasing private contributions. Their issue has been too recent for much result to be shown during the year under review.

38. *Vaccination.*—The statement in Appendix II gives full information in regard to vaccination. There were 203 vaccinators employed at a cost

of Rs. 19,902, and these performed 98,664 operations, of which 83,224 were primary, and 15,440 were revaccinations; of the total operations, 88·9 per cent. are reported to have been successful, against 87·4 in the previous year. Each operator vaccinated on an average 488 persons, the average cost of each operation being 3 annas 7 pies. The proportion of persons primarily vaccinated exceeded 5 per cent. of the total population in the seven towns named in the margin.

39. *Public Works.*—The expenditure on Public Works rose from Rs. 5,59,030 to Rs. 6,73,847 during the year. The following table compares the expenditure under the several sub-heads during the two years :—

40. *Public Instruction.*—The total expenditure under this head, as shown in Form III, was Rs. 1,26,483 against Rs. 1,26,874 in the preceding year.

The total expenditure on primary education, the details of which are given in Appendix I, amounted to Rs. 68,388 against Rs. 65,576 in 1898-99. The following table compares the expenditure on primary education, Division by Division, during the last two years, with the standard, as shown in column 2, which has been fixed as a reasonable average :—

Name of Division.	Cost of teaching half the boys of a school-going age in the municipalities in each Division at 10 annas per head.	Total expenditure on primary education. Total ...	68,316	65,576	68,388	+72	+2,813	2·6	2·7

It will be observed that on the whole the expenditure has almost exactly coincided with the standard, which however is based on the figures of the last census, and is therefore probably lower than will be shown in future reports.

41. *Loans.*—The table in Appendix K shows the loan transactions of municipalities during the year. The new loans raised and the purposes for which they were obtained are shown in the margin. At Darjeeling the Commissioners received an instalment of Rs. 23,000 out of the total loan of Rs. 1,20,000 for the electric light installation. This municipality also obtained an instalment of

Rs. 50,000 out of the loan of Rs. 2,00,000 sanctioned for the improvement and extension of the water-supply. The Baraset Municipality also received the first instalment of Rs. 2,500 out of the loan of Rs. 5,000 for water-supply. The Jamalpur Municipality received Rs. 3,600 for improving the drains in the bazar. The total loan liabilities of municipalities at the close of the year amounted to Rs. 30,58,883.

42. *Financial condition of municipalities in debt to Government.*—The statement in Appendix N shows the financial condition of municipalities which were in debt to Government during the past year. The list contains the names of 34 municipalities. All of these paid the interest and sinking fund instalments due from them in full during the year, and, as the figures show, there is no danger that any of them will in future be unable to do so. In the fourteen municipalities named in the margin the ordinary income of the year fell short of the ordinary expenditure and the loan charges together. This however is due either to a reasonable use being made of the balances in hand at the opening of the year, or to failure to collect the full revenue of the municipality, which, if realised would have given a surplus over all charges. With the exception of Howrah and Bhagalpur the financial condition of all these municipalities is satisfactory; and an improvement in administration would put the finances of these towns also on a sound basis.

43. *Audit of Accounts, and embezzlements.*—A large number of cases of embezzlement was brought to notice again during the past year, most of which were facilitated by laxity of supervision of the collection establishment. The defalcations occurred in the municipalities of Kotrang, Maniktala, Nator, Darjeeling, Nalchitti, Patna, Kishenganj, Lohardaga and Daltonganj. The list is longer than it should be, and it is necessary that Chairmen and Vice-Chairmen of municipalities should pay greater regard to the Municipal Account Rules than they appear to do at present.

44. *Working of the Porters and Dandiwallas' Act.*—The Act is in force only in the Darjeeling Municipality. The total number of porters and *dandiwallas* registered during the year was 653, against 750 in the previous year. There were 25 prosecutions under the Act, against 22 in 1898-99, and the amount of fines realised was Rs. 38. No license was cancelled during the year. The law continued to be carefully worked, and a close supervision is exercised over the porters and *dandiwallas*.

45. *General working of the Bengal Municipal Act, 1884, during the year.*—Mr. C. J S. Faulder, Officiating Commissioner of the Burdwan Division, makes the following remarks on the subject—remarks which, the Lieutenant-Governor regrets to observe, corroborate the opinions of his predecessor:—

"As Magistrate of Midnapore I had always been able to report very favourably upon the progress of municipal institutions. I there found the small municipalities very well managed and the big town of Midnapore very fairly so. On coming to Chinsura as Commissioner, I have been very disappointed at the contrast afforded by the big municipalities which lie along the East Indian Railway to those which I had known at Midnapore. My Midnapore experience was entirely confirmed by what I found to be the state of affairs in the municipalities of other out-of-the-way parts of the Division, those of the Bankura and Birbhum districts and the remote parts of Burdwan and Hooghly; but the backwardness and inefficiency of almost all of the more important municipalities in close touch with Calcutta has been an unpleasant surprise. The chief cause of their failure appears to be the prevalence and malignity of party spirit among the classes which compete for election; the parties being divided upon purely personal lines rather than by any divergences of principle or policy, their emulation is not of a healthy kind or beneficial to municipal progress."

46. Mr W. C. Macpherson, Officiating Commissioner of the Presidency Division, writes:—

"The most satisfactory feature in the municipal administration of the Division is the improvement in the collections, which is, I have no doubt, largely due to the Hon'ble Mr Buckland's vigilant inspections and admonitions The record of work done shows solid progress, though much yet remains to be done in all the municipalities."

47. The following are the comments of Mr. H Savage, Commissioner of the Dacca Division:—

"Narayanganj continues to be a model of what a municipality in Eastern Bengal can and should be. Barisal and Faridpur are its nearest rivals in excellence. Dacca and Nasirabad are both improving, and in nearly all of the other and smaller municipalities as much has been done as can fairly be expected under existing circumstances."

48. Mr. R. S. Greenshields, Officiating Commissioner of Chittagong, who has only recently joined the Division, observes that the town of Chittagong appears to be well kept, but that it is said that fever has become more prevalent since the cyclone of 1897.

49. Mr. L. Hare, C.I.E., Officiating Commissioner of the Patna Division, observes:—

"On the whole the year was one of moderate progress and improvement in several branches of municipal administration. The improvement in the management of the Patna and Darbhanga Municipalities has been marked, as already noticed. The non-official Chairman of the Arrah Municipality, Babu Chaturbhuj Sahai, continued to work well. He has been re-elected as Chairman since the close of the year. I myself joined this Division only in March, and have only had an opportunity of seeing Patna and Barh Municipalities. In Patna I have been well satisfied with the business-like way in which work is done, and many improvements have been and are being carried out. Barh is a most difficult town to deal with, and I do not feel very hopeful about it."

50. The following are the comments of Mr. H. C. Williams, Commissioner of the Bhagalpur Division:—

"I consider that, on the whole, the year has been one of steady progress. In most municipalities both Chairmen, Vice-Chairmen and Commissioners have taken considerable interest in their work, and some have devoted a great deal of time to what is often a thankless task. Some of the most prominent features of the work of 1898-99 have been improved, especially the low proportion of rate-payers in Bhagalpur. I would bring especially to the notice of Government the work done by the following gentlemen:—Babu Shiva Nandan Prosad Singh, Vice-Chairman, Monghyr Municipality; Babu Kirti Chandra Chatterji, Chairman, Bhagalpur Municipality; Mr. A. W. Rendell, Chairman, Jamalpur Municipality; Babu J. N. Mukherji, Vice-Chairman, Purnea Municipality; Babu Nilmani Ghattak, Chairman, English Bazar Municipality; Babu Hari Charan Ganguli, Chairman, Colgong Municipality; Babu Poshupati Bose, Vice-Chairman, Sahibganj Municipality.

51. Mr. E. B. Harris, Commissioner of the Orissa Division, is of opinion that the general working of the Municipal Act in that Division was satisfactory. As regards the Puri Municipality, he observes that the town is undoubtedly in a very insanitary condition, as reported by the Sanitary Commissioner and the Inspector-General of Civil Hospitals; that the expenditure incurred by the municipality on account of the influx of pilgrims is large, and that it is hardly possible that proper sanitary precautions can be taken unless the sanitation of the town is undertaken by Government.

52. Mr. A. Forbes, C.S.I., Commissioner of the Chota Nagpur Division, concludes his report with the following observations:—

"On the whole, there has been a marked improvement in municipal administration throughout the Division during the past year. The percentage of collections on current demand has increased from 73·9 to 83·2 and on the total demand from 69·7 to 77·3, with the result that the total collections have improved from Rs. 97,693 in 1898-99 to Rs. 1,11,763 during the year under review. The extension of Part IX of the Act and the introduction of the system of making collections at the Municipal Office have been progressed with, on the whole, with good results; the only matter in regard to which I am not quite satisfied being the doubtful manner in which the work of revision of assessments has, in some cases, been conducted, owing to the difficulty in obtaining the services of properly-trained assessors for this important duty. . . . . The instructions from this office have always been taken in good part, and properly attended to by the Municipal Commissioners; and I can only repeat what I said two years ago, viz., that the standard amongst Municipal Commissioners in this Division generally as regards interest in their work and their wish to do their duty, appears to me quite up to, if not in advance of, that to be found in any other part of Bengal.

"My special thanks are due to the gentlemen mentioned in the margin for the great personal interest shown by them in their municipal duties and the good and useful work they have each done."

Babu Kalipada Ghose, Vice-Chairman, Ranchi Municipality.
The Revd. F. Hahn, Chairman, Daltonganj Municipality.
Babu Nanda Lal Dey, Vice-Chairman, Chaibasa-Chattra Municipality.
W. B. Thomson, Esq., C.S., Chairman, Chaibasa Municipality.
Dr. A. A. Allison, Vice-Chairman, Chaibasa Municipality.

53. As a whole, the year has been one of improvement. Collections of revenue are decidedly better, and there is some evidence that the repeated admonitions of Government and its supervising officers have had effect in stimulating the energies of Municipal Commissioners in this vital branch of their duties. Assessments are still unequal, and sometimes inadequate, and it is doubtful whether real improvement will ever be effected till municipalities avail themselves more generally of trained professional agency. In almost all other branches of work, good progress has been made. The record of what has been accomplished in Patna is a striking one, and entitles the local authorities to the highest credit. Other towns which have deservedly earned high praise are Narainganj and Tamluk. On the other hand, the administration of the larger towns in Hooghly, Howrah and Burdwan has been the subject of unfavourable comment, which is the more regrettable, because these are inhabited largely by persons from whose education was expected the best and most honourable result. The Lieutenant-Governor trusts that they too will take to heart the example offered by their neighbours, and that the report for current year will record an honest endeavour to raise their standard of administration.

By order of the Lieutenant-Governor of Bengal,

E. N. BAKER,

Secretary to the Government of Bengal.

RE-ARRANGEMENT OF THE GRADES AND RATES OF PAY OF DISTRICT AND SESSIONS JUDGES IN BENGAL.

RESOLUTION No. 4578A.

APPOINTMENT.

Dated Calcutta, the 30th November 1900.

READ—

Letters to the Government of India in the Home Department, Nos. 156A.—D., 267A.—D., and 334A.—D., dated the 15th May 1897, the 5th June 1897 and the 19th June 1897, respectively, submitting certain letters and memorials representing the necessity of measures for improving the position of the Judicial Service in Bengal.

Letter No. 891, dated the 19th June 1899, from the Government of India in the Home Department, asking this Government to consider the question of the redistribution of the grades and salaries of the District and Sessions Judges in Bengal.

Letter No. 355A., dated the 18th January 1900, to the Government of India in the Home Department, submitting a report on the subject.

Letter No. 913, dated the 27th June 1900, from the Government of India, Home Department, forwarding a copy of the correspondence with Her Majesty's Secretary of State for India on the subject, and directing that the scheme sanctioned by the Secretary of State may be introduced as soon as the Provincial Revenues are in a position to bear the additional expenditure.

In 1897 certain District and Sessions Judges in Bengal submitted memorials praying for the improvement of the Judicial Branch of the Indian Civil Service. In transmitting the memorials to the Government of India this Government suggested the advisability of providing a few appointments for the members of the Judicial Service with higher pay than that of the present first grade of District and Sessions Judges, in order to place them more on an equality with officers of the Executive Branch.

2. The proposals were laid in due course before the Secretary of State, and he has now sanctioned the following re-arrangement of the grades and rates of pay of District and Sessions Judges in Bengal:—

					Rs.
3	first grade	District and Sessions Judges on	...	...	3,000
14	second grade	ditto	ditto	...	...	2,500
16	third grade	ditto	ditto	...	...	2,000
33					

The total number includes the Superintendent and Remembrancer of Legal Affairs, and the Judicial Commissioner of Chota Nagpur. One of the conditions under which the scheme has been sanctioned is that these two appointments are not attached to any particular grade, but may be held by an officer of any grade. Another condition is that promotion to the highest grade on Rs. 3,000 will go by merit, rather than by seniority.

3. In compliance with these orders, the Lieutenant-Governor is pleased to give effect to this re-arrangement from the 1st October 1900 and to appoint the following officers to the first grade :—

(1) The Hon'ble Behari Lal Gupta, who will continue to hold the post of Superintendent and Remembrancer of Legal Affairs.

(2) Mr. F. B. Taylor, who will continue to hold the post of Judicial Commissioner, Chota Nagpur.

(3) Mr. A. E. Staley, District and Sessions Judge of Muzaffarpur, on privilege leave.

4. The number of appointments sanctioned for the second grade is 14. This included the appointment of District Judge, Sylhet, which was transferred to Assam and was held by Mr. D. Cameron. So long as Mr. Cameron remained in Assam, the number of appointments in the second grade in

Bengal was 13 and the number in the third grade 17. The second grade, therefore, consisted of the following 13 officers:—

(1)	Mr. F. E. Pargiter ...	... District and Sessions Judge, 24-Parganas.
(2)	„ G. W. Place ...	... Officiating District and Sessions Judge, Patna.
(3)	„ R. H. Anderson ...	... District and Sessions Judge, Saran.
(4)	„ B. G. Geidt ...	... District and Sessions Judge, Tippera, on furlough.
(5)	„ S. J. Douglas ...	... District and Sessions Judge, Dacca, on furlough.
(6)	„ C. P. Caspersz ...	... District and Sessions Judge, on furlough.
(7)	„ H. Holmwood ...	... District and Sessions Judge, Gaya.
(8)	„ R. R. Pope ...	... Ditto ditto, Dinajpur.
(9)	„ A. F. Steinberg ...	... Ditto ditto, Rajshahi.
(10)	Kumar Gopendra Krishna Deb ...	Ditto ditto, Burdwan.
(11)	Mr. W. Teunon ...	... Ditto ditto, Murshidabad.
(12)	„ H. R. H. Coxe ...	... Officiating Additional District and Sessions Judge, 24-Parganas and Hooghly.
(13)	„ G. Gordon ...	... Officiating District and Sessions Judge, Dacca.

5. The third grade included the following officers:—

(1)	Mr. C. W. E. Pittar ...	District and Sessions Judge, Backergunge.
(2)	„ A. P. Pennell ...	... Ditto ditto, Noakhali.
(3)	„ W. B. Brown ...	... Ditto ditto, Cuttack.
(4)	„ A. E. Harward ...	... Officiating District and Sessions Judge, Hooghly.
(5)	„ F. S. Hamilton ...	... Additional District and Sessions Judge, Jessore-Khulna and Backergunge, on furlough.
(6)	„ H. E Ransom ...	... District and Sessions Judge, on furlough.
(7)	„ Ambica Charan Sen	... Ditto ditto, Mymensingh.
(8)	„ W. H. Lee ...	.. Officiating District and Sessions Judge, Purnea.
(9)	„ T. W. Richardson	... District and Sessions Judge, on furlough.
(10)	„ F. MacBlaine ...	... Officiating District and Sessions Judge, Purnea, on privilege leave.
(11)	„ Lokendronath Palit	... District and Sessions Judge, Jessore.
(12)	„ Syud Nurul Huda	... District and Sessions Judge, on privilege leave.
(13)	„ W. H. H. Vincent	... Officiating District and Sessions Judge, Bhagalpur.
(14)	„ Barada Charan Mitra	... Officiating District and Sessions Judge, Nadia.
(15)	„ Kedar Nath Roy	... Officiating District and Sessions Judge, Bankura.
(16)	„ E. G. Drake-Brockman	... Officiating District and Sessions Judge, Midnapore
(17)	„ J. H. Temple ...	... District and Sessions Judge, on furlough.

6. The above statement shows the names of the officers who were in the different grades as they stood on the 1st October 1900. Mr. D. Cameron reverted to Bengal on the 7th November 1900, and from that date, the number of appointments in the second grade should be held to be 14, and that in the third grade, 16, as sanctioned by the Secretary of State. Mr. Cameron should be held to have absorbed the additional appointment in the second grade, and, to admit of the reduction in the third grade, Mr. J. H. Temple, the junior substantive Judge, should be held to have reverted from that grade to the third grade of Magistrates.

RESOLVED.—That the Resolution be published in the *Calcutta Gazette*, and that copies be forwarded to each officer concerned for information, and to the Financial Department of this Government for information and for communication to the Accountant-General, Bengal.

By order of the Lieutenant-Governor of Bengal,

J. A. BOURDILLON,

Chief Secy. to the Govt. of Bengal.

The mean temperature of the seven days	°	69·6
The average temperature of the corresponding period for 24 years, Surveyor-General's Office		71·3
The extreme variation of temperature		25·8
The maximum temperature		82·9
The highest velocity of the wind in one hour	Miles.	10
The mean relative humidity	%	76
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office		71
The total fall of rain from 25th November to 1st December 1900	Inches.	Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office		Nil
The total fall from 1st January to 1st December 1900		89·27
The average fall of the corresponding period for 24 years, Surveyor-General's Office		65·15

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

NOTIFICATION—No. 5031Mis.

The 19th November 1900.—It is hereby notified for general information that under the powers conferred on him by clause (1), section 9 of the Indian Census Act (Act X of 1900), the Lieutenant-Governor is pleased to direct that in cases where it is likely that a more accurate record will be obtained if the census schedules are filled in by the occupier of a dwelling-house or any specified part thereof, rather than by the enumerator of the block, the enumerator or other census officer deputed for the purpose shall, a few days before the census, leave at the house of each such person a household or private schedule in the form annexed. It will be the duty of the occupier to fill in correctly all the columns of the said schedule for all persons present in his house on the night of the 1st March (except native servants who will be dealt with by the enumerator) and to make over the same to the enumerator or other census officer when he calls for it on the morning of the 2nd March. The instructions for filling in the schedule are printed on the back of the same. Any further explanations that may be required will be furnished by the Census Officer concerned.

The 4th December 1900.

No. 255.—Notification.—In supersession of Notification No. 363, dated the 29th October 1883, in so far as it concerns the rivers and khals, in the districts of Midnapore, and Hooghly,

and within the Cossye Division, and of item 1 of Notification No. 367 of the same date relative to the Damodar river, in so far as it lies within the above division, the Lieutenant-Governor of Bengal proposes, under section 6 of Act II (B.C.) of 1882, to declare that the provisions of clause (*b*) of section 76 of the Act, shall take effect over a tract of country extending for one mile on both banks of the rivers and khals, or portions of the same, specified below, together with the beds of the same rivers and khals. The erection of any new embankment, or any addition to any existing embankment, or the obstruction, or diversion, of any water-course within the tract above defined, without the previous permission of the Collector, will be prohibited. The rivers and khals, or portions of the same, specified below, are placed in charge of the Executive Engineer, Cossye Division, as public water-courses.

BANKIPORE, C. W. PEAKE,

The 8th December 1900. *Inspector of Schools, Patna Circle.*

ORDERS BY THE VICE-CHANCELLOR AND SYNDICATE OF THE CALCUTTA UNIVERSITY.

I.—The following changes in the Regulations of the Calcutta University, which were adopted by the Senate at their meeting held on the 25th August 1900, having been approved by His Excellency the Governor-General in Council, are published for general information:—

(*a*) In paragraph 2 of the B.L. Regulations (page 45, Calendar for 1900), after the letters "B.A." have been added "or B.Sc."

This change is to come into effect at once.

(*b*) The following Syllabus in Sanitary Science has been adopted for the F.A. Examination:—

1. *Introduction.*—Meaning of the terms Sanitation and Hygiene. Objects in view in studying these subjects. Division into two great subjects—public health and personal health.

2. *General functions of the body.*—Anatomy and Physiology. Treatment of the two subjects together in a very elementary manner, so as to teach something of digestion, circulation of the blood, respiration, secretion and excretion, &c.

3. *Water.*—Importance of its purity. Sources—rivers, tanks, wells and their relative value. Composition: Characters and classifications of potable waters. Origin of impurities. Purification. Prevention of pollution of tanks, wells and rivers. Diseases caused by impure suppy. Artificial water-supply and the different ways of effecting it. Water-works, &c.

4. *Air.*—Composition. Impurities. Effect of human beings, animals and plants on the air. Cubic space necessary for each person. Dangers of overcrowding. Ventilation.

5. *Local conditions.*—Soil, climate meteorology, sites for buildings, influence of swamps, vegetation, winds, rainfall, temperature and humidity. Diseases connected with the soil.

6. *Food and diet.*—Classification, uses and Physiology. Animal and vegetable food. Principles of diet. Cooking and preparation of food. Hours for meals. Effects of excess or deficiency of food. Condiments. Effects of unwholesomeness. Adulteration. Food in use in native homes. Diseases connected with food.

7. *Disease.*—Contagion. Epidemics. Modern ideas as to the causes of epidemic and endemic disease amongst men and animals. Bacteriology. Cholera, small-pox, plague, malaria fevers, &c. Prevention by segregation, disinfection, heat, &c.

8. *Personal Hygiene.*—Habits, exercise, sleep, cleanliness, washing, attention to the skin and bowels. Parasites. Clothing. Effects of early marriage. Care of children. Effects of excess and intemperance; of tobacco, opium and other articles of a similar kind.

9. *Waste and impurities.*—Disposal of excreta, sewage and refuse. Latrines. Offensive trades. Drainage. Disposal of the dead. Diseases connected with filth.

10. *Vital statistics.*—Reasons why they are necessary.

11. *Sanitary Inspections and Sanitary Law.*—Reasons why they are necessary. Duties of the citizen as regards sanitation.

Instruction is best afforded by lectures which need not exceed 20 in number. They should be extremely practical, as well as of a popular character, and in many of the sections will necessarily be quite elementary; they should be illustrated by simple experiments and demonstrations.

(*c*) The following alterations have been made in the Syllabus prescribed (page 33 of the Calendar, 1900) for the study of History for the B.A. Examination in both the Pass and Honour courses:—

For—

"Pass Subjects.	*Corresponding Honour Subjects.*
IV.—History of England and History either of India or of Greece and Rome. Elements of Political Economy,	IV.—History of England, India, Greece and Rome, a fuller course of Political Economy than the pass course, and the Elements of Political Philosophy,"

the following have been substituted :—

"Pass Subjects.	*Corresponding Honour Subjects.*
IV.—History of England and either History of Greece and Rome, or History of India, together with the History of Hindu and Muhammadan Civilisation. Elements of Politial Economy.	IV.—History of England, Greece, Rome and India, together with the History of Hindu and Muhammadan Civilisation, a fuller course of Political Economy than in the Pass Course and the Elements of Political Philosophy."

The changes in the F.A. Regulations are to come into operation at once so as to apply to candidates at the F.A. Examination of 1902 and subsequent years.

The changes in the Syllabus prescribed for the study of History at the B.A. Examination are to come into effect at the Examination of 1903.

II.—The following dates have been fixed for holding the Medical and Engineering Examinations in 1901:—

(*a*) M.B. Examinations—Monday, the 11th March 1901, and following days.

(*b*) L.M.S. Examinations—Monday, the 15th April 1901, and following days.

(*c*) F.E. Examination—Monday, the 15th April 1901, and following days.

(*d*) L.E. and B.E. Examinations—Monday, the 8th July 1901, and following days.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorising the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receidts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1899-1900, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18 Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

P. C. MITTER,

Offg. Secretary.

Notice under Rule 19, Section II.

NOTICE is hereby given that the lease of the land specified in the Schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sundarbans, has been applied for by Sarada Prasad Dalal and will be sold at 12 o'clock noon on the 15th February 1901 A.D., Friday, the 3rd Falgoon 1307 B.S., at the Sundarbans Commissioner's office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands in the Sundarbans of the 24-Parganas, Khulna, and Backergunge, dated 12th November 1879:—

Conditions.

That the land shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a towpath, not less than 25 feet in width, on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land; but for wood and timber exported for sale, a duty shall be levied at such rate and in such manner as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals on the land, together with such rights of way and other reasonable facilities as may be requisite for working, getting and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right, which shall be hereditary and transferable.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Nadia will be put up to sale at the Nadia Collectorate on Monday, the 7th January 1901, corresponding with Bengali 23rd Pous 1307.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if the day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

GENERAL CONDITIONS

Tenders should be superscribed "Tender for paper," and should be accompanied by a deposit of one per cent. on the value of the tender. This deposit should be paid into the Bank of Madras and its receipt attached to the tender. In cases where tenders may deposit Government Promissory notes, they should endorse the same payable to the "Collector and Superintendent of Stationery, Madras."

2. Tenderers should send five sheets of each description of paper tendered as a sample, marking clearly thereon the manufacturer's name and the description, size and weight. They should be flat, not folded.

3. The papers should be delivered at the Stationery Office, Beach, Madras, at the cost and risk of the contractor.

4. The successful tenderer or tenderers will be required to pay a security of 10 per cent. on the value of the paper for which the tender is accepted and to sign a contract bond (a form of which will be furnished by this office for inspection) within twenty days from the date of his being informed by this office of the acceptance of his tender; and, in case of failure, his deposit delivered with the tender will be forfeited and credited to Government and his tender considered as cancelled.

5. The necessary stamp duty on the contract bond must be paid by the contractors

6. The quantities specified in the above schedule are only probable requirements; actual demands will be mentioned in the orders given from time to time, agreeably to which contractors will be required to supply the articles

7. Blotting-paper should be packed and supplied in tin-lined deal wood cases. Other papers should be *well packed* in strong canvas with bale planks and iron hoops. They should be packed quite flat and each quire in a ream packet should be distinctly marked or separated by a slip of coloured paper, each ream being tied with string. All bales of each description and size of paper should contain a uniform number of reams. Each ream of printing, cartridge and badami paper should contain 500 sheets. Each bale should be superscribed with the description and size of paper and the number of reams it contains.

8. All consignments of paper will be examined after arrival at Madras, and will be liable to rejection if inferior in any respect to the accepted sample. The decision of the Superintendent of Stationery in this matter is final; recourse to arbitration cannot be permitted.

9. All papers must be free from any mixture of mechanical wood pulp.

10. In cases of necessity, the contractors must undertake to store the consignments in their own godowns for a period not exceeding three months at their risk and free of charge.

11. In the event of a consignment being rejected, the contractors will be required to remove it at once, and replace it within a month from the date of intimation of rejection.

12. Considerations of the quality of the paper tendered and of its price will alone guide the Superintendent in his decisions, but he reserves to himself the right, without assigning any reason, of rejecting any tender in whole or in part, and in respect of articles, rates, quantities or other particulars, etc.

13. Forms of tender and any further information can be obtained on application to the Superintendent of Stationery, Madras.

NOTICE TO MARINERS—No. 310.

[First Publication.]

CHINA—YANG TSE KIANG APPROACH.

North channel and Tsung Ming crossing—Depths, buoys, &c.

THE British Admiralty has given notice (No. 735 of 1900) that from an examination recently made of the Shaweishan, or North, channel into the Yang tse, it would appear that no very extensive alteration has taken place in the depths, or configuration of the banks, as represented on Admiralty Chart No. 1602, corrected to August 1900, as a depth of from 19 to 20 feet at low water can be carried across the bar.

To facilitate crossing the bar in the deepest water two additional red conical buoys have been laid out.

1. An outer bar buoy, named SHAWEISHAN BANK BUOY, surmounted by a staff and globe, in 20 feet from which Shaweishan lighthouse bears N. 9° W., distant $2\frac{8}{10}$ miles.

   Approximate position, lat. 31° 22½′ N., long. 122° 14½′ E.

2. An inner bar buoy, named CHI YAO BANK OUTER BUOY, surmounted by a staff and cage, in 23 feet situated with Drinkwater point lighthouse bearing N. 58° W., distant $7\frac{1}{10}$ miles.

   Approximate position, lat. 31° 24′ N., long. 121° 56′ E.

3. The Fairway buoy, now the middle bar buoy, is coloured red and surmounted with a staff and ball.

   Approximate position, lat. 31° 24′ N., long. 121° 59½′ E.

To cross the bar in the deepest water vessels should pass close southward of the above-named buoys.

TIDAL INFORMATION.—In order to inform vessels, approaching the bar, what water they may expect in crossing it, a tide gauge has been established on Shaweishan island, and the height of the tide in feet above the 20 feet depths in the channel will be signalled by the International Code to any vessel asking for this information.

Tsung Ming crossing.

Also, that the Swashway, now named Tsung Ming crossing with a depth of 26 feet at low-water springs, and a width of 2 cables, between the north and south channels, north-westward of Tsung Ming bank, has been buoyed as follows:—

(*a*) EAST ENTRANCE BUOY is a conical black buoy, surmounted by a staff and globe, moored in a depth of 39 feet, and with Middle island beacon bearing S. 29° E., distant $5\frac{4}{10}$ miles.

Approximate position, lat. 31° 30¼′ N., long. 121° 33′ E.

(*b*) FIRST CROSSING BUOY is a conical black buoy, surmounted by a staff and cage, moored in a depth of 29 feet, with Middle island beacon bearing S. 43° E., distant $6\frac{1}{10}$ miles.

(*c*) SECOND CROSSING BUOY is a conical black buoy, surmounted by a staff and triangle, moored in a depth of 26 feet, with Middle island beacon bearing S. 55° E., distant 6¼ miles.

(*d*) WEST SPIT BUOY is a conical buoy, painted in red and black vertical stripes, surmounted by a staff and globe, moored in a depth of 30 feet, with Middle island beacon bearing S. 67° E., distant $7\frac{4}{10}$ miles.

DIRECTIONS.

Vessels bound to Shanghai through the North channel, after passing Liu Chiao light-house, should keep the coast of Tsung Ming island about one mile distant until the East Entrance buoy is sighted, when the course should be altered to pass about one cable to the northward of that buoy, and after passing the same distance to the northward of the other three buoys in the crossing, stand over towards the south-western bank of the Yang tse until about mid-channel, when a course may be shaped either up or down the river.

CAUTION.—Allowance must be made for the flood-tide which sets to the north-westward across the Swashway, especially between the East Entrance and First Crossing buoys. (*Notice No. 735 of 1900.*)

Suangi islands—Leading lights intended.

THE British Admiralty has given notice (No. 738 of 1900) that, probably in November 1900, leading lights will be established on the Suangi islands, Pulo Laut strait:—

Suangi rear light will be *white fixed*, elevated 154 feet above high water, and visible from about the bearing of N. 13° E. to N. 3° E., and from about S. 35° W. to S. 25° W.

It will be shown from an iron skeleton tower 23 feet high, painted white, near the dwelling, erected near the position of the beacon, which is about 7 cables north-eastward of the south point of the island.

Approximate position, lat. 3° 27′ S., long. 116° 1′ E.

Suangi front light will also be *white fixed*, elevated 36 feet above high water, and visible from about S. 35° W. to S. 25° W.

It will be shown from a similar structure to the rear light erected near the beacon on the east side of the islet (Anak Suangi) about 8 cables N. 28° E. from the beacon on Suangi island.

These two lights in line will lead through the channel abreast of Tampakan island.

The beacons situated close to the position of these lights will be removed when the lights are exhibited.

Further notice will be given when they are established. (*Notice No. 738 of 1900.*)

NOTE ON THE EARLY COTTON CROP OF BENGAL, 1900.

THE following is published for general information.

F. A. SLACKE,

The 8th December, 1900. *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Note on the early cotton crop of Bengal, 1900.

Explanatory.—This report gives the estimates of the area and outturn of the early cotton crop which is sown during the rains and is harvested in the cold weather. A forecast of the late cotton crop of the Province will be published in February next.

2. *Character of the season.*—The rainfall in July was, on the whole, well distributed, and was fairly continuous over the greater part of the Province. In the Burdwan and Chota Nagpur Divisions, however, it was much in defect, while in North and East Bengal it exceeded the normal. In August the fall was irregularly distributed, and was more or less in defect everywhere, except in Orissa and the adjacent districts. The fall was much more copious and general in September, and in the Burdwan, Presidency, and the Orissa Divisions it was exceptionally heavy. Rain early in October is said to have injured the crop in the Chittagong Hill Tracts, but the fall in that month was below the normal in most parts of the Province. The season was, taken altogether, unfavourable to this crop.

3. *Area sown.*—From the annexed abstract of the district returns, it will be seen that the normal area under the early cotton crop in this Province is 89,800 acres. The area actually sown this year is estimated at 86,200 acres as against 87,600 acres sown last year. The decrease is slight, and is attributable to unfavourable weather at the time of sowing.

4. *Character of the crop.*—It will be seen from the appended statement that out of the fifteen districts which grow early cotton, only two (Ranchi and Singhbhum) have estimated a normal crop. Balasore, Monghyr, Manbhum, and Hazaribagh have returned a crop of between 90 and 100 per cent., while four others (Palamau, Midnapore, Bhagalpur, and the Sonthal Parganas) anticipate an outturn of between 80 and 90 per cent. In the remaining five districts the estimate varies between 50 and 80 per cent. Taking the Province as a whole, the outturn this year promises to be much better than that obtained last year, and may be estimated at about 90 per cent. as against 64 per cent. estimated in 1899.

5. *Gross outturn.*—The total yield of the early cotton crop this year is estimated at 7,500,000 lbs. against 5,700,000 lbs. produced last year. The average yield of the six preceding years amounted to 6,500,000 lbs.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF NOVEMBER 1900.

WEATHER during November was fine and settled with little or no interruption over both the Province and the Bay. Even in the extreme south, where monsoon conditions still obtain in ordinary years, there was no cyclonic disturbance, and the only appearance of a depression was in the early days of the month, when pressure fell briskly on the Madras coast. The depression which must have formed over the central parts of the south of the Bay became diffused on approaching the Madras coast, and caused cloudy weather with a few light showers over a wide area. The rainfall area extended slowly northwards, and the only rainfall recorded in the Province during the month occurred during the early days, and appears to have been caused by the above disturbance.

The showers in Orissa and South-West Bengal were barely measurable, but in East Bengal nearly a quarter of the normal amount for the month was received. Chota Nagpur, Bihar, and North Bengal were entirely rainless.

With the unbroken cloudless weather which became established after the first week and continued throughout the month, day temperature was steadily above the normal, and on an average for the whole month was in excess by considerable amounts. The greatest excess was 3° at Burdwan, Calcutta, Noakhali, and Chittagong. Owing probably to the westerly winds being more persistent than usual towards Burma, low night readings were most frequent at eastern stations and in the north of the Bay, the greatest defect being 2° to 4° in Arakan. Mean excess was 1° in Bihar, Chota Nagpur, and Assam, and about half a degree in Bengal Proper and Orissa.

At the beginning of the month pressure was above the normal at all stations, most so on the Madras coast, where excess was ·1 inch, and the area of lowest pressure was over the south of the Bay. The westerly winds at Madras stations showed an indraught towards a depresssion probably at no great distance from the coast as pressure had begun to fall there, but wind force was about average. The fall of pressure continued on the 2nd; and as a rise had begun in the east and north of the Bay, the depression was more to the west, but winds were still westerly on the Madras coast. The variation from normal pressure on that date ranged from less than ·01 inch in the south-west of the Bay to about ·1 inch in Assam. Heavy cloud had spread northwards from Burma, being fairly general in Bengal, and light showers fell at three stations in East Bengal. The westward-motion of the depression ceased on the 3rd; pressure rose in the west and fell in the east, a change which continued more rapidly on the 4th, by which time all trace of the disturbance had ceased, except that a few showers were still falling in East Bengal There was then a steep pressure gradient from north-west to south-east, and north-westerly winds generally prevailed over the Bay and the Province.

The relatively low pressure in the east with the accompanying westerly winds remained the chief feature during the subsequent week, and fine settled weather was general, except in the extreme south-west of the Bay, where heavy rain began on the 6th, but was of short duration. Temperature was practically normal during those days, except in Bengal Proper, where excess amounted to 2° or 3°.

Between the 11th and 17th pressure steadily but slowly increased, fine settled weather prevailed, and temperature was normal over the Province. After a brisk fall of pressure on the latter date the slow rise again set in; and temperature was more in excess in Bengal than at any other time during the month. These changes were, however, the oscillations usual in fine weather, but in the south it was not so settled, as rainfall was more heavy at Madras stations on the 19th and 20th

There was no noticeable change over the Province or the north of the Bay till the 23rd, when a very shallow depression entered the western districts. It caused a slight increase of cloud, a faint cyclonic wind circulation, and a rise of temperature which was chiefly confined to the west of the Province. This slight disturbance ceased on the 25th, and the only change during the remaining days was a moderate fall of pressure which began in Assam on the 27th, caused a shallow depression along the foot of the Himalayas, with westerly or south-westerly winds on the 28th, and was followed by a rapid rise on the 29th. These changes were not accompanied by any increase of cloud, and the only rainfall during those days was at Sibsagar. Temperature fell in the east, but, as during the greater part of the month, it remained above the normal in the western districts On the last day of the month pressure, temperature, and winds were practically normal, and ordinary cold-season weather prevailed.

Pressure was practically normal for the month as a whole Some slight excess is shown in Chota Nagpur and Orissa, and a defect rather larger in Bihar and North Bengal, differences which, though slight, probably account for winds being more southerly than usual in South Bihar.

Changes of pressure were of the oscillatory character usual in settled weather, and were small with one or two not very marked exceptions, the most noticeable being near the end of the month, when a depression formed over the northern districts for a day or two.

Temperature was generally high over the Province, more especially day temperature, as the cloudless weather was practically without interruption. The effect of this absence of cloud is shown in the average temperature for the month, which was at least 1° above the

normal in all districts, and in places by as much as 3°. This larger excess was in the southern districts of South-West and East Bengal.

Night temperature on an average for the month was in excess in the north-west of the Province only. Elsewhere there was defect increasing towards the south-east and greatest in Arakan. In the eastern districts of Bengal defect varied from 1° to 3°, and in South-West Bengal and Orissa it was generally under 1°.

As already stated, mean excess was 1° in Bihar, Chota Nagpur, and Assam, and about half a degree in the other divisions.

Rainfall was practically nil. A few showers fell between the 2nd and 4th in Lower Bengal and Orissa, but the amounts registered were insignificant, except in East Bengal, where the heaviest falls were 1 inch at Lakhmipur in the Noakhali district, 1·27 inches at Bauphal in Backergunge, and 1·41 inches at Laksam in Tippera. East Bengal received 23 per cent. of the normal amount of 1·32 inches.

The following table gives in a condensed form the rainfall information for each of the six large meteorological divisions of Bengal for the present year up to the close of November. The numbers there given, as in the case of the former months of the year, are the actual average rainfalls in each division, expressed as a percentage of the normal fall for the period, and the last column also gives the total rainfall up to the close of November, expressed in the same way :—

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 1·6 lower; and, finally, the thermometer, which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards, is found to read 0·6 higher than the Kew Standard thermometer, which is the standard of reference at the present Observatory.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 17th December 1900.—Babu Manmohan Chakravarti, B.A., Second Master of the Jessore Zilla School (class VI), having returned to duty on the forenoon of the 24th September 1900, the unexpired portion of the leave granted to him under the orders of the 23rd June 1900, is cancelled.

Babu Mohendra Nath Datta, Deputy Inspector of Schools, Burdwan (class II), is allowed leave of absence for two months under Article 291 of the Civil Service Regulations, with effect from the 15th November 1900.

The following arrangements are sanctioned for the performance of the absentee's duties:—

(1) Maulvi Enayet Karim, B.A., Additional Deputy Inspector of Schools, Burdwan (class IV), to act as Deputy Inspector of Schools, Burdwan, *vice* Babu Mohendra Nath Datta.

(2) Babu Girish Chandra Som, Sub-Inspector of Schools of Rampur Hât, in the district of Birbhum (class VI), to act as Additional Deputy Inspector of Schools, Burdwan, *vice* Maulvi Enayet Karim.

Pandit Kanhya Lal Tripathi, Twelfth Master (Second Pandit) of the Patna Collegiate School and Officiating Lecturer on Sanskrit in the Patna College (officiating in class VIII), is confirmed in the latter appointment, with effect from the 20th November 1900, *vice* Pandit Ambika Datta Vyasa, deceased.

Pandit Kanhya Lal Tripathi is also appointed substantively to class VIII, with effect from the 20th November 1900, in the resulting vacancy caused by the death of Pandit Ambika Datta Vyasa.

Erratum.—In the notification of the 27th November 1900, published at page 1308, Part I of the *Calcutta Gazette* of the 28th November 1900, allowing Babu Jogendra Chandra Datta, M.A., Fourth Master of the Patna Collegiate School (substantively *pro tempore* in class VII), leave of absence for fifteen days under Article 372 of the Civil Service Regulations, with effect from the 16th November 1900, read class "VI" for class "VII."

Babu Atul Chandra Ganguli, B.A., Fourth Master of the Hooghly Collegiate School (class VII), is allowed leave of absence for three months under Article 372 of the Civil Service Regulations, with effect from the 3rd January 1901.

Babu Sidheswar Banerjea, a Sub-Inspector of Schools under the District Board of Dinajpur, has been granted by the Board leave, on medical certificate, for three months and eighteen days in extension of that already granted to him.

The 15th December 1900.

NOTIFICATIONS OF THE BOARD OF REVENUE.

NOTIFICATION—No. 2634B.

EXCISE.

The Hon'ble Mr. C. W. Bolton, C.S.I.

THE following rules under the Bengal Excise Act for regulating the preparation and sale of methylated spirits in Bengal, having been approved by the Lieutenant-Governor, are published for general information in supersession of the present rules in section XII at pages 131-33 of the Excise Manual, 1891.

2. The new rules shall take effect from the 1st January 1901.

By order of the Board of Revenue, L. P.,

CALCUTTA, *The 14th December 1900.*

C. J. STEVENSON-MOORE, *Offg. Secretary.*

Spirit rendered effectually and permanently unfit for human consumption, generally known as methylated spirit.

Spirit rendered unfit for human consumption, an exciseable article.

1. Spirit rendered effectually and permanently unfit for human consumption, whether country-made or imported, is an exciseable article within the meaning of section 4 of the Bengal Excise Act (VII of 1878), but is subject to the special relaxations allowed under this section.

Application where to be made.

2. An application for a license to remove spirit, rendered effectually and permanently unfit for human consumption, on payment of an *ad valorem* duty of 5 per cent., must be made to the Collector of the district, or to the Superintendent of Excise Revenue of Calcutta, if the spirit is to be taken from a distillery within 20 miles of Calcutta, or from the Custom House, or is to be used in his jurisdiction.

May be used within the distillery.

3. The Collector, or the Superintendent of Excise Revenue, may also authorize the use of spirit, so rendered effectually and permanently unfit for human consumption, within the walls of the licensed distillery in which it was manufactured, after payment of the reduced duty of 5 per cent. *ad valorem*. In this case, the use of the spirit will be under the supervision of the same excise establishment as the manufacturing operations of the distillery.

Issue of license.

4. The Collector, or the Superintendent of Excise Revenue, on sanctioning the removal of spirit under Rule 2, shall issue a license in Form 34 in Appendix A, authorizing a person to remove spirit rendered effectually and permanently unfit for human consumption, under the following rules, from a distillery or from the Custom House, on payment of the reduced duty of 5 per cent. *ad valorem*.

Ingredients to be used.

5. Whenever country spirit is to be rendered effectually and permanently unfit for human consumption, the ingredient to be used for admixture with the spirit shall be caoutchoucine, which shall be mixed with the spirit in the proportion of 1 part of volume of the caoutchoucine to 99 parts of volume of the spirit, which shall not be of less strength than 30 per cent. overproof.

Test by Chemical Examiner.

6. The ingredient to be used for admixture with the spirit must be tested by the Chemical Examiner to Government, who must certify to the Collector, or the Superintendent of Excise Revenue, that it will effectually and permanently render unpalatable and unfit for human consumption the spirit with which it is mixed.

Valuation.

7. For the purpose of fixing the amount of duty to be levied on such spirit, its market value is fixed by the Collector, or the Superintendent of Excise Revenue, subject to the revision of the Commissioner of Excise.

Expense.

8. Any expense which may be incurred by the Collector, or the Superintendent of Excise Revenue, in rendering spirit unfit for human consumption, or for ascertaining by chemical or other process that it has been effectually and permanently so rendered, must be paid by the person wishing to remove the spirit before its removal is allowed.

Certificate of Chemical Examiner.

9. Spirit imported by sea, rendered effectually and permanently unfit for human consumption, will be dealt with by the Collector of Sea Customs. Spirit manufactured in any other Province and imported into Bengal shall pay full duty, unless the Chemical Examiner to Government shall have certified, on a sample sent to him, that the spirit has been rendered effectually and permanently unfit for human consumption in accordance with Rule 5 above, or in some other equally efficacious manner. The use of wood-naptha shall not be held to render spirit effectually and permanently unfit for human consumption.

License for sale.

10. A license in Form No. 34A is required for the sale of spirit rendered effectually and permanently unfit for human consumption. Such license shall be granted, free of cost, by the Collector of the district, or the Superintendent of Excise Revenue.

10A. No person shall possess a larger quantity of spirit rendered effectually and permanently unfit for human consumption than two Imperial gallons or twelve reputed quart bottles without a license or pass from the Collector or the Superintendent of Excise Revenue.

Penalties for unauthorised use or possession.

11. The unauthorized use or possession or sale of spirit rendered effectually and permanently unfit for human consumption shall subject the offender to the penalties provided in the Excise Act.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of ; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receidts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1899-1900, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18 Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

Offg. Secretary.

Saran Collectorate, the 10th December 1900.

SYED MOHIUDDIN, for Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Nadia will be put up to sale at the Nadia Collectorate on Monday, the 7th January 1901, corresponding with Bengali 23rd Pous 1307.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if the day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Lot IV.—The like share in all that zamindari chur Mowkaran registered in the Collector's tauzi as No. 5781, situate in pargana Bozargo Ahmedpore in the district of Backergunge, subdistrict Putwakhally, thana Putwakhally, and which is subject to the annual payment to Government of Rs. 25 for revenue and Re. 1-1 for cesses.

Lot V.—The like share in all that taluk Haut Dhole Kissore Thapalbatee registered in the Collector's tauzi as No 12 and situate in pargana Bozargo Ahmedpore in the district or zilla of Backergunge and within the subdistrict Putwakhally and thana Putwakhally, and which is subject to the annual payment to Government of Rs. 27-10 for revenue, together with the brick-built bassabatee and land lately purchased, situate in the sadar station of zilla Backergunge, thana and registration subdistrict of Backergunge.

Lot VI.—The like share in all that taluk registered as No. 5624 in the Collector's tauzi and situate in pargana Bozargo Ahmedpore and within the subdistricts of Putwakhally and Backergunge, thanas Putwakhally and Backergunge, and which is subject to the annual payment to Government of Rs. 16-4 for revenue and Rs. 18-14-4 for cesses.

Lot VII.—The like share in all that taluk registered as No. 6230 in the Collector's tauzi and situate in Bozargo Ahmedpore and within the subdistrict Putwakhally and thana Putwakhally and which is subject to the annual payment to Government of Rs. 6-14-4 for revenue and 3 annas 4 pies for cesses.

Lot VIII.—The undivided one-fifth share of the defendant Bhuban Mohan Newgy in all that taluk Dhee Doobro, now registered as No. 3552 in the tauzi of the Collectorate of Nadia and situate in pargana Pajnoor in the district of Nadia and within the subdistrict of Chakdaha and thana Chakdaha and comprising the (entire) villages Ghoshpara Chit in Jasara, Hamidpore, Hamidpore Chit in Jasara, Khosbastolla, Khosbastolla Chit in Jasara, Khosbastolla Narainpore, Joykristopore, Joykristopore Chit in Brajerbati, Lallpore, Khidirpore and Chatimtolla and part of the village Ghoshpara, comprising an area of 415 bighas 1 cottah and 5 chitaks. The said taluk is subject to the annual payment to Government of

Rs. 1,139-9-5 for land revenue and Rs. 12-8-4 for police revenue, and originally formed a part of the original or entire taluk which was registered as No. 167 in the tauzi of the said Collectorate, and on partition by the Collector has been separately formed, assessed and registered and allotted to R. Belchambers, Receiver of the Estate of Rakhal Moni Dassee, deceased, as representing the defendant Bhuban Mohan Newgy, and his brother's widow Sreemutty Sarala Dassee in lieu of their undivided shares in the said orginal or entire taluk No. 167.

Lot IX.—The undivided one-sixth share of the defendant Bhuban Mohun Newgy in all that upper-roomed brick-built house No. 13 (formerly No. 9) Kally Prosad Chuckerbutty's Street, in the town of Calcutta, and the land appertaining thereto, containing by estimation about 14½ cottahs, and bounded on the north by Kally Prosad Chuckerbutty's Street, on the west by the premises No. 12 belonging to Hurry Dass Newgy, on the south by a tank belonging to Hurry Dass Newgy, and on the east by the house and premises of Kristo Kishore Newgy.

Lots I to VII will be sold together in one lot.

From a search made at the Deed Registry Office, it appears, that subsequent to the said order absolute for sale of 21st July 1891 and subsequent to several postponements of intended sale under such order at the instance and with the consent of the defendant, that is to say, on 17th December 1897, the shares of the said Bhuban Mohan Newgy and of the said Sreemutty Sarala Dassee in the properties constituting lots I to VII were mortgaged with Sreemutty Kaminee Biswas (mother of the said Sreemutty Sarala Dassee) to secure repayment of Rs. 8,000 with interest at 12 per cent. per annum, and from the records of the abovementioned suit No. 175 of 1884 (with which suit No. 306 of 1884 has been amalgamated) it appeared that, pursuant to an arrangement come to between the said Sreemutty Sarala Dassee and Sreemutty Kaminee Biswas, the former undertook herself to discharge the said mortgage, reserving her right, if any, to recover proportionate shares thereof from Sreemutty Annapurna Dassee and the said Bhuban Mohan Newgy, and it also appears that the said Bhuban Mohan Newgy claims to be a creditor of, instead of being a debtor to, the said Sarala Dassee upon the adjustment of accounts between them, and that the said Sarala Dassee also undertook to pay to the said Bhuban Mohan Newgy and Sreemutty Annopurna Dassee what, if anything, might be found due to them upon such adjustment.

The abstract of title and conditions of sale may be seen at the office of the said Registrar, or at the office of Babu Ukhoy Chunder Dutt, No. 8 Old Post Office Street, Calcutta, on any day before the sale and will be produced at the time of sale.

W. R. FINK, Registrar.

GENERAL CONDITIONS.

Tenders should be superscribed "Tender for paper," and should be accompanied by a deposit of one per cent. on the value of the tender. This deposit should be paid into the Bank of Madras and its receipt attached to the tender In cases where tenders may deposit Government Promissory notes, they should endorse the same payable to the "Collector and Superintendent of Stationery, Madras"

2. Tenderers should send five sheets of each description of paper tendered as a sample, marking clearly thereon the manufacturer's name and the description, size and weight. They should be flat, not folded.

3. The papers should be delivered at the Stationery Office, Beach, Madras, at the cost and risk of the contractor.

4. The successful tenderer or tenderers will be required to pay a security of 10 per cent. on the value of the paper for which the tender is accepted and to sign a contract bond (a form of which will be furnished by this office for inspection) within twenty days from the date of his being informed by this office of the acceptance of his tender; and, in case of failure, his deposit delivered with the tender will be forfeited and credited to Government and his tender considered as cancelled.

5. The necessary stamp duty on the contract bond must be paid by the contractors

6. The quantities specified in the above schedule are only probable requirements; actual demands will be mentioned in the orders given from time to time, agreeably to which contractors will be required to supply the articles

7. Blotting-paper should be packed and supplied in tin-lined deal wood cases. Other papers should be *well packed* in strong canvas with bale planks and iron hoops. They should be packed quite flat and each quire in a ream packet should be distinctly marked or separated by a slip of coloured paper, each ream being tied with string. All bales of each description and size of paper should contain a uniform number of reams. Each ream of printing, cartridge and badami paper should contain 500 sheets. Each bale should be superscribed with the description and size of paper and the number of reams it contains.

8. All consignments of paper will be examined after arrival at Madras, and will be liable to rejection if inferior in any respect to the accepted sample. The decision of the Superintendent of Stationery in this matter is final; recourse to arbitration cannot be permitted.

9. All papers must be free from any mixture of mechanical wood pulp.

10. In cases of necessity, the contractors must undertake to store the consignments in their own godowns for a period not exceeding three months at their risk and free of charge.

11. In the event of a consignment being rejected, the contractors will be required to remove it at once, and replace it within a month from the date of intimation of rejection.

12. Considerations of the quality of the paper tendered and of its price will alone guide the Superintendent in his decisions, but he reserves to himself the right, without assigning any reason, of rejecting any tender in whole or in part, and in respect of articles, rates, quantities or other particulars, etc.

13. Forms of tender and any further information can be obtained on application to the Superintendent of Stationery, Madras.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1899 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876:—

CHINA—YANG TSE KIANG APPROACH.

North channel and Tsung Ming crossing—Depths, buoys, &c.

THE British Admiralty has given notice (No. 735 of 1900) that from an examination recently made of the Shaweishan, or North, channel into the Yang tse, it would appear that no very extensive alteration has taken place in the depths, or configuration of the banks, as represented on Admiralty Chart No. 1602, corrected to August 1900, as a depth of from 19 to 20 feet at low water can be carried across the bar.

To facilitate crossing the bar in the deepest water two additional red conical buoys have been laid out.

1. An outer bar buoy, named SHAWEISHAN BANK BUOY, surmounted by a staff and globe, in 20 feet from which Shaweishan lighthouse bears N. 9° W., distant $2\frac{8}{10}$ miles.

   Approximate position, lat. 31° 22½′ N., long. 122° 14½′ E.

2. An inner bar buoy, named CHI YAO BANK OUTER BUOY, surmounted by a staff and cage, in 23 feet situated with Drinkwater point lighthouse bearing N. 58° W., distant $7\frac{1}{10}$ miles.

   Approximate position, lat. 31° 24′ N., long. 121° 56′ E.

3. The Fairway buoy, now the middle bar buoy, is coloured red and surmounted with a staff and ball.

   Approximate position, lat. 31° 24′ N., long. 121° 59½′ E.

To cross the bar in the deepest water vessels should pass close southward of the above-named buoys.

TIDAL INFORMATION.—In order to inform vessels, approaching the bar, what water they may expect in crossing it, a tide gauge has been established on Shaweishan island, and the height of the tide in feet above the 20 feet depths in the channel will be signalled by the International Code to any vessel asking for this information.

Tsung Ming crossing.

Also, that the Swashway, now named Tsung Ming crossing with a depth of 26 feet at low-water springs, and a width of 2 cables, between the north and south channels, north-westward of Tsung Ming bank, has been buoyed as follows:—

(*a*) EAST ENTRANCE BUOY is a conical black buoy, surmounted by a staff and globe, moored in a depth of 39 feet, and with Middle island beacon bearing S. 29° E., distant $5\frac{4}{10}$ miles.

Approximate position, lat. 31° 30½′ N., long. 121° 33′ E.

(*b*) First crossing buoy is a conical black buoy, surmounted by a staff and cage, moored in a depth of 29 feet, with Middle island beacon bearing S. 43° E., distant $6\frac{1}{16}$ miles.

(*c*) Second crossing buoy is a conical black buoy, surmounted by a staff and triangle, moored in a depth of 26 feet, with Middle island beacon bearing S. 55° E., distant $6\frac{1}{2}$ miles.

(*d*) West spit buoy is a conical buoy, painted in red and black vertical stripes, surmounted by a staff and globe, moored in a depth of 30 feet, with Middle island beacon bearing S. 67° E., distant $7\frac{1}{16}$ miles.

Directions.

Vessels bound to Shanghai through the North channel, after passing Liu Chiao light-house, should keep the coast of Tsung Ming island about one mile distant until the East Entrance buoy is sighted, when the course should be altered to pass about one cable to the northward of that buoy, and after passing the same distance to the northward of the other three buoys in the crossing, stand over towards the south-western bank of the Yang tse until about mid-channel, when a course may be shaped either up or down the river.

Caution.—Allowance must be made for the flood-tide which sets to the north-westward across the Swashway, especially between the East Entrance and First Crossing buoys. (*Notice No. 735 of 1900.*)

Suangi rear light will be *white fixed*, elevated 154 feet above high water, and visible from about the bearing of N. 13° E. to N. 3° E., and from about S. 35° W. to S. 25° W.

It will be shown from an iron skeleton tower 23 feet high, painted white, near the dwelling, erected near the position of the beacon, which is about 7 cables north-eastward of the south point of the island.

Approximate position, lat. 3° 27′ S., long. 116° 1′ E.

Suangi front light will also be *white fixed*, elevated 36 feet above high water, and visible from about S. 35° W. to S. 25° W.

It will be shown from a similar structure to the rear light erected near the beacon on the east side of the islet (Anak Suangi) about 8 cables N. 28° E. from the beacon on Suangi island.

These two lights in line will lead through the channel abreast of Tampakan island.

The beacons situated close to the position of these lights will be removed when the lights are exhibited.

Final Report on the Winter Rice Crop in Bengal, 1900.

Character of the season.—Appendix II of this report shows the rainfall of the season, *i. e.*, from May to November 1900. The *ante*-monsoon showers commenced in April, but gave less than the normal rain both in that month and in the next over the greater part of the Province, though in South-West Bengal and in the Chota Nagpur Division the fall was unusually heavy. In June, the rainfall, though much interrupted, was not deficient on the whole. The rain in July was fairly continuous and well distributed, the only noticeable deficiency being in the Burdwan and Chota Nagpur Divisions. In August, the fall was badly distributed and was more or less in defect everywhere, except

in Orissa and the adjacent districts. The fall was much more copious and general in September, and in the Burdwan, Presidency and the Orissa Divisions it was exceptionally heavy. It ceased abruptly, however, in October, during which month there was very little rain anywhere, except in Orissa, while in November there was practically no rain at all. The season has on the whole been an unfavourable one for the winter rice crop.

Area sown:—The figures denoting the normal area under this crop have been revised by several District Officers since the submission of the preliminary forecast, with the result that the total normal area under winter rice now stands at 31,530,000 acres. Estimates of the area actually sown this year with winter rice have also been revised in some cases, in consequence of which the total of column 7 of Appendix I now shows 28,949,900 acres. The total area cultivated with winter rice last year amounted to 31,239,300 acres. The decrease in the area sown is mainly due to the want of rain at the time of sowing and transplanting.

Character of the crop.—From the abstract of the district returns contained in Appendix I, it will appear that only 9 districts out of 45 (Backergunge, Champaran, Muzaffurpur, Bhagalpur, the Sonthal Parganas, Ranchi, Palamau Manbhum and Singhbhum) estimate an outturn of 100 per cent. or over. In 14 districts the crop is estimated at between 80 and 100 per cent., and in 20 districts it is estimated at between 50 and 80 per cent., while two only (the 24-Parganas and Patna) show an outturn below 50 per cent. On comparing the present estimates of the crop with those made in October last, it will be seen that prospects have improved in 15 districts, have remained unchanged in 10, and have deteriorated in 20. In my preliminary forecast in October last, I estimated that 88 per cent. (or 14 annas) of a normal crop would be harvested. According to the estimates now made by the District Officers, the outturn for the Province would not exceed 84 per cent. of the normal, but as there appears to me to be reasons to believe that some officers have under-estimated the prospects of the crop, I am not inclined to make any change in my original estimate, and think we may count on harvesting 88 per cent. of the normal crop of the Province as a whole.

Gross outturn.—If the outturn reaches 88 per cent., as estimated by me, the gross outturn for the Province will amount to about 281,000,000 cwts. this year, as compared with an outturn of 310,000,000 cwts. in 1899.

DISTRICT.	Subdivision.	Total area of subdivison or district in acres.	Total area estimated to be under cultivation in acres.	Approximate normal area under winter rice in acres.	Approximate area under winter rice last year (1899) in acres.	Estimated area under winter rice this year (1900) in acres.	Taking 100 to represent the normal outturn, much represented the outturn last year (1899)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1900)? Burdwan	Sadar	794,880	635,500	351,000	422,000	421,000	100	75	For want of timely rainfall some parts of thanas Shahebgunge, Ausgram, Galsi and Memari remained uncultivated. There was want of rain in July and August. In September the rain came too late and was too heavy. In the Kalna and Katwa subdivisions the rainfall was very badly distributed.

Birbhum	Sadar	709,120	900,000	393,300	393,300	344,100	72	60	The deficient and irregular rain in the early part of the season was detrimental to the plantation and growth of the winter rice crop. Heavy rain in September did much good to the high land paddy, but the cessation of rain in October was not favourable to the crop.

Bankura	Sadar ...	1,229,430	428,800	548,000	358,700	306,600	87	83	The rainfall during the latter part of September improved the condition of the aman paddy. The estimate shown in column 9 of the first forecast has therefore been changed.	
	Vishnupur ...	448,000	214,600	160,400	188,600	100,000	67	63		
	District Total ...	1,677,430	643,400	507,600	546,700	406,600	87	83		
Midnapore	Sadar ...	2,068,940	1,340,300	717,500	760,300	760,000	110	90	The estimate is considerably reduced owing to insufficient and untimely rainfall.	
	Contai ...	848,320	440,100	358,700	340,700	264,500	100	75		
	Tamluk ...	617,920	328,600	220,500	220,000	220,000	75	63

	District Total ...	3,923,980	2,180,400	1,413,700	1,427,000	1,444,500	101	80		
Hooghly	Sadar ...	262,080	178,840	118,980	111,660	90,800	120	70	The low percentage is due partly to the scanty rainfall both in the early and in the late part of the season and partly to the floods. The floods have damaged especially the paddy of Howrah and Uluberia.	
	Serampore ...	210,880	160,000	68,000	100,840	101,500	75	65		
	Arambagh ...	258,080	167,700	76,000	80,600	80,800	80	50		
	Howrah ...	114,720	69,800	61,000	60,300	15,500	100	44		
	Uluberia ...	218,240	128,000	74,000	68,000	64,000	100	65		
	District Total ...	1,067,300	703,300	396,980	397,400	353,000	95	61		

24-Parganas	Sadar	538,760	462,700	254,700	338,400	304,100	96	50	The figures in column 3 do not include the Sundarbans. The total area of the district, including the Sundarbans, is 3,574,851 acres. The Sundarbans area in each subdivision is not known. Steps are being taken to ascertain it.
	Barasat	313,600	189,400	102,100	117,100	117,100	95	40	
	Basirhat	230,400	206,000	142,500	145,000	145,000	98	50	The decrease in the outturn is due to the heavy floods on September 22nd, and following days, which greatly injured the paddy plants and totally destroyed the crop in low ill-drained lands. On the higher lands the crop has also suffered from want of rain in October. I think the outturn in Barasat and Basirhat must have been underestimated, but do not expect the district outturn to exceed 55 per cent.
	Diamond Harbour	266,380	243,900	243,900	200,000	233,000	75	50	
	District Total ...	1,344,640	1,1[illegible]	743,[illegible]	850,500	799,200	[illegible]	41	
Nadia	Sadar	448,640	379,800	61,4[illegible]	65,[illegible]	60,000	100	70	The difference between the outturn shown in column 9, and that in the same column of the preliminary forecast is due to the floods of September last.
	Kushtia	382,080	278,400	[illegible]	28,000	28,000	90	75	
	Meherpur	401,480	294,700	[illegible]	15,700	14,000	75	48	
	Chuadanga ...	279,680	170,900	10,300	20,000	20,000	50	60	
	Ranaghat	273,280	199,200	11,300	10,000	11,000	90	80	I think the damage caused by the floods has been overestimated in Ranaghat, and the benefit underestimated in Meherpur and Chuadanga. The outturn for the district is probably little short of 70 per cent.
	District Total ...	1,788,160	1,303,000	132,400	140,300	133,000	87	68	
Murshidabad.	Sadar	481,280	392,300	67,600	60,100	59,300	90	90	The decrease in the estimated outturn of Lalbagh subdivision as compared with that shown in the preliminary forecast is partially due to the cyclonic weather in September and partly to the want of rain in October. In Jangipur it is due to the latter cause.
	Lalbagh	238,080	142,700	43,000	48,200	48,000	92	90	
	Jangipur	326,400	224,000	27,000	2[illegible]	27,000	100	75	
	Kandi	327,680	225,900	138,600	153,300	173,300	100	90	
	District Total ...	1,373,440	985,500	277,100	290,7[illegible]	307,600	97	89	The increase in area and outturn in the Kandi subdivision is due to a revision of the estimate after a careful enquiry.
Jessore ...	Sadar	568,960	304,000	153,300	150,000	140,000	90	70	Slight damage has been done to the crop in the Sadar by the heavy rain, but this rain greatly benefited the crop in the Jhenidah subdivision. The crop in the Bongong subdivision suffered from floods in September.
	Jhenida	3[illegible]4,000	2[illegible]	64,000	43,100	43,100	75	100

Dinajpur	Sadar	1,971,200	1,320,200	897,200	897,200	897,200	112	70	I have personally been over a good deal of the district since the preliminary forecast was submitted, and consider the figures given in column 9 approximately accurate. Towards the south of the district the rainfall was deficient and ceased very early. The crop on low lands is good, but on high lands very poor.

Pabna ...	Sadar	564,480	423,000	405,200	405,000	405,000	105	100	Owing to high flood water in August and scanty rainfall in September, October and November, the outturn is expected to fall below the normal.

LIBERALITY OF BABU KAILASH CHANDRA ROY MOHASOY.

No. 3530L.S.-G., dated Calcutta, the 13th December 1900.

From—R. SHEEPSHANKS, Esq., Under-Secy. to the Govt. of Bengal, Municipal Department,

To—The Commissioner of the Orissa Division.

I AM directed to acknowledge the receipt of your memorandum No. 263-S.-G., dated the 23rd November 1900, forwarding a copy of a letter from the Chairman of the District Board of Balasore, in which he reports that Babu Kailash Chandra Roy Mohasoy, zamindar of Dehurda, has given a donation of Rs. 2,500, the interest on which is to be utilised in making part payment of the salary of the pandit to be appointed for the *tol* which he proposes to establish at Dehurda on a permanent footing.

2. In reply, I am to request that you will be so good as to convey to the donor an expression of the Lieutenant-Governor's appreciation of his liberality and public spirit.

3. This letter will be published in the *Calcutta Gazette*.

RESOLUTION ON THE ANNUAL REPORT OF THE MANAGEMENT OF THE ZOOLOGICAL GARDEN, CALCUTTA, FOR THE YEAR 1899-1900.

REVENUE DEPARTMENT—MISCELLANEOUS.

Calcutta, the 18th December 1900.

RESOLUTION—No. 3970.

READ—

The Report of the Honorary Committee for the Management of the Zoological Garden, Calcutta, for the year 1899-1900.

THE total receipts of the Garden were Rs. 52,970, which sum includes an opening balance of Rs. 8,825. The actual receipts during the year amounted to Rs. 44,145 as compared with Rs. 38,419 during 1898-99, and Rs. 39,557 during 1897-98. The increase was chiefly due to the liberal contributions aggregating Rs. 4,000 made to the funds of the Garden by His Excellency the Viceroy, His Highness the Nizam of Hyderabad, and Raja Benoy Krishna. The number of visitors who paid entrance money is shown below in comparison with the numbers since 1891-92:—

Year.	Number of visitors.	Year.	Number of visitors.
1891-92 ...	118,382	1895-96 ...	165,152
1892-93 ...	139,173	1896-97 ...	160,008
1893-94 ...	162,449	1897-98 ...	151,640
1894-95 ..	154,532	1898-99 ...	128,909
1899-1900 ...	147,288		

In addition to these, students of different schools and children under age were admitted free of charge, and the Committee remark that the popularity of the Garden with the students and teachers of various educational institutions in Calcutta is not unnaturally increasing.

2 The total expenditure of the Garden increased from Rs. 36,925 to Rs. 46,682 during the year under report. The increase was due chiefly to larger expenditure by the amount of Rs. 3,412 on the purchase and transport of animals, and the remainder on the construction of the house for the smaller carnivora and in extra repairs. The year closed with a balance of Rs. 6,288.

3. The collection of animals in the Garden received an addition of 78 mammals, 299 birds and 91 reptiles during the year. These were obtained as gifts or on deposit, or by purchase, or by exchange with foreign Zoological Gardens. Only nine mammals and one bird were born in the Garden during the year. In compliance with the orders passed in the Government Resolution on last year's Report, the Committee have, for the first time, submitted the following table showing the number of animals in the Garden on the 31st March of each of the last four years:—

Year.	Mammals.	Birds.	Reptiles.	Gold fish.
1896-97 ...	498	477	211	25
1897-98 ...	443	491	146	25
1898-99 ...	447	591	157	24
1899-1900 ...	449	752	187	...

These figures show that, while there has been steady progress in the collection of birds, the numbers of mammals and reptiles have fallen off since 1896-97 for which no explanation is given. The Committee specially thank the Raja of Pudma and Raja Ram Narain Singh Bahadur of Khyra, who each presented a well-grown tiger. The former also contributed one black and one ordinary leopard.

4. Towards the close of the year 1898-99, the Committee threw open the Sir Jotindro Mohan Tagore Garden Library, for the use of students of Zoology, but it is reported that few students availed themselves of this privilege. The Lieutenant-Governor hopes that as this concession becomes better known, students will avail themselves more fully of the advantage offered them.

5. The thanks of the Lieutenant-Governor are due to the President, Secretaries and Members of the Committee for their management of the Garden.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette*, and that a copy of it be forwarded to the Honorary Secretary, for the information of the Committee.

By order of the Lieutenant-Governor of Bengal,

F. A. SLACKE,

Secretary to the Govt. of Bengal.

FINAL REPORT ON THE BHADOI CROPS OF BERGAL, 1900.

THE following is published for general information.

F. A. SLACKE,
The 18th December, 1900. *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Final Report on the Bhadoi Crops of Bengal, 1900.

Explanatory.—This report formerly included all kinds of *bhadoi* crops, and figures for jute, indigo, cotton, and *bhadoi til*, for which separate forecasts are issued by this Department were also given in it. With Government order No. 2369T.—R., dated the 3rd November last, instructions were received for the omission from *bhadoi* and *rabi* forecasts of all crops for which separate reports are issued. These orders have been carried out, and this is the first note on the *bhadoi* crops from which figures of jute, indigo, and *bhadoi til* have been excluded.

2. *Character of the season.*—The character of the season, up to the middle of September was described in the preliminary forecast of this crop, which was issued on the 20th September last. The rainfall in April and May was deficient in almost all parts of these Provinces, that in June and July, though more copious, was capriciously distributed, while in August there was again a deficiency. In September the fall was sufficient everywhere, and in the Presidency, Burdwan, and the Orissa Divisions it was exceptionally heavy. In October, however, the rains ceased abruptly, and there was very little rain anywhere, except in Orissa, during that month, while in November there has been practically no rain at all. The season has not, on the whole, been a favourable one for the *bhadoi* crops.

3. *Area sown.*—Excluding the areas sown with jute, indigo, and *bhadoi til*, the normal area under the different *bhadoi* crops in this Province now stands at 13,660,900 acres. The area cultivated this year with the *bhadoi* crops is 13,226,500 acres as against an area of 12,972,700 acres sown last year,

when the season was exceptionally unfavourable. The area under *bhadoi* food-crops is estimated at 12,704,300 acres against 12,478,100 acres estimated last year.

4. *Outturn.*—It will be seen from the annexed abstract statement of the district returns that out of the 45 districts in the Province, only six districts (Saran, Malda, Hazaribagh, Ranchi, Manbhum, and Singhbhum) report a crop of 100 per cent or over; in nine districts (Rajshahi, Dinajpur, Darjeeling, Bogra, Patna, Champaran, Darbhanga, Angul, and Palamau) the outturn varies between 90 and 100 per cent., in 13 others it varies between 80 and 90 per cent.; in 14 others between 70 and 80 per cent.; while in the remaining three it varies between 50 and 70 per cent. Taking the Province as a whole, the District Officers estimate the outturn of the various *bhadoi* crops at 87 per cent. of a normal crop against a 65 per cent. crop estimated last year. In the preliminary forecast issued in September last, the total outturn was estimated by this Department at 92 per cent. of a normal crop, but this estimate must be slightly reduced in view of the unfavourable weather that has prevailed since it was originally framed, and I now think that the outturn of these crops should be estimated as 90 per cent, of the normal.

Gross outturn.—It is impossible to frame any approximate estimate of outturn for these *bhadoi* crops, except in the case of *bhadoi* rice. Taking 86 per cent. as representing the probable outturn of this crop, the gross outturn of cleaned *bhadoi* rice may be estimated at 48,346,900 cwts. as against 44,372,700 cwts. estimated last year.

G. C. DUTT,

Asst. Director of the Dept. of Land Records, and Agriculture, Bengal.

(Countersigned).

P. C. LYON,

Director of the Dept. of Land Records and Agriculture, Bengal.

CALCUTTA,

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

No. 253.—Notification.—Notification No. 366, dated the 29th October 1883, which was published in the *Calcutta Gazette* of the 31st idem, referred to certain rivers and khals in the districts of Midnapore, Hooghly, 24-Parganas and the Saugor Island. Notification

No. 115, dated the 2nd April 1894, which was published in the *Calcutta Gazette* of the 4th idem, referred to certain rivers in the districts of Midnapore and Balasore. It is intended to amend these notifications in so far as they concern the rivers and khals in the districts of Midnapore and Balasore. Notice is hereby given that the Lieutenant-Governor of Bengal proposes, under section 6 of Act II (B C.) of 1882, to declare that the provisions of clause (*b*) of section 76 of the Act shall take effect over a tract of country extending for three miles on both banks of the Subarnarekha river and extending for one mile on each bank of the other rivers and khals or portions of the same specified below, together with the beds of the same rivers and khals. The erection of any new embankment or any addition to an existing embankment or the obstruction or diversion of any water-course within the tract above defined without the previous permission of the Superintendent of Embankments as regards works situated in the district of Balasore and the Collector as regards works situated in the district of Midnapore will be prohibited.

The Subarnarekha river and the khals and rivers specified below are placed in charge of the Executive Engineer, Balasore Division, as public water-courses.

R. B. BUCKLEY,
Secretary to the Govt. of Bengal.

NOTIFICATIONS OF THE BOARD OF REVENUE.

NOTIFICATION—No. 2634B.

EXCISE.

The Hon'ble Mr. C. W. Bolton, C.S.I.

THE following rules under the Bengal Excise Act for regulating the preparation and sale of methylated spirits in Bengal, having been approved by the Lieutenant Governor, are published for general information in supersession of the present rules in section XII at pages 131-33 of the Excise Manual, 1891.

2. The new rules shall take effect from the 1st January 1901.

By order of the Board of Revenue, L. P.,

C. J. STEVENSON-MOORE,
Offg. Secretary

CALCUTTA,
The 14th December 1900.

Spirit rendered effectually and permanently unfit for human consumption, generally known as methylated spirit.

Spirit rendered unfit for human consumption, an exciseable article.

1. Spirit rendered effectually and permanently unfit for human consumption, whether country-made or imported, is an exciseable article within the meaning of section 4 of the Bengal Excise Act (VII of 1878), but is subject to the special relaxations allowed under this section.

Application where to be made.

2. An application for a license to remove spirit, rendered effectually and permanently unfit for human consumption, on payment of an *ad valorem* duty of 5 per cent., must be made to the Collector of the district, or to the Superintendent of Excise Revenue of Calcutta, if the spirit is to be taken from a distillery within 20 miles of Calcutta, or from the Custom House, or is to be used in his jurisdiction.

May be used within the distillery.

3. The Collector, or the Superintendent of Excise Revenue, may also authorise the use of spirit, so rendered effectually and permanently unfit for human consumption, within the walls of the licensed distillery in which it was manufactured, after payment of the reduced duty of 5 per cent. *ad valorem*. In this case, the use of the spirit will be under the supervision of the same excise establishment as the manufacturing operations of the distillery.

Issue of license.

4. The Collector, or the Superintendent of Excise Revenue, on sanctioning the removal of spirit under Rule 2, shall issue a license in Form 34 in Appendix A, authorizing a person to remove spirit rendered effectually and permanently unfit for human consumption, under the following rules, from a distillery or from the Custom House, on payment of the reduced duty of 5 per cent. *ad valorem*.

Ingredients to be used.

5. Whenever country spirit is to be rendered effectually and permanently unfit for human consumption, the ingredient to be used for admixture with the spirit shall be caoutchoucine, which shall be mixed with the spirit in the proportion of 1 part of volume of the caoutchoucine to 99 parts of volume of the spirit, which shall not be of less strength than 30 per cent. overproof.

Test by Chemical Examiner.

6. The ingredient to be used for admixture with the spirit must be tested by the Chemical Examiner to Government, who must certify to the Collector, or the Superintendent of Excise Revenue, that it will effectually and permanently render unpalatable and unfit for human consumption the spirit with which it is mixed.

Valuation.

7. For the purpose of fixing the amount of duty to be levied on such spirit, its market value is fixed by the Collector, or the Superintendent of Excise Revenue, subject to the revision of the Commissioner of Excise.

Expense.

8. Any expense which may be incurred by the Collector, or the Superintendent of Excise Revenue, in rendering spirit unfit for human consumption, or for ascertaining by chemical or other process that it has been effectually and permanently so rendered, must be paid by the person wishing to remove the spirit before its removal is allowed.

Certificate of Chemical Examiner.

9. Spirit imported by sea, rendered effectually and permanently unfit for human consumption, will be dealt with by the Collector of Sea Customs. Spirit manufactured in any other Province and imported into Bengal shall pay full duty, unless the Chemical Examiner to Government shall have certified, on a sample sent to him, that the spirit has been rendered effectually and permanently unfit for human consumption in accordance with Rule 5 above, or in some other equally efficacious manner. The use of wood-naptha shall not be held to render spirit effectually and permanently unfit for human consumption.

License for sale.

10. A license in Form No. 34A is required for the sale of spirit rendered effectually and permanently unfit for human consumption. Such license shall be granted, free of cost, by the Collector of the district, or the Superintendent of Excise Revenue.

10A. No person shall possess a larger quantity of spirit rendered effectually and permanently unfit for human consumption than two Imperial gallons or twelve reputed quart bottles without a license or pass from the Collector or the Superintendent of Excise Revenue.

Penalties for unauthorized use or possession.

11. The unauthorized use or possession or sale of spirit rendered effectually and permanently unfit for human consumption shall subject the offender to the penalties provided in the Excise Act.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of

Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1 200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorised agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receidts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is

obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1899-1900, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18 Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,
P. C. MITTER,
Offg. Secretary.

JUDICIAL.

No. 1197.—In exercise of the powers conferred by section 26 of the Cantonments Act, 1889 (XIII of 1889), and in modification of the Notification of the Government of India in the Military Department, No. 664 of the 16th June 1899, as subsequently amended, the Governor-General in Council is pleased to alter the Cantonment Code, 1899, to the extent set forth below:—

For sections 259 and 260 of the said Code the following shall be substituted, namely:—

Execution of lease with site-plan annexed.

259. (1) *When an application under this chapter is sanctioned, the applicant shall not occupy the land, nor erect any building thereon until, at his expense, there shall have been prepared in counterpart and, after execution, shall have been duly registered in accordance with the law for the time in force relating to the registration of documents, a lease as nearly as may be in one of the forms indicated in Schedule V hereto appended and, subject to the conditions set forth in the annexure, to such form or in such other form as the Governor-General in Council may by notification prescribe in this behalf.*

Explanation.—Form A in Schedule V shall be applicable to leases of land applied for by a railway company, or for the purpose of erecting a hospital, school or other public building and to leases of land situate in a bazar. Form B shall be applicable to all other leases of land under this chapter.

(2) *To every lease and to its counterpart there shall be appended a site-plan of the land prepared at the cost of the applicant* on a scale not smaller than one hundred and ten feet to the inch, showing—

(*a*) the boundaries of the land;
(*b*) the roads or lands adjoining; and
(*c*) all buildings authorised to be erected on the land.

(3) The site-plan shall be verified by the Executive Engineer and shall be signed,—

(*a*) if the land is situate in a bazar, by the Cantonment Magistrate;
(*b*) if the land is not situate in a bazar by the Officer Commanding the District or his principal staff officer;

and shall be endorsed with the date of its preparation, the name of the lessee and a note specifying the period within which the buildings to be erected on the land are to be completed.

(4) *One copy of the site-plan*, prepared at the cost of the applicant and verified by the Executive Engineer, shall be delivered by the *applicant* to the Cantonment Magistrate.

Grant and record of leases.

260. When the requirements of section 259 have been complied with, the Cantonment Magistrate shall—

(1) *grant to the applicant the lease with site-plan annexed and deliver to him possession of the land;*

(2) *transmit for record to the head-quarters of the Command the counterpart with site-plan annexed; and*

(3) *record in his office a copy of the lease authenticated by his signature and accompanied by the copy of the site-plan referred to in section 259, sub-section (4).*

In Schedule V, Forms A and B, against the words "in witness," etc., the following side-note shall be added, namely:

‡‡ *When the parties execute on separate dates, omit the words* "the day and the year first above written" *and add the dates below the signatures. The last of such dates will be entered in the commencement as the day of making the indenture.*

Saran Collectorate, the 10th December 1900.

SYED MOHIUDDIN, for Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Nadia will be put up to sale at the Nadia Collectorate on Monday, the 7th January 1901, corresponding with Bengali 23rd Pous 1307.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if the day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Presidency Postmaster, Calcutta.

NOTICE TO SUBSCRIBERS.

SUBSCRIBERS to the *Calcutta* and *Bengali Gazettes* and *Indian Law Reports* are hereby informed that unless the amount of their subscription for 1901 is received before the 31st December 1900, it will be concluded that the Gazettes and Reports are no longer required, and the supply will accordingly be discontinued from 1st January 1901.

All remittances should be made direct to the Accountant and Treasurer, Bengal Secretariat, Calcutta, by means of money-orders. No postage stamps or stamps of any other kind will be received in payment of subscriptions.

The correct address of the subscriber should be legibly written on the money-order coupon, and the period for which the subscription is paid should also be stated. Omission to note these particulars will involve considerable delay.

R. SHEEPSHANKS,
Under-Secy. to the Govt. of Bengal.

The 15th November 1900.

The Indian Law Reports.

* *Published under Authority.*

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

AFRICA, SOUTH—Cape Colony.

Kowie river (port Alfred)—Information respecting it.

Notice to Mariners (No. 786 of 1900) issued by the British Admiralty is republished.

The following information respecting Kowie river has been taken from the Cape of Good Hope Government Gazette, dated 23rd October 1900:—

Winds and Currents.—The prevailing winds in summer are from an easterly to south-easterly direction during the day, calms and light airs off the land at night, but occasionally a strong south-east wind blows continuously day and night for two or three days.

During the winter, westerly winds blow with bad weather at times, but a gale may be blowing in the offing when it is fine near the coast.

The Agulhas current sets to the westward sometimes very strongly at a distance of 5 to 25 miles from the coast, and a current sometimes setting against the wind is experienced in the roadstead (assisting vessels to ride), which prevents the regular tidal ebb and flow being perceptible.

The Bar.—The bar is composed of sand over rock, westerly and south-westerly gales send in a heavy swell which deposits more sand on the bar, making it impassable for two or three days; this deposit, however, is usually scoured out by the following spring tides. The passage over the bar in consequence varies considerably in direction, position and depth.

Directions, &c.—Upon a vessel appearing off the port, the Harbour Master, who is also Shipping Master, will come on board, if weather permits, and point out a berth, otherwise a birth will be signalled from the Port office. The best anchorage is in from 15 to 17 fathoms, with the entrance of the river open and the Port office flag-staff on the western

bank near the entrance, bearing N. 25° W., the holding ground here being good and the position outside the rollers. The holding ground in other areas is generally not good, being sand over patches of rock. The anchor should be buoyed, coir riding stoppers being used for the cables, and arrangements made for slipping in case of bad weather, when the end of the cable must also be buoyed.

Top gallant yards and masts should be struck, the topsails double reefed, and the vessel always kept ready for sea, strict attention being paid to all signals made from the Port office so that there will be no delay in putting to sea when the signal to do so is made. By keeping within 12 miles of the coast the very heavy sea which gets up outside that distance, due to the Agulhas current, will be avoided.

All vessels visiting this port should be provided with the best ground tackle and a stout coir spring to ride by.

With the wind from the eastward or westward it is preferable to ride at single anchor with a whole cable and a spring on, but with a southerly wind and dirty weather, and with no chance of putting to sea, it is better to give the vessel a good sheer, let go a second anchor before veering on the first, and then veer both cables together.

Masters are strongly advised to remain on board as much as possible, and to exercise discretion in permitting boats to leave their vessels at any time as accidents have occurred through drifting.

SIGNALS.—Mariners can communicate their wishes to their agents through the Port office by use of the Commercial Code, and every assistance will be rendered as far as practicable.

Vessels not possessing the Commercial Code can make the following signals:—

1.	Ensign in fore topmast rigging ...	I am in want of a cable.
2.	Ditto main ditto ...	Ditto an anchor.
3.	Ditto fore rigging	I have parted a bower cable.
4.	Ditto main do.	Want an anchor and cable.
5.	Weft—where best seen	I want assistance.

WEATHER SIGNALS.—The following signals will be shown from the Port office:—

1.	A black ball over union jack ...	Veer about 70 fathoms, see second anchor clear.
2.	Ditto under do. ...	Put to sea at once, get an offing.
3.	Flag (blue, white, blue horizontal) over union jack.	Send down top-gallant yards and mast, point yards, see everything clear for working ship as far as practicable.
4.	Union jack over white and blue flag ...	See third anchor clear and prepare for bad weather.
5.	Union jack over red, white, blue (vertical) flag.	Heave up second anchor and shorten into same scope as before.

BAR SIGNALS:—

1.	Black ball at western yardarm ...	Bar impassable.
2	Ditto hoisted half-way up ...	Bar dangerous.
3.	A working flag (red pierced white) will be hoisted when the bar is practicable for tug boats and lighters; it will be kept half mast when special caution is necessary in crossing the bar, and hauled down altogether when the bar is impassable. Pilots are always in readiness with a steam tug to take vessels in or out, and no vessel should attempt to enter the river even in most favourable weather without a pilot. No ships' boats should attempt to cross the bar, however smooth it may appear.	

The whole of the above signals are to be answered by the answering penant hoisted where best seen, and promptly acted upon, neglect to do so will be reported to Lloyds, and also to the owner. Masters, however, should not necessarily wait for the signals, but take timely precautions. The first rise of a low barometer indicates a strong westerly gale, the first fall of a high barometer foretells a strong easterly gale with short chopping sea.

Port Alfred is in telegraphic and daily postal communication with Cape Colony generally, and railway connection will follow very shortly. (*Notice No. 786 of 1900.*)

CHINA—YANG TSE KIANG APPROACH.

North channel and Tsung Ming crossing—Depths, buoys, &c.

THE British Admiralty has given notice (No. 735 of 1900) that from an examination recently made of the Shaweishan, or North, channel into the Yang tse, it would appear that no very extensive alteration has taken place in the depths, or configuration of the banks, as represented on Admiralty Chart No. 1602, corrected to August 1900, as a depth of from 19 to 20 feet at low water can be carried across the bar.

To facilitate crossing the bar in the deepest water two additional red conical buoys have been laid out.

1. An outer bar buoy, named SHAWEISHAN BANK BUOY, surmounted by a staff and globe, in 20 feet from which Shaweishan lighthouse bears N. 9° W., distant $2\frac{6}{10}$ miles.

   Approximate position, lat. 31° 22½′ N., long. 122° 14½′ E.

2. An inner bar buoy, named CHI YAO BANK OUTER BUOY, surmounted by a staff and cage, in 23 feet situated with Drinkwater point lighthouse bearing N. 58° W., distant $7\frac{1}{10}$ miles.

   Approximate position, lat. 31° 24′ N., long. 121° 56′ E.

3. The Fairway buoy, now the middle bar buoy, is coloured red and surmounted with a staff and ball.

   Approximate position, lat. 31° 24′ N., long. 121° 59½′ E.

To cross the bar in the deepest water vessels should pass close southward of the above-named buoys.

TIDAL INFORMATION.—In order to inform vessels, approaching the bar, what water they may expect in crossing it, a tide gauge has been established on Shaweishan island, and the height of the tide in feet above the 20 feet depths in the channel will be signalled by the International Code to any vessel asking for this information.

Tsung Ming crossing.

Also, that the Swashway, now named Tsung Ming crossing with a depth of 26 feet at low-water springs, and a width of 2 cables, between the north and south channels, north-westward of Tsung Ming bank, has been bouyed as follows:—

(*a*) EAST ENTRANCE BUOY is a conical black buoy, surmounted by a staff and globe, moored in a depth of 39 feet, and with Middle island beacon bearing S. 29° E, distant $5\frac{4}{10}$ miles.

Approximate position, lat. 31° 30½′ N., long. 121° 33′ E.

(*b*) First crossing buoy is a conical black buoy, surmounted by a staff and cage, moored in a depth of 29 feet, with Middle island beacon bearing S. 43° E., distant $6\frac{1}{10}$ miles.

(*c*) Second crossing buoy is a conical black buoy, surmounted by a staff and triangle, moored in a depth of 26 feet, with Middle island beacon bearing S. 55° E., distant $6\frac{1}{2}$ miles.

(*d*) West spit buoy is a conical buoy, painted in red and black vertical stripes, surmounted by a staff and globe, moored in a depth of 30 feet, with Middle island beacon bearing S. 67° E., distant $7\frac{1}{10}$ miles.

Directions.

Vessels bound to Shanghai through the North channel, after passing Liu Chiao light-house, should keep the coast of Tsung Ming island about one mile distant until the East Entrance buoy is sighted, when the course should be altered to pass about one cable to the northward of that buoy, and after passing the same distance to the northward of the other three buoys in the crossing, stand over towards the south-western bank of the Yang tse until about mid-channel, when a course may be shaped either up or down the river.

Caution.—Allowance must be made for the flood-tide which sets to the north-westward across the Swashway, especially between the East Entrance and First Crossing buoys. (*Notice No. 735 of 1900.*)

The British Admiralty has given notice (No. 738 of 1900) that, probably in November 1900, leading lights will be established on the Suangi islands, Pulo Laut strait:—

Suangi rear light will be *white fixed*, elevated 154 feet above high water, and visible from about the bearing of N. 13° E. to N. 3° E., and from about S. 35° W. to S. 25° W.

It will be shown from an iron skeleton tower 23 feet high, painted white near the dwelling, erected near the position of the beacon, which is about 7 cables north-eastward of the south point of the island.

Approximate position, lat. 3° 27′ S., long. 116° 1′ E.

Suangi front light will also be *white fixed*, elevated 36 feet above high water, and visible from about S. 35° W. to S. 25° W.

It will be shown from a similar structure to the rear light erected near the beacon on the east side of the islet (Anak Suangi) about 8 cables N. 28° E. from the beacon on Suangi island.

These two lights in line will lead through the channel abreast of Tampakan island.

The beacons situated close to the position of these lights will be removed when the lights are exhibited.

Further notice will be given when they are established. (*Notice No. 738 of 1900.*)

FINAL REPORT ON THE INDIGO CROP OF BENGAL FOR 1900.

THE following is published for general information.

F. A. SLACKE,

The 21st December 1900. *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Final Report on the Indigo Crop of Bengal for 1900.

Character of the season.—The character of the rainfall of the season has been fully described in the final report on the Winter Rice Crop, 1900, which has been recently issued by this Department. The scanty and irregular rainfall in April and May interfered with the sowing and early growth of the indigo crop. The fall in June and July was fair, while in August again it was much interrupted. The copious and seasonable rainfall in September improved the prospects of the crop in Bihar, although the flood occasioned by it

caused some damage to the crop in Lower Bengal. The fall in October was scanty, but sufficient for this crop. The season on the whole, though better than was at first anticipated, has not been very favourable to indigo.

Area sown.—The area sown with indigo this year has been revised by several District Officers, and the Provincial total now stands at 361,100 acres against 449,200 acres estimated last year. The decrease is chiefly due to the unfavourable prospects of the industry, owing to the introduction of synthetic indigo into European markets. It is probable that the estimates of area returned by the District Officers are in some cases rather above the mark, owing to their not having fully appreciated how great the contraction of the area under this crop has been in the past two years.

Prospect of the crop.—From Appendix I attached to this note, it will be seen that out of the twenty districts which grow indigo, only one (Gaya, which has but 100 acres under this crop) reports a normal outturn. Only three districts of Bihar (Saran, Champaran, and Monghyr) return an outturn of between 90 and 100 per cent., while only two (Jessore and Darbhanga) report an outturn of between 80 and 90 per cent. The outturn in six others (Burdwan, Shahabad, Muzaffarpur, Bhagalpur, Malda, and Cuttack) varies between 70 and 80 per cent.; in three others (Bankura Midnapore, and Rangpur) between 50 and 60 per cent., while in the remaining five the outturn falls below 50 per cent., of a normal crop. The outturn for the Bihar districts taken together is 87 per cent., while that for the Lower Bengal districts is 54 per cent. of a normal crop. According to the district returns, the outturn for the Province as a whole comes to 78 per cent. of a normal crop against 62 per cent. as finally estimated last year. In the preliminary forecast of this year I estimated the outturn for the Province at 80 per cent. of a normal crop, and, considering the charactor of the season as a whole, I see no reason for modifying this estimate.

Gross outturn.—According to the estimates of the District Officers, the outturn for the five principal indigo districts of North Bihar amounts to 60,942 factory maunds, and that for the other districts of the Province to 10,638 factory maunds. A factory maund is equal to about 75 lbs. Messrs. Moran and Company have finally estimated the outturn for the Bihar districts at 61,250 factory maunds, which very closely approximates the above estimate of the District Officers. Messrs. Moran and Company's estimated outturn for Lower Bengal is only 5,750 factory maunds, which differs greatly from the estimate made above. In the preliminary forecast I estimated the outturn for Lower Bengal at 8,000 factory maunds, and, considering that a good deal of indigo is grown by natives in these districts for local consumption, which would not be included in Messrs. Moran and Company's return, I think that this estimate may be accepted.

P. C. LYON,

Dir. of the Dept. of Land Records and Agriculture, Bengal.

Dacca ...	Faridpur ...	1,460,480	1,007,500	500	500	500	35	35	The indigo cultivation is gradually declining in the Goalundo subdivision, the only subdivision in the district where it is cultivated.	
	Gaya	3,015,680	2,207,500	100	100	100	100	100		
	Shahabad ...	2,706,880	1,541,800	7,700	4,800	2,200*	66	75	* The decrease in area is due to the closing of the Chowgain Concern in Buxar subdivision, and of the Dehri and Akbarpur Concerns in Sassaram. The cultivation of indigo in this district is gradually declining. This year the industry has been abandoned entirely in the Buxar subdivision.	

Patna ...	Saran	1,696,887	1,382,500	41,800	40,500	35,640	9	90	The increase in the area figures in columns 5 to 7 as compared with those of the preliminary forecast is due to the fact that previous returns were based upon the report of the General Secretary to Bihar Indigo Planters' Association, to which several Indigo Concerns were not affiliated. The present figures include the areas of these factories.
	Champaran ...	2,359,940	1,384,000	96,000	86,000	96,000	63	92	The percentage of outturn in column 9 has been changed after due enquiry.
	Muzaffarpur ...	1,941,254	1,555,300	87,200	85,000	60,000	48	75	
	Darbhanga ...	2,134,400	1,820,700	56,300	54,200	50,900	65	89	The decrease in the area sown is due to unfavourable prospects of the industry.
Bhagalpur ...	Monghyr ...	2,509,440	1,582,800	20,600	20,600	15,000	68	95	
	Bhagalpur ...	2,704,640	2,097,000	13,000	13,000	13,000	67	79	
	Purnea	3,195,520	1,639,800	54,300	29,100	17,400	48	33	Prolonged drought in the spring retarded sowings, and excessive rain in June flooded out the growing plant. The reduction in area sown is also due to friction between the extensive Gondwara Concern and the raiyats.
	Malda	1,316,000	672,800	31,000	20,000	18,000	75	75	This year's area has been found correct after due enquiry.
	Sonthal Parganas	3,510,160	1,725,100	5,700	5,700	5,600	77	43	Rainfall in May and June was scanty; hence the estimated outturn this year is much below normal.
Orissa	Cuttack	2,323,200	1,161,200	200	200	200	90	75	Owing to absence of sufficient rainfall at the growing season, the outturn has been a poor one.

RESOLUTION ON THE BUDGET ESTIMATES OF THE COMMISSIONERS OF THE PORT OF CHITTAGONG FOR THE YEAR 1900-1901.

No. 2450Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 20th December 1900.

RESOLUTION.

READ—

Letter No. 796P., dated the 20th October 1900, from the Chairman of the Commissioners of the Port of Chittagong, submitting through the Accountant-General, Bengal, the revised budget estimates of the Commissioners for the year 1900-1901, and the estimates for the year 1901-1902.

The principal differences between the figures in the estimate for the year 1900-1901 sanctioned in Resolution No. 525Marine, dated the 13th March 1900, and that given in the estimate now submitted are shown below :—

RECEIPTS.

	Budget estimate.	Revised estima e.
	Rs.	Rs
Port Dues ...	30,000	35,300
Mooring fees ...	10,000	12,500
Jetties ...	10,000	14,633
Sundry receipts ...	22,000	24,300

EXPENDITURE.

	Original estimate.	Revised estimate.
	Rs.	Rs.
Jetties ...	8,534	7,383
Vessels and boats ...	17,054	25,952
Light-house ...	10,474	4,764
Miscellaneous ...	7,151	10,136

The revised estimates are mostly based on the actuals of the last six months.

2. The total revised estimate of receipts for 1900-1901 is Rs. 92,333, which, added to the opening balance of Rs. 19,330 at the beginning of the year, raises the total revenue of the year to Rs. 1,11,663. The total revised estimate of expenditure is Rs. 91,551, which leaves a closing balance of Rs. 20,112 at the end of the year. The Lieutenant-Governor sanctions the revised estimates.

3. The budget estimates for 1901-1902 have been calculated mainly from the actuals of the past six months.

4. A provision of Rs. 32,590 is made for the payment of the instalments due to the Government on account of the loan for the steam-tug *Gekko*. This amount, if paid, will bring the instalments up to date.

5. The jetties are estimated to bring in a nett revenue of Rs. 4,251.

6. The total estimate of receipts is calculated to be Rs. 1,00,163 and that of expenditure Rs. 1,01,545. As there was an opening balance of Rs. 20,112 at the commencement of the year, the year is expected to close with a balance in hand of Rs. 18,730.

7. The Lieutenant-Governor sanctions the estimate of receipts and expenditure for the year 1901-1902 under section 69 of Act IV (B.C.) of 1887.

8. An abstract of the revised estimate for 1900-1901 and of the estimate for 1901-1902 is subjoined.

9. The financial position of the Trust this year shows an improvement as compared with that of previous years. The profits on account of the jetties are expected to increase, and it may be hoped that the receipts will in time give a fair return on the expenditure.

By order of the Lieutenant-Governor of Bengal,

R. B. BUCKLEY,
Secy. to the Govt. of Bengal.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

⌓, dew.
